SUMMARY: The Federal Emergency Management Agency (FEMA) is withdrawing its proposed rule concerning proposed flood elevation determinations for Assumption Parish, Louisiana and Incorporated Areas.

DATES: The proposed rule is withdrawn as of June 14, 2018.

ADDRESSES: You may submit comments, identified by Docket No. FEMA–B–1085, to Rick Sachibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sachibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sachibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sachibit@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: On February 5, 2010, FEMA published a proposed rule at 75 FR 5915, proposing flood elevation determinations along one or more flooding sources in Assumption Parish, Louisiana and Incorporated Areas. FEMA is withdrawing the proposed rule.

Proposed Flood Elevation Determinations for Iron County, Utah and Incorporated Areas

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; withdrawal.

SUMMARY: The Federal Emergency Management Agency (FEMA) is withdrawing its proposed rule concerning proposed flood elevation determinations for Iron County, Utah and Incorporated Areas.

DATES: The proposed rule is withdrawn as of June 14, 2018.

ADDRESSES: You may submit comments, identified by Docket No. FEMA–B–1222 to Rick Sachibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sachibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sachibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sachibit@fema.dhs.gov.

FEDERAL COMMUNICATIONS COMMISSION

[WC Docket No. 10–90, 14–58, 07–135 and CC Docket No. 01–92; Report No. 3091]

Petitions for Reconsideration of Action in Rulemaking Proceeding

AGENCY: Federal Communications Commission.

ACTION: Petitions for Reconsideration.

SUMMARY: Petitions for Reconsideration (Petitions) have been filed in the Commission’s rulemaking proceeding by James M. Gleason, on behalf of Clarity Telecom, LLC d/b/a Vast Broadband, Kevin Pyle, on behalf Hamilton County Telephone Co-op and Ronald T. Hinds, on behalf Grand River Mutual Telephone Corporation.

DATES: Oppositors to the Petition must be filed on or before June 29, 2018. Replies to an opposition must be filed on or before June 25, 2018.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s document, Report No. 3091, released June 5, 2018. The full text of the Petitions is available for viewing and copying at the FCC Reference Information Center, 445 12th Street SW, Room CY–A257, Washington, DC 20554.
It also may be accessed online via the Commission’s Electronic Comment Filing System at: http://apps.fcc.gov/ecfs/. The Commission will not send a Congressional Review Act (CRA) submission to Congress or the Government Accountability Office pursuant to the CRA, 5 U.S.C. because no rules are being adopted by the Commission.

Subject: Connect America Fund, ETC Annual Reports and Certifications, Establishing Just and Reasonable Rates for Local Exchange Carriers, Developing a Unified Intercarrier Compensation, Report and Order and Third Order on Reconsideration, FCC 18–29, published at 83 FR 18951, May 1, 2018, in WC Docket Nos. 10–90, 14–58, 07–135 and CC Docket No. 01–92. This document is being published pursuant to 47 CFR 1.429(e). See also 47 CFR 1.4(b)(1) and 1.429(f), (g).

Number of Petitions Filed: 3.

Federal Communications Commission.

Atlantic Coastal Fisheries Cooperative Management Act Provisions; American Lobster Fishery; Consideration of Expanded Harvester and Biological Sampling Requirements for American Lobster

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Advance notice of proposed rulemaking (ANPR); request for comments.

SUMMARY: This notice announces that NMFS intends to consider expanded harvester reporting requirements for the American lobster fishery as recommended by the Atlantic States Marine Fisheries Commission and is soliciting comments. The expanded requirements would be intended to improve the data available to enhance lobster stock assessments, evaluate the co-occurrence of fixed-gear fisheries with large whales, and estimate the economic impacts of offshore energy projects and other marine activities on the fishing industry. We may combine this action with an ongoing rulemaking that considers trap caps and ownership limits for the lobster fishery. The intent is to address the harvester reporting as soon as practicable, as recommended by the Atlantic States Marine Fisheries Commission.

DATES: We must receive written comments on or before July 16, 2018.

ADDRESSES: You may submit comments on this document, identified by NOAA–NMFS–2013–0169 by any of the following methods:

- Electronic Submission: Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/docketDetail;D=NOAA-NMFS-2013-0169, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.
- Mail: Submit written comments to Michael Pentony, Regional Administrator, National Marine Fisheries Service, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope, “Comments on Lobster Harvester Reporting.”

Instructions: Comments must be submitted by one of the above methods to ensure that the comments are received, documented, and considered by NMFS. We may not consider comments sent by any other method, to any other address or individual, or received after the end of the comment period. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.) submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information, or otherwise sensitive or protected information. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous). We accept attachments to electronic comments only in Microsoft Word or Excel, WordPerfect, or Adobe PDF file formats.

SUPPLEMENTARY INFORMATION:

Background

NMFS works cooperatively with the states to conserve the American lobster resource within the framework of the Atlantic States Marine Fisheries Commission’s Interstate Fishery Management Plan for American Lobster (ISFMP). Through the ISFMP, the Commission adopts fishery conservation and management strategies for the lobster resource and coordinates the efforts of the states and NMFS to implement these strategies.

In February 2018, the Commission approved Addendum XXVI. The intent of Addendum XXVI is to expand lobster harvester reporting requirements, enhance the spatial and effort data collections, and improve the amount and type of biological data collected in the offshore trap fishery. Given the offshore expansion of lobster trap effort in recent years, the Commission developed this addendum to address data gaps due to inconsistent reporting and data collection requirements across state agencies and imposed in Federal waters by NMFS.

The addendum also serves to complement the Commission’s Jonah crab management program as Addendum III to the Jonah Crab ISFMP. NMFS is currently in rulemaking to consider adopting management measures for the Jonah crab fishery, which could include the harvester reporting and other data collection elements of the addendum.

Addendum XXVI recommends that we require all Federal lobster permit holders to submit trip-level catch reports. Approximately 60 percent of all Federal lobster permit holders are currently required to submit a trip-level catch report. Federal reporting requirements are limited to those Federal lobster permit holders who also hold another Federal fishery permit with a reporting requirement. The new addendum also extends the 100-percent reporting requirement to the State of Maine, which currently requires about 10 percent of state lobster licenses to report their catch. All other lobster-producing states require all of their harvesters to report their catch. The Commission requested that we implement the mandatory trip-level harvester reporting requirement as soon as practicable. Consequently, we propose to combine the harvester reporting action with the ongoing actions for Addenda XXI and XXII and consolidate them into a single rulemaking action. Focused primarily on lobster conservation management areas (LCMAs) 2 and 3, these two addenda recommended modifications to the trap transfer program and trap caps in these LCMAs.

Addendum XXVI also recommends that we develop a fixed-gear catch report with expanded data elements, including a recommendation to require harvesters to report their fishing locations down to the 10-minute square to provide more
