SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, the BLM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the BLM; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BLM enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BLM minimize the burden of this collection on the respondents, including through the use of information technology.

Abstract: The General Mining Law (30 U.S.C. 29, 30, and 39) authorizes a holder of an unpatented claim for hardrock minerals to apply for fee title (patent) to the Federal land (as well as minerals) embraced in the claim. Since 1994, a rider on the annual appropriation bill for the Department of the Interior has prevented the BLM from processing mineral patent applications unless the applications were grandfathered under the initial legislation. While grandfathered applications are rare at present, the approval to collect the information continues to be necessary because of the possibility that the moratorium will be lifted.

Title of Collection: Mineral Surveys, Mineral Patent Applications, Adverse Claims, Protests, and Contests.

OMB Control Number: 1004-0025.

Form Numbers: 3860-2 and 3860-5.

Type of Review: Extension of currently approved collection.

Respondents/Affected Public: Owners of unpatented mining claims and mill sites upon the public lands, and of reserved mineral lands of the United States, National Forests, and National Parks.

Total Estimated Number of Annual Respondents: 10.

Total Estimated Number of Annual Responses: 10.

Estimated Completion Time per Response: Varies from 3 to 100 hours, depending on activity.

Total Estimated Number of Annual Burden Hours: 559.

Respondent's Obligation: Required to obtain or maintain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: \$174,375.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The authority for this

action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Abstract: Section 209(b) of the Federal Land Policy and Management Act (43 U.S.C. 1719) authorizes the Secretary of the Interior to convey Federally-owned mineral interests to non-Federal owners of the surface estate. The respondents in this information collection are non-Federal owners of surface estates who apply for underlying Federally-owned mineral interests. This information collection enables the BLM to determine if the applicants are eligible to receive title to the Federally-owned mineral interests beneath their lands. Regulations at 43 CFR part 2720
