**Notice of Lodging of Proposed Consent Decree Under the Clean Air Act**

On June 6, 2018, the Department of Justice filed a Complaint and concurrently lodged a proposed Consent Decree to resolve claims by the United States and the State of West Virginia against Defendant Felman Production, LLC for violations of the Clean Air Act, specifically the National Emission Standards for Hazardous Air Pollutants for Ferroalloys Production as codified at 40 CFR part 63, subpart XXX, effective May 20, 1999, as amended on March 22, 2001, as well as West Virginia's State Implementation Plan and Defendant's Title V Permit. The Complaint alleges that Defendant failed to comply with opacity standards, performance testing and monitoring requirements, and good air pollution control practices at its silicomanganese facility in Letart, West Virginia. The proposed Consent Decree addresses the alleged violations by requiring Defendant to install pollution-control measures, conduct additional monitoring for pollution, and pay a \$200,000 civil penalty, equal shares of which are allocated between the United States and the State of West Virginia.
