

merchandise subject to these *Orders* may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.25 is specifically excluded from these orders. Also specifically excluded from these *Orders* are polyester staple fibers of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from these *Orders*. Low-melt PSF is defined as a bi-component polyester fiber having a polyester fiber component that melts at a lower temperature than the other polyester fiber component.

The merchandise subject to these *Orders* is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65.<sup>4</sup> Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the *Orders* is dispositive.

#### Instructions to U.S. Customs and Border Protection

Because we determine that there are changed circumstances that warrant the revocation of the *Orders*, in part, we will instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to antidumping duties, and to refund any estimated antidumping duties, on all unliquidated entries of the merchandise covered by this partial revocation that are not covered by the final results of an administrative review or automatic liquidation.<sup>5</sup>

#### Notification to Interested Parties

This notice serves as a reminder to parties subject to an administrative protective order (APO) of their

<sup>4</sup> These HTSUS numbers have been revised to reflect changes in the HTSUS numbers at the suffix level.

<sup>5</sup> The most recent administrative review of the Korea AD order was completed on August 2, 2017, and covered the period of review (POR) May 1, 2016 through April 30, 2017. See *Polyester Staple Fiber from the Republic of Korea: Rescission of Antidumping Duty Administrative Review; 2016–2017*, 82 FR 37052 (August 8, 2017) (which rescinds the review for the Korea AD order, A–580–839). For the Taiwan AD order, A–583–833, Commerce did not receive a request to conduct an administrative review for the POR May 1, 2016 through April 30, 2017. Commerce issued instructions to CBP on July 21, 2017, liquidating all entries for all firms for the POR. Therefore, the partial revocation for merchandise subject to the *Orders* will be applied retroactively to unliquidated entries of merchandise entered or withdrawn from warehouse, for consumption, on or after May 1, 2017.

responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and revocation, in part, and notice in accordance with sections 751(b) and 777(i) of the Act and 19 CFR 351.216, 19 CFR 351.221(c)(3), and 19 CFR 351.222.

Dated: May 11, 2018.

#### Gary Taverman,

*Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

### DEPARTMENT OF COMMERCE

#### Foreign-Trade Zones Board

[B–30–2018]

#### Foreign-Trade Zone (FTZ) 7— Mayaguez, Puerto Rico; Notification of Proposed Production Activity; Lilly del Caribe, Inc.; (Pharmaceutical Products); Carolina, Puerto Rico

Lilly del Caribe, Inc. (Lilly del Caribe) submitted a notification of proposed production activity to the FTZ Board for its facility in Carolina, Puerto Rico. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 14, 2018.

Lilly del Caribe already has authority to produce the active ingredients humalog, duloxetine, abemaciclib, and baricitinib within Subzone 7K. The current request would add a finished product and a foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and the specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Lilly del Caribe from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status material/component noted below and in the existing scope of authority, the company

would be able to choose the duty rates during customs entry procedures that apply to: Finished lasmiditan tablets (duty-free). Lilly del Caribe would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is: Lasmiditan hemisuccinate active ingredient (duty rate 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is **June 27, 2018**.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the "Reading Room" section of the Board's website, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

For further information, contact Christopher Wedderburn at [chris.wedderburn@trade.gov](mailto:chris.wedderburn@trade.gov) or (202) 482–1963.

Dated: May 15, 2018.

Andrew McGilvray,  
*Executive Secretary.*

#### International Trade Administration

[A–570–904]

#### Certain Activated Carbon From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2016–2017

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) preliminarily determines that Carbon Activated Tianjin Co., Ltd. (Carbon Activated) and Datong Juqiang Activated Carbon Co., Ltd. (Datong Juqiang), exporters of certain activated from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2016, through March 31, 2017. Interested parties are invited to comment on these preliminary results.

**DATES:** Applicable May 18, 2018.

**FOR FURTHER INFORMATION CONTACT:** John Anwesen or Jinny Ahn, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0131, or (202) 482-0339, respectively.

**SUPPLEMENTARY INFORMATION:**

**Scope of the Order**

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 3802.10.00.<sup>1</sup> Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.

**Background**

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this administrative review on June 7, 2017.<sup>2</sup> On November 6, 2017, Commerce extended the preliminary results deadline until April 30, 2018.<sup>3</sup> On January 23, 2018, Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from January 20 through 22, 2018.<sup>4</sup> The revised deadline for the preliminary results of this review is May 3, 2018.

**Preliminary Determination of No Shipments**

Based on our analysis of U.S. Customs and Border Protection (CBP) information, and the no shipment certifications submitted by Calgon Carbon (Tianjin) Co., Ltd., Datong Municipal Yunguang Activated Carbon Co., Ltd., Jilin Bright Future Chemicals Co., Ltd., Shanxi Dapu International Trade Co., Ltd., Shanxi Industry Technology Trading Co., Ltd., and Tianjin Channel Filters Co., Ltd., Commerce preliminarily determines that these companies had no shipments of subject merchandise during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Consistent with our practice in non-market economy (NME) cases, we are not rescinding this review, in part, but intend to complete the review with respect to these six companies, for which it has preliminarily found no shipments, and issue appropriate instructions to CBP based on the final results of the review.<sup>5</sup>

**Methodology**

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). We calculated constructed export prices and export prices in accordance with section 772 of the Act. Because China is an NME within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and it is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum is available at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

**Preliminary Results of the Review**

Commerce preliminarily finds that 16 companies for which a review was requested, and not rescinded, did not establish eligibility for a separate rate because they failed to provide either a separate rate application or separate rate certification. As such, we preliminarily determine that these 16 companies are part of the China-wide entity.<sup>6</sup>

For those companies that have established their eligibility for a separate rate,<sup>7</sup> Commerce preliminarily determines that the following weighted-average dumping margins exist for the POR:

| Exporter  | Weighted-average dumping margin (U.S. dollars per kilogram) <sup>8</sup> |
|---|--|
| Beijing Pacific Activated Carbon Products Co., Ltd .....    | 0.35   |
| Carbon Activated Tianjin Co., Ltd .....                     | 0.68   |
| Datong Juqiang Activated Carbon Co., Ltd .....              | 0.28   |
| Jacobi Carbons AB <sup>9</sup> .....                        | 0.35   |
| Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd ..... | 0.35   |
| Ningxia Huahui Activated Carbon Co., Ltd .....              | 0.35   |
| Ningxia Mineral & Chemical Limited .....                    | 0.35   |
| Shanxi Sincere Industrial Co., Ltd .....                    | 0.35   |

<sup>1</sup> For a complete description of the Scope of the Order, see Memorandum, "Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review: Certain Activated Carbon from the People's Republic of China: 2016-2017," dated May 3, 2018 (Preliminary Decision Memorandum) and hereby adopted by this notice.

<sup>2</sup> See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 82 FR 26444 (June 7, 2017) (*Initiation Notice*).

<sup>3</sup> See Memorandum, "Certain Activated Carbon from the People's Republic of China: Extension of Deadline for Preliminary Results of the Tenth Antidumping Duty Administrative Review," dated November 6, 2017.

<sup>4</sup> See Memorandum, "Deadlines Affected by the Shutdown of the Federal Government" (Tolling Memorandum), dated January 23, 2018. All deadlines in this segment of the proceeding have been extended by 3 days.

<sup>5</sup> See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694, 65694-95 (October 24, 2011).

<sup>6</sup> Because no interested party requested a review of the China-wide entity and Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the China-wide entity. Thus, the rate for the China-wide entity is not subject to change as a result of this review. See

*Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65969-70 (November 4, 2013). The China-wide entity rate of 2.42 U.S. dollars per kilogram was last reviewed in *Certain Activated Carbon from the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2012-2013*, 79 FR 70163 (November 25, 2014).

<sup>7</sup> See Preliminary Decision Memorandum.

## Disclosure and Public Comment

Commerce intends to disclose the calculations performed for these preliminary results to the parties no later than ten days after the date of the public announcement of this notice in accordance with 19 CFR 351.224(b). Pursuant to 19 CFR 351.309(c), interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the case briefs are filed.<sup>10</sup>

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain: (1) The party's name, address and telephone number; (2) the number of participants; and (3) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.<sup>11</sup> If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Ave. NW, Washington, DC 20230, at a date and time to be determined.<sup>12</sup> Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

<sup>8</sup> In the second administrative review of the *Order*, Commerce determined that it would calculate per-unit weighted-average dumping margins and assessment rates for all future reviews. See *Certain Activated Carbon from the People's Republic of China: Final Results and Partial Rescission of Second Antidumping Duty Administrative Review*, 75 FR 70208, 70211 (November 17, 2010). See also *Notice of Antidumping Duty Order: Certain Activated Carbon from the People's Republic of China*, 72 FR 20988 (April 27, 2007) (*Order*).

<sup>9</sup> In the third administrative review of the *Order*, Commerce found that Jacobi Carbons AB, Tianjin Jacobi International Trading Co. Ltd., and Jacobi Carbons Industry (Tianjin) are a single entity, and because there were no facts presented on the record of this review which would call into question our prior finding, we continue to treat these companies as part of a single entity for this administrative review, pursuant to sections 771(33)(E), (F), and (G) of the Act and 19 CFR 351.401(f). See *Certain Activated Carbon from the People's Republic of China: Final Results and Partial Rescission of Third Antidumping Duty Administrative Review*, 76 FR 67142, 67145, n.25 (October 31, 2011); see also Preliminary Decision Memorandum.

<sup>10</sup> See 19 CFR 351.309(d).

<sup>11</sup> See 19 CFR 351.310(c).

<sup>12</sup> See 19 CFR 351.310(d).

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by 5 p.m. Eastern Time (ET) on the due date. Documents excepted from the electronic submission requirements must be filed manually (e.g., in paper form) with the APO/ Dockets Unit in Room 18022 and stamped with the date and time of receipt by 5 p.m. ET on the due date.

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

## Assessment Rates

Upon issuance of the final results, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.<sup>13</sup> Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose (estimated) *ad valorem* weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total quantity of those sales, in accordance with 19 CFR 351.212(b)(1).<sup>14</sup> Commerce will also calculate (estimated) *ad valorem* importer-specific assessment rates with which to assess whether the per-unit assessment rate is *de minimis*.<sup>15</sup> We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-

<sup>13</sup> See 19 CFR 351.212(b)(1).

<sup>14</sup> In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

<sup>15</sup> For calculated (estimated) *ad valorem* importer-specific assessment rates used in determining whether the per-unit assessment rate is *de minimis*, see Memorandum, "Preliminary Results Margin Calculation for Datong Juqiang Activated Carbon Co., Ltd.; Antidumping Duty Administrative Review of Certain Activated Carbon the People's Republic of China," dated May 3, 2018 and Memorandum, "Preliminary Results Calculation Memorandum for Carbon Activated; Antidumping Duty Administrative Review of Certain Activated Carbon the People's Republic of China," dated May 3, 2018, and attached Margin Calculation Program Log and Outputs.

specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where either the respondent's *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,<sup>16</sup> we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.<sup>17</sup> Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (i.e., at that exporter's cash deposit rate) will be liquidated at the rate for the China-wide entity.<sup>18</sup>

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

## Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For each specific company listed in the final results of this review, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the *ad valorem* rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have received a separate rate in the completed segment of this proceeding for the most recent period, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received

<sup>16</sup> See 19 CFR 351.106(c)(2).

<sup>17</sup> *Id.*

<sup>18</sup> *Id.*

their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: May 3, 2018.

#### Gary Taverman,

*Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

RIN 0648-XG243

#### Endangered and Threatened Species; Take of Anadromous Fish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice. Applications for two new scientific research permits and one scientific research permit modification.

**SUMMARY:** Notice is hereby given that NMFS has received three scientific research permit application requests relating to Pacific salmon and steelhead. The proposed research is intended to increase knowledge of species listed under the Endangered Species Act (ESA) and to help guide management and conservation efforts. The applications may be viewed online at: [https://apps.nmfs.noaa.gov/preview/preview\\_open\\_for\\_comment.cfm](https://apps.nmfs.noaa.gov/preview/preview_open_for_comment.cfm).

**DATES:** Comments or requests for a public hearing on the applications must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific standard time on June 18, 2018.

**ADDRESSES:** Written comments on the applications should be sent to the Protected Resources Division, NMFS, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232-1274. Comments may also be sent via fax to 503-230-5441 or by email to [nmfs.nwr.apps@noaa.gov](mailto:nmfs.nwr.apps@noaa.gov) (include the permit number in the subject line of the fax or email).

**FOR FURTHER INFORMATION CONTACT:** Rob Clapp, Portland, OR (ph.: 503-231-2314), Fax: 503-230-5441, email: [Robert.Clapp@noaa.gov](mailto:Robert.Clapp@noaa.gov). Permit application instructions are available from the address above, or online at <https://apps.nmfs.noaa.gov>.

#### SUPPLEMENTARY INFORMATION:

##### Species Covered in This Notice

The following listed species are covered in this notice:

Chinook salmon (*Oncorhynchus tshawytscha*): Threatened Upper Willamette River (UWR).

Coho salmon (*O. kisutch*): Threatened Oregon Coast (OC).

Steelhead (*O. mykiss*): Threatened Lower Columbia River (LCR); threatened UWR.

#### Authority

Scientific research permits are issued in accordance with section 10(a)(1)(A)

of the ESA (16 U.S.C. 1531 *et seq.*) and regulations governing listed fish and wildlife permits (50 CFR parts 222-226). NMFS issues permits based on findings that such permits: (1) Are applied for in good faith; (2) if granted and exercised, would not operate to the disadvantage of the listed species that are the subject of the permit; and (3) are consistent with the purposes and policy of section 2 of the ESA. The authority to take listed species is subject to conditions set forth in the permits.

Anyone requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). Such hearings are held at the discretion of the Assistant Administrator for Fisheries, NMFS.

#### Applications Received

##### Permit 1135-10M

The United States Geological Survey (USGS) is seeking to modify a permit that currently authorizes them to take juvenile LCR steelhead in the Wind River subbasin (Washington). The permit would expire on December 31, 2021. The purpose of the study is to provide information on growth, survival, habitat use, and life histories of LCR steelhead. This information would improve understanding of habitat associations and life history strategies for LCR steelhead in the Wind River and that, in turn, would help state, tribal, and Federal efforts to restore LCR steelhead. This information would benefit LCR steelhead by improving our understanding of habitat associations and life history strategies in the Wind River. This new information would, in turn, help state, tribal, and Federal efforts to restore LCR steelhead.

The USGS proposes to capture juvenile LCR steelhead using backpack electrofishing equipment, hold the fish in aerated buckets, anesthetize them with MS-222, measure length and weight, tag age-0 and age-1 fish with passive integrated transponders (PIT-tags), and release all fish at the site of collection after they recover from anesthesia. The permit modification would not change the methods or scope of the ongoing research except to increase the take of juvenile LCR steelhead that are captured, handled, and then released without PIT-tagging from 2,500 to 4,500 fish annually. The USGS also requests to increase the unintentional mortalities authorized for fish that are released without PIT-tagging, from 75 to 135 fish annually. The USGS requests this increase in take because they captured unusually high
