

include the preservation of a portion of the project site for the California tiger salamander in and around the area of the former stock pond; however, this would potentially increase the likelihood of the area to function as a population sink, primarily due to the loss of suitable upland habitat in the immediate vicinity. The biological resource impacts under this alternative would be similar to and potentially more significant than those identified under the proposed project.

Public Comments

If you wish to comment on this notice, the EA, and HCP, you may submit comments by any one of the methods in **ADDRESSES**.

Public Availability of Comments

Before including your address, phone number, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—might be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Next Steps

Issuance of an incidental take permit is a Federal proposed action subject to compliance with NEPA. We will evaluate the application, associated documents, and any public comments we receive to determine whether the application meets the requirements of NEPA regulations and section 10(a) of the Act. If we determine that those requirements are met, we will issue a permit to the applicant for the incidental take of the Covered Species. We will make our final permit decision no sooner than 30 days after the public comment period closes.

Authority

We publish this notice under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321–4347 *et seq.*; NEPA), and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1500–1508, as well as in compliance with section 10(c) of the Endangered Species Act (16 U.S.C. 1531–1544 *et seq.*; Act).
