BEA offers electronic filing through its eFile system for use in reporting on the BE–11 annual survey forms. In addition, BEA posts all its survey forms and reporting instructions on its website (www.bea.gov/dia). These may be downloaded, completed, printed, and submitted via fax or mail.

Potential respondents of the BE–11 are selected from those U.S. parents that reported owning foreign business enterprises in the 2014 BE–10, Benchmark Survey of U.S. Direct Investment Abroad, along with entities that subsequently entered the direct investment universe. The BE–11 is a sample survey; universe estimates are developed from the reported sample data.

III. Data

OMB Control Number: 0608–0053.

Form Number: BE–11.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 3,150 respondents (U.S. parents). A complete response includes a BE–11 A form for the U.S. parent’s domestic operation and one or more BE–11 B, C, or D forms for its foreign affiliates that meet the BE–11 survey requirements. BEA estimates that U.S. parents will submit 3,150 A forms, 25,000 B forms, 1,500 C forms, 200 D forms, and 500 Claim for Exemption forms.

Estimated Total Annual Burden Hours: 325,750 hours. Total annual burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 7 hours for the A form, 12 hours for the B form, 2 hours for the C form, 1 hour for the D form, and 1 hour for the Claim for Exemption form.

Estimated Time per Respondent: 103.4 hours per respondent (325,750 hours/3,150 U.S. parents) is the average, but may vary considerably among respondents because of differences in company structure, complexity, and the number of foreign affiliates each U.S. parent must report.

Estimated Total Annual Cost to Public: $0.

Respondent’s Obligation: Mandatory.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Shileen Dumas, Departmental Lead PRA Officer, Office of Chief Information Officer.

DEPARTMENT OF COMMERCE

Bureau of Economic Analysis

Proposed Information Collection; Comment Request; Direct Investment Surveys: BE–15, Annual Survey of Foreign Direct Investment in the United States

AGENCY: Bureau of Economic Analysis, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before July 23, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230, or via email at PRACOMMENTS@doc.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Patricia Abaroa, Chief, Direct Investment Division (BE–49), Bureau of Economic Analysis, U.S. Department of Commerce, 4600 Silver Hill Rd, Washington, DC 20233; or via email at Patricia.Abaroa@bea.gov.

SUPPLEMENTARY INFORMATION:
I. Abstract

The Annual Survey of Foreign Direct Investment in the United States (BE–15) obtains sample data on the financial structure and operations of foreign-owned U.S. business enterprises. The data are needed to provide reliable, useful, and timely measures of foreign direct investment in the United States to assess its impact on the U.S. economy. The sample data are used to derive universe estimates in nonbenchmark years from similar data reported in the BE–12 benchmark survey, which is conducted every five years. The data collected include balance sheets; income statements; property, plant, and equipment; employment and employee compensation; merchandise trade; sales of goods and services; taxes; and research and development activity for the U.S. operations. In addition to these national data, several data items are collected by state, including employment and property, plant, and equipment.

The survey, as proposed, incorporates two changes that were made to the 2017 BE–12, Benchmark Survey of Foreign Direct Investment in the United States and seven new proposed changes. The following two questions that were added to the 2017 benchmark survey will be added to the BE–15 survey:

1. A question on the BE–15A form asking whether a recent Financial Accounting Standards Board (FASB) update on the treatment of leases affected the statistics collected on the survey; the question will also collect information to measure the impact on the respondent’s reported data; and
2. A question on the BE–15C form to collect the state in which each affiliate is located, improving estimation of employment and property, plant, and equipment by location for smaller entities reporting on this abbreviated form.

Other proposed changes are:

1. The balance sheet and income statement sections will be modified to separately collect the investment in and income from (a) “unconsolidated U.S. affiliates” and (b) “foreign entities,” which are currently collected together on the BE–15A form. This will assist in ensuring complete coverage of unconsolidated U.S. affiliates and in better aligning the BE–15 survey data with other direct investment surveys.
2. A question will be added to collect the city of each foreign parent and ultimate beneficial owner (UBO) on all forms. This will be used to validate the countries of foreign investors and provide additional information on the location of investors.

BEA offers electronic filing through its eFile system for use in reporting on the BE–15 annual survey forms. In addition, BEA posts all its survey forms and reporting instructions on its website (www.bea.gov/fdi). These may be downloaded, completed, printed, and submitted via fax or mail.

Potential respondents of the BE–15 are selected from those U.S. business enterprises that were required to report on the 2017 BE–12, Benchmark Survey of Foreign Direct Investment in the United States, along with those U.S. business enterprises that subsequently entered the direct investment universe. The BE–15 is a sample survey; universe estimates are developed from the reported sample data.

III. Data

OMB Control Number: 0608–0034.
Form Number: BE–15.
Type of Review: Regular submission.
Affected Public: Business or other for-profit organizations.
Estimated Number of Respondents: 5,700 annually, of which approximately 2,300 file A forms, 1,600 file B forms, 1,300 file C forms, and 500 file Claim for Exemption forms.
Estimated Total Annual Burden Hours: 112,350 hours. Total annual burden is calculated by multiplying the estimated number of submissions of each form by the average hourly burden per form, which is 44.75 hours for the A form, 37.75 hours for the B form, 22.25 hours for the C form, and 1 hour for the Claim for Exemption form.
Estimated Time per Respondent: 19.7 hours per respondent (112,350 hours/5,700 respondents) is the average, but may vary considerably among respondents because of differences in company size and complexity.
Estimated Total Annual Cost to Public: $0.
Respondent’s Obligation: Mandatory.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected and (d) ways to minimize the burden of the collection of information on respondents, including through the
use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

DEPARTMENT OF COMMERCE
International Trade Administration

Stainless Steel Bar From Brazil: Final Results of Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 1, 2018, the Department of Commerce (Commerce) published the preliminary results of the administrative review of the antidumping duty order on stainless steel bar (SSB) from Brazil. The period of review (POR) is February 1, 2016, through January 31, 2017. For the final results of this review, we continue to find that Villares Metals S.A. (Villares) has not made sales of subject merchandise at less than normal value during the POR.

SUPPLEMENTARY INFORMATION:

Background

On March 1, 2018, Commerce published the Preliminary Results of the administrative review of the antidumping duty order on SSB from Brazil.1 The administrative review covers one producer/exporter of the subject merchandise, Villares. We gave interested parties an opportunity to comment on the Preliminary Results. We received no comments. Hence, these final results are unchanged from the Preliminary Results. Commerce conducted this review in accordance with section 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is SSB. The term SSB with respect to the order means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, oval, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process. Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (i.e., cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (i.e., cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to the order is currently classifiable under subheadings 7222.10.00, 7222.11.00, 7222.20.00, 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of the Administrative Review

We determine that a weighted-average dumping margin of 0.00 percent exists for Villares for the period of February 1, 2016, through January 31, 2017.

Assessment

In accordance with section 751(a)(2)(C) of the Act, 19 CFR 351.212(b)(1) and the Final Modification,2 Commerce will instruct U.S. Customs and Border Protection (CBP) to liquidate all appropriate entries for Villares without regard to antidumping duties.

For entries of subject merchandise during the POR produced by Villares for

2 See Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Duty Proceedings; Final Modification, 77 FR 8101, 8102 (February 14, 2012) (Final Modification).
