DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act; and Federal Debt Collection Procedures Act

On January 10, 2018, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Central District of California in the lawsuit entitled *United States and California Department of Toxic Substances Control v. Jervis B. Webb Company and Jervis B. Webb Company of California*, Civil Action No. 2:18-cv-234-ODW-JEM.

The United States and the California Department of Toxic Substances Control filed this lawsuit asserting a claim under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) against the Jervis B. Webb Company of California (Webb-Cal) to recover costs incurred and to be incurred by the United States and the State of California in response to releases of hazardous substances at the Jervis Webb Superfund Site in South Gate, California (the “Site”). The United States also asserted a claim against the Jervis B. Webb Company (JBW), parent company of Webb-Cal, under the Federal Debt Collections Procedures Act (“FDCPA”) to recover assets transferred by Webb-Cal to JBW at a time when Webb-Cal was insolvent and indebted to the United States under CERCLA. Under the proposed Consent Decree, JBW will pay \$3.45 million to the United States to resolve the claims of the United States. In exchange for this payment,

both JBW and Webb-Cal will receive site-wide covenants not to sue and contribution protection under CERCLA, and JBW will receive a covenant not to sue for fraudulent conveyance under the FDCPA. Under this Consent Decree, California DTSC will receive \$50,000 from JBW to resolve its claim under CERCLA against Webb-Cal.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and California Department of Toxic Substances Control v. Jervis B. Webb Company and Jervis B. Webb Company of California*, D.J. Ref. No. 90-11-3-10965. All comments must be submitted no later than thirty (30) days after the publication date of this notice. MERIT SYSTEMS PROTECTION BOARD

Agency Information Collection Activities: Proposed Collection; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Merit Systems Protection Board.

ACTION: Notice and request for comments.

SUMMARY: The Merit Systems Protection Board (MSPB), as part of its continuing effort to reduce paperwork and respondent burden, is planning to submit an Information Collection Request (ICR) to the Office of Management and Budget (OMB), entitled: "Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" and identified by OMB Control No. 3124-0015, as required by the Paperwork Reduction Act of 1995 (PRA). This collection was developed as part of a Federal Government-wide effort to streamline the process for seeking feedback from the public on service delivery. MSPB is soliciting comments on this extension, without change, of a previously approved collection set to expire on April 30, 2018. The purpose of this notice is to allow 60 days for public comment preceding submission of the collection to the OMB.

DATES: Consideration will be given to all comments received by March 20, 2018.

ADDRESSES: Submit comments by using only one of the following methods:

- (1) *Email.* Submit comments to mspb@mspb.gov.
- (2) *Mail.* Submit comments to Jennifer Everling, Acting Clerk of the Board, Merit Systems Protection Board, 1615 M Street NW, Washington, DC 20419.
- (3) *Fax.* Submit comments to (202) 653-7130.

All comments must reference OMB Control No. 3124-0015. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to MSPB's website (www.mspb.gov) and will include any personal information you provide. Therefore, submitting this information makes it public.

FOR FURTHER INFORMATION CONTACT: Jennifer Everling, Acting Clerk of the Board, Merit Systems Protection Board, 1615 M Street NW, Washington, DC 20419; phone: (202) 653-7200; fax: (202) 653-7130; or email: mspb@mspb.gov. You may contact the Office of the Clerk of the Board for copies of the proposed collection of information at: mspb@mspb.gov.

SUPPLEMENTARY INFORMATION:

The proposed information collection activity provides a means to obtain qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with MSPB's commitment to improving service delivery. Qualitative feedback is information that provides useful insights on perceptions and opinions, but are not statistical surveys that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between MSPB and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on MSPB's services will be unavailable.

The MSPB will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of MSPB;
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: 3124-0015.

Type of Information Collection: Extension, without change, of a currently approved information collection.

ICR Status: This ICR is currently scheduled to expire on April 30, 2018. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number.

Abstract of Proposed Collection: This collection is part of a Federal
