

The RDI is a legal document through which the BLM disclaims the United States' interest in or ownership of specified lands, but the disclaimer does not grant, convey, transfer, or renounce any title or interest in the lands, nor does it release any tax, judgment, or lien. This Notice of Application for a RDI is to inform the public of the pending application and the State of Alaska's supporting evidence, as well as to provide the opportunity to comment or provide additional information to the BLM.

The BLM will not make a final decision on the merits of the State's application before September 18, 2018.

During this 90-day period, interested parties may comment on the State's application, AA-94268, and supporting evidence. Interested parties may also comment on the BLM's draft "Summary Report on Federal Interest in Lands underlying the Taku River in Alaska" for the State's application for the RDI, which is available on the BLM's RDI website (see **FOR FURTHER INFORMATION CONTACT** above).

Copies of the State application, supporting evidence, the BLM Draft Summary Report, and comments, including names and street addresses of commenters, will be available in Anchorage for public review at the BLM Alaska State Office, Public Information Center (Public Room), Fitzgerald Federal Building, 222 West 8th Avenue, Monday through Friday, during regular business hours 8 a.m. to 4 p.m., except holidays.

Before including your address, phone number, email address, or other personally identifying information in your comment, you should be aware that your entire comment, including your personally identifying information, may be made publicly available at any time. While you can ask the BLM in your comment to withhold your personally identifying information from public review, we cannot guarantee that we will be able to do so.

If the BLM determines the State's evidence, and any additional information the agency receives concerning the State's application, are sufficient to find a favorable determination, and neither the records nor a valid objection discloses a reason not to disclaim, the BLM may decide to approve the application for the RDI.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format. A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on January 16, 2018 (83 FR 2180). The comment

period closed on March 19, 2018. On April 12, 2018, 24 days after the comment period closed, the BLM received one comment via email. The comment referred specifically to the Bears Ears and Grand Staircase Escalante National Monuments.

Except for the mention of the OMB control number in the title of the comment, the comment did not mention the information collection, and the BLM has taken no action to revise the information collection in response to the comment. The BLM Information Collection Clearance Officer has forwarded the comments to the appropriate BLM staff for consideration.

We are again soliciting comments on the ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the BLM; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BLM enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BLM minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** Land-management agencies within the Department of the Interior use the information in order to comply with the Federal Cave Resources Protection Act (FCRPA), 16 U.S.C. 4301 through 4310 and the Department's regulations at 43 CFR part 37. The FRCPA requires these agencies to identify and protect "significant" caves on Federal lands within their respective jurisdictions, and allows agencies to disclose to the public the location of significant caves only in limited circumstances. However, the FRCPA and BLM regulations also authorize certain individuals, organizations, and governmental agencies to request confidential cave information.

Previously, the activities in this control number were not separated into collections from individuals, from the private sector, and from state, local, and

tribal governments. This request revises the control number, and thereby corrects that omission, by adding specific activities for the latter two categories of respondents, and by adding to the previous activity labels the word “individuals.”

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on May 15, 2017, based on a complaint filed on April 10, 2017 on behalf of PopSockets LLC of Boulder, Colorado (“PopSockets”). 82 FR 22348–49 (May 15, 2017). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain collapsible sockets for mobile electronic devices and components thereof by reason of infringement of U.S.

Patent No. 8,560,031 (“the ‘031 patent”). *Id.* The notice of investigation named as respondents Agomax Group Ltd. of Kowloon, Hong Kong; Hangzhou Hangkai Technology Co., Ltd. of Zhejiang, China; Yiwu Wentou Import & Export Co., Ltd. of Zhejiang, China; Shenzhen Enruize Technology Co., Ltd. of Shenzhen, China; and Guangzhou Xi Xun Electronics Co., Ltd.; Shenzhen Chuanghui Industry Co., Ltd. of Guangdong, China; Shenzhen VVI Electronic Limited; Shenzhen Yright Technology Co., Ltd.; Shenzhen Kinsen Technology Co., Limited; Shenzhen Showerstar Industrial Co., Ltd.; Shenzhen Lamye Technology Co., Ltd.; Jiangmen Besnovo Electronics Co., Ltd.; Shenzhen Belking Electronic Co., Ltd.; Shenzhen CEX Electronic Co., Limited, all of Guangdong, China. *Id.* The Office of Unfair Import Investigations (“OUII”) also was named as a party in the investigation.

On August 22, 2017, 13 out of 14 respondents were found in default. Notice (Aug. 22, 2017) (determining not to review Order No. 9 (Aug. 4, 2017)).

On September 18, 2017, the Commission terminated the last remaining respondent, Shenzhen Chuanghui Industry Co., Ltd., based on withdrawal of the complaint as to that respondent. Notice (Sept. 18, 2017) (determining not to review Order No. 10 (Aug. 28, 2017)).

On August 8, 2017, PopSockets filed a motion for summary determination that: (1) The defaulting respondents have sold for importation into the United States, imported into the United States, or sold after importation certain collapsible sockets for mobile electronic devices and components thereof that allegedly infringe certain claims of the ‘031 patent in violation of section 337; (2) the accused products infringe the asserted claims of the ‘031 patent; and (3) a domestic industry with respect to the ‘031 patent exists. The motion also requested a recommendation for entry of a general exclusion order and a bonding requirement pending Presidential review. On August 31, 2017, OUII filed a response supporting the motion in substantial part and supporting the requested remedy of a general exclusion order.

On February 1, 2018, the administrative law judge (“ALJ”) issued the subject initial determination (“ID”) (Order No. 11), granting PopSockets’ motion for summary determination of a section 337 violation. The ID found that the defaulting respondents’ accused products infringe one or more of claims 9–12 of the ‘031 patent, but found no infringement of claims 16 and 17 of the ‘031 patent. The ID found that the
