Notice of Intent To Prepare an Environmental Impact Statement for Construction and Operation of a Homeland Defense Radar in Hawaii

AGENCY: Missile Defense Agency, Department of Defense.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Missile Defense Agency (MDA) announces its intention to prepare an Environmental Impact Statement (EIS) in accordance with the National Environmental Policy Act (NEPA) of 1969 and the Council on Environmental Quality Regulations for implementing the procedural provisions of NEPA. MDA is proposing to construct and operate a Homeland Defense Radar-Hawaii or HDR-H (a radar to identify, track, and classify long-range ballistic missile threats in mid-course flight), an In-Flight Interceptor Communication System Data Terminal or IDT (a facility that provides communication (incorporating data provided by HDR-H) between the Ground-Based Midcourse Defense fire control system and the interceptor that are both stationed elsewhere), and associated support facilities and infrastructure on the island of Oahu, Hawaii. The 2017 National Defense Authorization Act requires the MDA to develop a plan to procure and field a "discrimination radar" to improve the defense of Hawaii from ballistic missile threats. MDA is preparing the EIS to evaluate the potential environmental impacts that could result from the construction and operation of the HDR-H. The Department of Defense has not made a decision concerning the location of
