SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the Business and Professional Classification Report survey to collect information from new businesses to obtain proper industry classification for use in economic surveys and the Economic Census. The survey, conducted quarterly, samples businesses with newly assigned Employer Identification Numbers (EINs) from the Internal Revenue Service (IRS). Businesses can only be selected once for the survey. The survey collects data about a business in such areas as: primary business activity, company structure, size, and business operations. This information is used to update the sampling frame for current business surveys, which ensures high quality economic estimates. Additionally, by ensuring proper industry classification, this survey reduces burden for the businesses in the five-year Economic Census, as the questions in the census are tailored to the industry in which the business operates. There are no major changes to this collection. Minimal changes will be made to the wording and organization of existing questions and instructions.

II. Method of Collection

We will collect this information over the internet and by telephone follow-up. Respondents will receive a letter directing them to the internet to report their information. After three weeks, respondents will receive a reminder letter about the survey. After the due date, the Census Bureau will conduct a telephone follow-up operation for nonresponse. Throughout the survey, telephone assistance is available for respondents with questions and for those that cannot report over the internet.

Bureau of Economic Analysis

Proposed Information Collection; Comment Request; Direct Investment Surveys: BE-11, Annual Survey of U.S. Direct Investment Abroad

AGENCY: Bureau of Economic Analysis, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before July 23, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230, or via email at PRAComments@doc.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Patricia Abaroa, Chief, Direct Investment Division (BE-49), Bureau of Economic Analysis, U.S. Department of Commerce, 4600 Silver Hill Rd, Washington, DC 20233; via phone at (301) 278-9591; or via email at Patricia.Abaroa@bea.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Annual Survey of U.S. Direct Investment Abroad (BE-11) obtains sample data on the financial structure and operations of U.S. parents and their foreign affiliates. The data are needed to provide reliable, useful, and timely measures of U.S. direct investment abroad to assess its impact on the U.S. and foreign economies. The sample data are used to derive universe estimates in nonbenchmark years from similar data reported in the BE-10, Benchmark Survey of U.S. Direct Investment Abroad, which is conducted every five years. The data collected include balance sheets; income statements; property, plant, and equipment; employment and employee compensation; merchandise trade; sales of goods and services; taxes; and research and development activity.

The Bureau of Economic Analysis (BEA) proposes to add one question to the BE-11 survey asking whether a recent Financial Accounting Standards Board (FASB) update on the treatment of leases affects the statistics collected on the survey.

II. Method of Collection

BEA contacts potential respondents by mail in March of each year; responses covering a reporting company's fiscal year ending during the previous calendar year are due by May 31. Reports are required from each U.S. person that has a direct and/or indirect ownership interest of at least 10 percent of the voting stock in an incorporated foreign business enterprise, or an equivalent interest in an unincorporated foreign business enterprise, and that meets the additional conditions detailed in the BE-11 forms and instructions. Entities required to report will be contacted individually by BEA. Entities not contacted by BEA have no reporting responsibilities.

BEA offers electronic filing through its eFile system for use in reporting on the BE-11 annual survey forms. In addition, BEA posts all its survey forms and reporting instructions on its website (www.bea.gov/dia). These may be downloaded, completed, printed, and submitted via fax or mail.

Potential respondents of the BE-11 are selected from those U.S. parents that reported owning foreign business enterprises in the 2014 BE-10, Benchmark Survey of U.S. Direct Investment Abroad, along with entities that subsequently entered the direct investment universe. The BE-11 is a sample survey; universe estimates are developed from the reported sample data.

III. Data

OMB Control Number: 0608-0053.

Form Number: BE-11.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 3,150 respondents (U.S. parents). A complete response includes a BE-11 A form for the U.S. parent's domestic operation and one or more BE-11 B, C, or D forms for its foreign affiliates that meet the BE-11 survey requirements. BEA estimates that U.S. parents will submit 3,150 A forms, 25,000 B forms, 1,500 C forms, 200 D forms, and 500 Claim for Exemption forms.

Estimated Total Annual Burden Hours: 325,750 hours. Total annual burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 7 hours for the A form, 12 hours for the B form, 2 hours for the C form, 1 hour for the D form, and 1 hour for the Claim for Exemption form.

Estimated Time per Respondent: 103.4 hours per respondent (325,750 hours/3,150 U.S. parents) is the average, but may vary considerably among respondents because of differences in company structure, complexity, and the number of foreign affiliates each U.S. parent must report.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Legal Authority: International Investment and Trade in Services Survey Act (P.L. 94-472, 22 U.S.C. 3101-3108, as amended).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of

the Agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
