We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of Reclamation; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might Reclamation enhance the quality, utility, and clarity of the information to be collected; and (5) how might Reclamation minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Abstract: The Bureau of Reclamation is responsible for recreation development at many of its reservoirs. Presently, there are more than 200 designated recreation areas on our lands within the 17 Western States hosting approximately 30 million visitors annually. As a result, we must be able to respond to emerging trends, changes in the demographic profile of users, changing values, needs, wants and desires, and conflicts between user groups. Statistically valid and up-to-date data derived from the user is essential to developing and providing recreation programs relevant to today's visitor. Reclamation is requesting re-approval for the collection of data from recreational users on Reclamation lands and waterbodies. To meet our needs for the collection of visitor use data, we will be requesting OMB to authorize a two-part request: Survey questions for our regional offices to choose from, and a survey form template. This will allow for a custom designed survey instrument to fit a specific activity or recreation site. The custom designed survey would be created by extracting questions from the approved list of survey questions that are applicable to the recreation area and issue being evaluated. Only questions included in the pre-approved list of survey questions will be used.

Title of Collection: Recreation Survey Questions.

OMB Control Number: 1006-0028.

Form Number: 7-25XX, Recreation Survey Template.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Respondents to the surveys will be members of the public engaged in recreational activities on Reclamation lands and waterbodies. Visitors will primarily consist of local residents, people from large metropolitan areas in the vicinity of the lake/river, and visitors from out of state.

Total Estimated Number of Annual Respondents: 696.

Total Estimated Number of Responses per Respondent: 1.

Total Estimated Number of Annual Responses: 696.

Estimated Completion Time per Response: 15 minutes per survey (an average of 20 questions will be used on each survey; each question will take approximately 45 seconds to complete on average).

Total Estimated Number of Annual Burden Hours: 140.

Respondent's Obligation: Voluntary.
Frequency of Collection: Twice annually.

Total Estimated Annual Nonhour Burden Cost: 0.

It is estimated that there will be a total of 140 out of the 696 contacts that choose not to respond to the survey. These non-respondents account for a total of 1 burden hour per year.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: April 24, 2018.

Carl A. Durrett II,

Acting Director, Policy and Administration.

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission ("Commission") determines, pursuant to the Tariff Act of 1930 ("the Act"), that an industry in the United States is materially injured by imports of tool chests and cabinets from China and Vietnam, provided for in subheadings 7326.90.35, 7326.90.86, and 9403.20.00 of the Harmonized Tariff Schedule of the United States that have been found by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV").^{2 3}

Background

The Commission, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), instituted these investigations effective April 11, 2017, following receipt of a petition filed with the Commission and Commerce by Waterloo Industries Inc., Sedalia, Missouri. Effective September 15, 2017, the Commission established a

general schedule for the conduct of the final phase of its investigations on tool chests and cabinets, following a preliminary determination by Commerce that imports of the subject merchandise were subsidized by the government of China. Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of September 25, 2017 (82 FR 44657). The hearing was held in Washington, DC, on November 28, 2018, and all persons who requested the opportunity were permitted to appear in person or by counsel. Following notification of final determinations by Commerce that imports of tool chests and cabinets from China and Vietnam were being sold at LTFV within the meaning of section 735(b) of the Act (19 U.S.C. 1673d(a)), notice of the supplemental scheduling of the final phase of the Commission's antidumping duty investigations was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of April 10, 2018 (83 FR 15361-68).

The Commission made these determinations pursuant to section 735(b) of the Act (19 U.S.C. 1673d (b)). It completed and filed its determinations in these investigations on May 24, 2018.
