merchandise subject to these Orders may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.25 is specifically excluded from these orders. Also specifically excluded from these Orders are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from these Orders. Low-melt PSF is defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component.

The merchandise subject to these Orders is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the Orders is dispositive.

Instructions to U.S. Customs and Border Protection

Because we determine that there are changed circumstances that warrant the revocation of the Orders, in part, we will instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping duties, and to refund any estimated antidumping duties, on all unliquidated entries of the merchandise covered by this partial revocation that are not covered by the final results and revocation, in part, and notice in accordance with sections 751(b) and 777(i) of the Act and 19 CFR 351.216, 19 CFR 351.221(c)(3), and 19 CFR 351.222.

Gary Tavenar,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Foreign-Trade Zone (FTZ) 7—Mayaguez, Puerto Rico: Notification of Proposed Production Activity: Lilly del Caribe, Inc.; (Pharmaceutical Products); Carolina, Puerto Rico

Lilly del Caribe, Inc. (Lilly del Caribe) submitted a notification of proposed production activity to the FTZ Board for its facility in Carolina, Puerto Rico. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 14, 2018.
Lilly del Caribe already has authority to produce the active ingredients hemalug, duloxetine, abemaciclib, and baricitinib within Subzone 7K. The current request would add a finished product and a foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and the specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.
Production under FTZ procedures could exempt Lilly del Caribe from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status material/component noted below and in the existing scope of authority, the company would be able to choose the duty rates during customs entry procedures that apply to: Finalized lasmiditan tablets (duty-free). Lilly del Caribe would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is: Lasmiditan hemisuccinate active ingredient (duty rate 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is June 27, 2018.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s website, which is accessible via www.trade.gov/ftz.
