The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified date(s). Protests may be considered, but intervention is

⁵ Each RTO/ISO is estimated to make one and a half changes yearly. To be consistent with the formulation that the submissions over the course of a year constitute a single response and for the purpose of this calculation, we are assuming that each response requires one and a half changes over the course of the year and estimating burden accordingly.

⁶ Changes to the delivered data require a database administrator (code 15-1141), legal review (code 23-0000), and executive review (code 11-1000). The hourly costs (wages plus benefits) are \$65.07,

necessary to become a party to the proceeding.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0207, OMB 3060-0233]

Information Collections Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection.

\$143.68, and \$96.68, respectively. We weighted the hourly cost figure to account for the fraction of time for each skill set per response, and used an estimate of ¾, ¼, and ¼ respectively. We used the following formula for the weighted hourly cost figure: \$65.07 (0.75) + \$143.68 (0.125) + \$96.68 (0.125) = \$78.85 (rounded).

We estimate the total time required per change to be 320 hours. Because a response encompasses one year where there are, on average, 1.5 changes, the total time per response is 480 hours (1.5 * 320 hours).
