

contained in the previous renewal of this information collection that, on average, a commodity broker liquidation would occur every three years. The Commission generally has retained the burden hour estimates set forth in the previous information collection as there have been no interim experiences nor are there currently apparent circumstances that would warrant altering those estimates.⁵ The Commission further notes, however, that the information collection burden will vary in particular commodity broker liquidations depending on the size of the commodity broker, the extent to which accounts are able to be quickly transferred, and other factors specific to the circumstances of the liquidation.

The respondent burden for this information collection is estimated to be as follows:⁶

*Reporting:*⁷

Estimated Number of Respondents: 1.

Estimated Annual Number of

Responses per Respondent: 1.33.

Estimated Total Annual Number of Responses: 1.33.

Estimated Annual Number of Burden Hours per Respondent: 1.33.

Estimated Total Annual Burden Hours: 1.33.

Type of Respondents: Commodity brokers, Trustees, and self-regulatory organizations.

Frequency of Collection: On occasion.

*Recordkeeping:*⁸

Estimated Number of Respondents: 1.

Estimated Annual Number of

Responses per Respondent: 26,666.67.

Estimated Total Annual Number of Responses: 26,666.67.

Estimated Annual Number of Burden Hours per Respondent: 333.33.

⁵ The Commission has retained the burden hour estimates for each of the applicable regulations except that the Commission no longer assigns burden hours to the discretionary notice that a Trustee may provide to customers in an involuntary commodity broker liquidation pursuant to Commission regulation 190.02(b)(3). There have been no involuntary commodity broker liquidations and none are anticipated. Accordingly, continuing to assign burden hours to this voluntary requirement would inappropriately inflate the burden hours of this information collection.

⁶ Because a commodity broker liquidation is estimated to occur only once every three years, the previous information collection expressed the burden of the reporting, recordkeeping, and third party disclosure requirements in terms of the burden applicable to “.33” respondents in many cases. For clarity, this notice expresses such burdens in terms of those that would be imposed on *one* respondent during the three year period. While the applicable burden is expressed in a different way, as noted above, the burden hours generally remain unchanged.

⁷ The reporting requirements are contained in Commission regulations 190.02(a)(1), 190.02(a)(2), and 190.06(b).

⁸ The recordkeeping requirements are contained in Commission regulations 190.03(a)(1), 190.03(a)(2), and 190.04(b).

Estimated Total Annual Burden

Hours: 333.33.

Type of Respondents: Trustees.

Frequency of Collection: Daily and on occasion.

*Third Party Disclosures Applicable to a Single Respondent:*⁹

Estimated Number of Respondents: 1.

Estimated Annual Number of

Responses per Respondent: 6,671.32.

Estimated Total Annual Number of Responses: 6,671.32.

Estimated Annual Number of Burden Hours per Respondent: 1,034.63.

Estimated Total Annual Burden Hours: 1,034.63.

Type of Respondents: Trustees.

Frequency of Collection: On occasion.

*Third Party Disclosures Applicable to a Multiple Respondents:*¹⁰

Estimated Number of Respondents: 125.

Estimated Annual Number of Responses per Respondent: 2,000.

Estimated Total Annual Number of Responses: 250,000.

Estimated Annual Number of Burden Hours per Respondent: 100.

Estimated Total Annual Burden Hours: 12,500.

Type of Respondents: Futures commission merchants.

Frequency of Collection: On occasion.

There are no new capital or start-up or operations costs associated with this information collection, nor are there any maintenance costs associated with this information collection.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: June 20, 2018.
