## DEPARTMENT OF VETERANS AFFAIRS

### 38 CFR Part 17

RIN 2900-AP55

#### Medical Care in Foreign Countries and Filing for Reimbursement for Community Care Not Previously Authorized by VA

**AGENCY:** Department of Veterans Affairs.

**ACTION:** Final rule.

**SUMMARY:** The Department of Veterans Affairs (VA) adopts as final, with no changes, a proposed rule amending its medical regulations related to hospital care and medical services in foreign countries. We simplified and clarified the scope of these regulations, address medical services provided to eligible veterans in the Republic of the Philippines, and removed provisions related to grants to the Republic of the Philippines that are no longer supported by statutory authority. VA also amends its medical regulations related to filing claims for reimbursement of medical expenses incurred for VA care not previously authorized. We provided a 60-day period to receive comments from the public on the proposed changes, and received no comments. VA adopts the proposed rule as final, with no changes.

**DATES:** This final rule is effective July 25, 2018.

**FOR FURTHER INFORMATION CONTACT:**

Joseph Duran, Director, Policy and Planning, Office of Community Care (10D1A1), Veterans Health Administration, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (303) 372-4629. (This is not a toll-free number) or [Joseph.Duran2@va.gov](mailto:Joseph.Duran2@va.gov).

**SUPPLEMENTARY INFORMATION:** Section 1724 of title 38 United States Code (U.S.C.) prohibits VA from furnishing hospital care or medical services outside any State except under specific circumstances. VA is authorized under 38 U.S.C. 1724(b)(1) to furnish care and services to an eligible veteran outside any State if VA “determines that such

care and services are needed for the treatment of a service-connected disability of the veteran or as part of a rehabilitation program under chapter 31 of this title.” VA furnishes health care to eligible veterans in the Republic of the Philippines under this authority. In addition, 38 U.S.C. 1724(c) provides that “within the limits” of the Veterans Memorial Medical Center at Manila, Republic of the Philippines, VA may enter into contracts to furnish necessary hospital care to a veteran for any non-service-connected disability if such veteran is unable to defray the expenses of necessary hospital care. VA may also operate an outpatient clinic in the Republic of the Philippines to furnish necessary medical services to a veteran who has a service-connected disability. 38 U.S.C. 1724(e). Several sections of title 38 Code of Federal Regulations (CFR) part 17 address VA’s authority to provide for hospital care and medical services for eligible veterans outside the United States, as well as submission of claims for reimbursement for services obtained from community care providers outside the United States.

On January 31, 2018, VA proposed to revise or amend these regulations to consolidate similar content, clarify provisions, and ensure that these regulations reflect current VA practice and statutory authority. (83 FR 4454). We proposed simplifying language in § 17.35 to make it easier to understand, adding a new paragraph (b) to address hospital care and outpatient services provided to eligible veterans in the Republic of the Philippines as authorized in 38 U.S.C. 1724, and paragraph (c) to provide guidance on which sections of part 17 apply to claims for payment or reimbursement of services not previously authorized by the Foreign Medical Program. We proposed amending § 17.125 which focuses on filing claims. We proposed stating that in those cases where VA payment for such services has not been authorized in advance, claims for payment for such health care services provided in a State should be submitted to the VA medical facility nearest to where those services were provided. We also proposed amending that section to provide specific guidance on where and how to file claims.

We proposed removing §§ 17.140 and 17.141 as the subject matter of delegation of authority would be covered by proposed revisions to § 17.125. Finally, we proposed removing §§ 17.350 through 17.370 which addressed grants to the Republic of the Philippines, as our authority to provide these grants under 38 U.S.C. 1732(b) has expired. VA still retains authority under

38 U.S.C. 1731 to assist the Republic of the Philippines in fulfilling its responsibility in providing medical care and treatment for Commonwealth Army veterans and new Philippine Scouts in need of such care and treatment for service-connected disabilities and non-service-connected disabilities under certain conditions.

We provided a 60-day period to the public to comment on the proposed rule. The comment period closed April 2, 2018, and we received no comments. Based on the rationale set forth in the proposed rule and in this document, VA is adopting the provisions of the proposed rule as a final rule with no changes.

#### Effect of Rulemaking

Title 38 of the Code of Federal Regulations, as revised by this final rulemaking, represents VA’s implementation of its legal authority on this subject. Other than future amendments to this regulation or governing statutes, no contrary guidance or procedures are authorized. All existing or subsequent VA guidance must be read to conform with this rulemaking if possible or, if not possible, such guidance is superseded by this rulemaking.

#### Paperwork Reduction Act

This final rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3521).

#### Regulatory Flexibility Act

The Secretary hereby certifies that this final regulatory amendment does not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601-612. This rulemaking does not directly affect any small entities. Only VA beneficiaries and certain community care providers would be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this amendment is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

#### Executive Orders 12866, 13563, and 13771

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, and other advantages; distributive impacts; and equity).
