F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have made a determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This action is categorically excluded from further review, under figure 2-1, paragraph (32)(e), of the Instruction. A Record of Environmental Consideration and a Memorandum for the Record are not required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

II. Background Information and Regulatory History

On March 1, 2018, the Coast Guard was notified of fireworks events planned for May 24, 25, 26, and 27, 2018. In response, on May 2, 2018, the Coast Guard published a notice of proposed rulemaking (NPRM) titled Safety Zone; Fireworks, Delaware River, Philadelphia, PA (83 FR 19189). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this fireworks display. During the comment period that ended May 9, 2018, we received no comments.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because the safety zone needs to be established prior to May 24, 2018.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The COTP Delaware Bay has determined that potential hazards associated with the fireworks to be used in fireworks displays from May 24 through May 27, 2018 will be a safety concern for anyone within the area defined later in this document. The purpose of this rule is to

ensure safety of vessels and the navigable waters in the safety zone before, during, and after the scheduled event.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published May 2, 2018. There are no changes in the regulatory text of this rule from the proposed rule in the NPRM.

This rule establishes a safety zone on the Delaware River adjacent to Penns Landing in Philadelphia, PA, May 24, 2018, through May 27, 2018. The safety zone will be enforced from approximately 8 p.m. to 11 p.m. on nights on which fireworks are being displayed from a barge in the Delaware River. These fireworks displays may be held on May 24th, 25th, 26th, and 27th, or on only some of these dates. Notification of enforcement dates and times will be published in the Coast Guard District 5 Local Notice to Mariners and broadcast via Broadcast Notice to Mariners. The safety zone will include all navigable waters of Delaware River, adjacent to Penns Landing, Philadelphia, PA, bounded from shoreline to shoreline, bounded on the south by a line running east to west from points along the shoreline connecting at latitude 39°56'31.2" N, longitude 075°08'28.1" W; thence westward to latitude 39°56'29".1 N, longitude 075°07'56.5" W, and bounded on the north by the southern edge of the Benjamin Franklin Bridge where it crosses the Delaware River.

Access to this safety zone will be restricted during the specified enforcement dates and time periods. Vessels may not take on bunkers or conduct lightering operations inside the zone during times of enforcement. Only vessels or persons specifically authorized by the COTP Delaware Bay or designated representative may enter or remain in the regulated area. Requests to enter or remain in the zone will be required to be submitted to the COTP Delaware Bay, or his designated representative via VHF-FM channel 16
