**Public Notice; Records Governing Off-the-Record Communications**

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the

document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

[Docket No. IC18-5-000]

**Corrected Errata Notice**

**AGENCY:** Federal Energy Regulatory Commission, DOE.

**ACTION:** Corrected errata and comment request.

**SUMMARY:** In compliance with the requirements of the Paperwork Reduction Act (PRA) of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is submitting the information collections FERC-917 (Non-discriminatory Open Access Transmission Tariff) and FERC-918 (Information to be posted on OASIS & Auditing Transmission Service Information) to the Office of Management and Budget (OMB) for review of the information collection requirements. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The Commission published 60-day and 30-day notices (in the **Federal Register** on February 6, 2018, and May 9, 2018, respectively), for the renewal of the FERC-917 and FERC-918 information collections. Both

notices requested comments on FERC-917 and FERC-918 and indicated the Commission will submit the information collections to the Office of Management and Budget (OMB) for review. The cost information was inadvertently omitted from the Notices. Due to this oversight, we provided an additional 15 days for comments, which are due June 27, 2018. In addition, some figures included in the Errata Notice (published in the **Federal Register** on June 12, 2018) are being corrected in this Notice. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. (There are no changes to the information collections.)

**DATES:** Comments on the collections of information are due by June 27, 2018.

**ADDRESSES:** Comments filed with OMB, identified by the OMB Control No. 1902-0233 (FERC-917 and FERC-918) should be sent via email to the Office of Information and Regulatory Affairs: [oir\\_submission@omb.gov](mailto:oir_submission@omb.gov), Attention: Federal Energy Regulatory Commission Desk Officer.

A copy of the comments should also be sent to the Federal Energy Regulatory Commission, identified by the Docket No. IC18-5-000, by one of the following methods:

- *eFiling at Commission's website:* <http://www.ferc.gov/docs-filing/efiling.asp>.
- *Mail/Hand Delivery/Courier:* Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE, Washington, DC 20426.

**Docket:** Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at <http://www.ferc.gov/docs-filing/docs-filing.asp>.

**FOR FURTHER INFORMATION:** Ellen Brown may be reached by email at [DataClearance@FERC.gov](mailto:DataClearance@FERC.gov), by telephone at (202) 502-8663, and by fax at (202) 273-0873.

**SUPPLEMENTARY INFORMATION:**

**Title:** FERC-917 (Non-discriminatory Open Access Transmission Tariff) and FERC-918 (Information to be Posted on OASIS & Auditing Transmission Service Information).

**OMB Control No.:** 1902-0233.

**Type of Request:** Three-year extension of the FERC-917 and FERC-918 information collection requirements with no changes to the reporting requirements.

**Type of Respondents:** Public Utilities transmission providers.

**Estimate of Annual Burden:** This Errata Notice adds the missing cost data and corrects other figures.

The corrected table follows.<sup>1</sup>

<sup>1</sup> The zeroes for respondents and responses are based on having no filings of this type over the past four years. In addition, we estimate no filings during the next three years. The requirements remain in the regulations and are included as part of the OMB Control Number.
