

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

#### *B. Submission to Congress and the Comptroller General*

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

#### *C. Petitions for Judicial Review*

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 6, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action.

This action, approving Pennsylvania’s certification that its SIP-approved emissions statement regulation meets the emissions statement requirement of section 182(a)(3)(B) of the CAA for the 2008 ozone NAAQS, may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

[EPA–R09–OAR–2018–0120; FRL–9978–18–Region 9]

#### **Approval of California Air Plan Revisions; Butte County Air Quality Management District; Stationary Source Permits**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve a revision to the Butte County Air Quality Management District

(BCAQMD) portion of the California State Implementation Plan (SIP). This revision concerns the District’s New Source Review (NSR) permitting program for new and modified sources of air pollution. We are approving a local rule under the Clean Air Act (CAA or the Act).

**DATES:** This rule will be effective on July 6, 2018.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2018–0120. All documents in the docket are listed on the <http://www.regulations.gov> web site. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form.

Publicly available docket materials are available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

**FOR FURTHER INFORMATION CONTACT:** T. Khoi Nguyen, EPA Region IX, (415) 947–4120, [nguyen.thien@epa.gov](mailto:nguyen.thien@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document, “we,” “us” and “our” refer to the EPA.

#### **Table of Contents**

- I. Proposed Action
- II. Public Comments and EPA Responses
- III. EPA Action
- IV. Incorporation by Reference
- V. Statutory and Executive Order Reviews

#### **I. Proposed Action**

On March 23, 2018, the EPA proposed an approval of Rule 432—Federal New Source Review (FNSR), as noted in Table 1, submitted by the California Air

Resources Board (CARB) for incorporation into the BCAQMD portion of the California SIP. 83 FR 12694. Table

1 also lists the dates the rule was adopted by the BCAQMD and submitted

by CARB, which is the governor's designee for California SIP submittals.

TABLE 1—SUBMITTED NSR RULE

Local agency	Rule No.	Rule title	Amended	Submitted
BCAQMD .....	432	Federal New Source Review (FNSR) .....	3/23/17	6/12/17

We proposed to approve this rule because we determined that it complies with the relevant CAA requirements. The rule was amended to correct a previously identified deficiency from the limited disapproval of the rule on December 22, 2016. 81 FR 93820. The deficiency identified in the limited disapproval was that ammonia was not regulated as a PM<sub>2.5</sub> precursor in the rule. We are now approving Rule 432 as amended by the District because it satisfies all of the statutory and regulatory requirements for a nonattainment NSR permit program as set forth in the applicable provisions of part D of title I of the Act (sections 172, 173 and 182(a)) and in 40 CFR 51.165 and 40 CFR 51.307 and now satisfies 40 CFR 51.165(a)(13)'s requirements for regulation of PM<sub>2.5</sub> precursors as it pertains to ammonia. Our proposed action contains more information on the rule and our evaluation.

## II. Public Comments and EPA Responses

The EPA's proposed action provided a 30-day public comment period. During this period, we received six comments. However, none of the comments were relevant to the proposed action. The comments have been added to the docket for this action and are accessible at [www.regulations.gov](http://www.regulations.gov).

## III. EPA Action

No comments were submitted that change our assessment of the rule as described in our proposed action. Therefore, as authorized in section 110(k)(3) of the Act, the EPA is fully approving this rule into the California SIP.

## IV. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the BCAQMD rules described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region IX Office (please

contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

## V. Statutory and Executive Order Reviews

Under the CAA, the EPA Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 3, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National

Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by August 6, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. (See CAA section 307(b)(2).)

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: May 8, 2018.

**Alexis Strauss,**  
*Acting Regional Administrator, Region IX.*

Part 52, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ 1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart F—California**

■ 2. Section 52.220 is amended by adding paragraphs (c)(457)(i)(C)(6) and (c)(504) to read as follows:

**§ 52.220 Identification of plan-in part.**

\* \* \* \* \*

(c) \* \* \*

(457) \* \* \*

(i) \* \* \*

(C) \* \* \*

(6) Previously approved on December 22, 2016, in paragraph (c)(457)(i)(C)(4) of this section and now deleted with replacement in paragraph (c)(504)(i)(A)(1) of this section, Rule 432, “Federal New Source Review” amended on April 24, 2014.

\* \* \* \* \*

(504) The following amended regulations were submitted on June 12, 2017, by the Governor’s designee.

(i) Incorporation by reference.

(A) Butte County Air Quality Management District.

(1) Rule 432, “Federal New Source Review,” amended on March 23, 2017.
