Rubber Bands From the People’s Republic of China and Thailand: Postponement of Preliminary Determinations in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUPPLEMENTARY INFORMATION:

Background

On February 20, 2018, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of rubber bands from China, Sri Lanka, and Thailand.1 On March 19, 2018, the U.S. International Trade Commission (ITC) notified Commerce of its affirmative preliminary determination with respect to China and Thailand, its negligibility determination concerning imports of rubber bands from Sri Lanka, and its termination of its investigation of imports from Sri Lanka.2 On March 22, the ITC published in the Federal Register a notice of its preliminary determination with respect to China and Thailand, and its determination that imports of rubber bands from Sri Lanka are negligible.3 Because the ITC has terminated its investigation of rubber bands from Sri Lanka, Commerce’s investigation is also terminated.4 The preliminary determinations for China and Thailand

Steel Propane Cylinders From Taiwan: Termination of Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on Worthington Industries and Manchester Tank & Equipment Co.’s (the petitioners) withdrawal of the antidumping duty (AD) petition on steel propane cylinders from Taiwan, we are terminating the less-than-fair-value (LTFV) investigation.

SUPPLEMENTARY INFORMATION:

Background

On May 22, 2018, Commerce received AD petitions concerning imports of steel propane cylinders from China, Taiwan and Thailand, filed on behalf of the petitioners.1 On June 11, 2018, Commerce initiated the LTFV investigations of steel propane cylinders from China, Taiwan and Thailand, which were published in the Federal Register on June 18, 2018.2 On June 14, 2018, the petitioners submitted a letter withdrawing the AD petition with respect to Taiwan.3 Section 351.207(b)(1) of Commerce’s regulations stipulates that the Secretary may terminate an investigation, provided it has concluded that termination of the investigation is in the public interest.4 Because the petitioners have withdrawn their May 22, 2017, AD petition with respect to Taiwan, and have requested that Commerce terminate this investigation, we determine that termination of this investigation is in the public interest, pursuant to 19 CFR 351.207(b)(1).5 Accordingly, pursuant to section 734(a)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.207(b)(1), we are terminating the LTFV investigation with respect to Taiwan.

Termination of Investigation

In accordance with section 734(a)(1)(A) of the Act and 19 CFR 351.207(b)(1), upon the petitioners’ withdrawal of the Taiwan petition, we are terminating the LTFV investigation of steel propane cylinders from Taiwan.

Dated: June 20, 2018.

Deputy Assistant Secretary, for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Construction at the City Dock and Ferry Terminal, in Tenakee Springs, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; Issuance of an incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA) to the Alaska Department of Transportation and Public Facilities (ADOT&PF) to incidentally harass, by Level B harassment only, marine mammals during construction activities associated with a city dock and ferry terminal improvement project in Tenakee Springs, Alaska.

DATES: This Authorization is applicable from June 1, 2019 through May 31, 2020.

FOR FURTHER INFORMATION CONTACT: Jonathan Molineaux, Office of Protected Resources, NMFS, (301) 427–8401. Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities. In case of problems accessing these documents, please call the contact listed above.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 et seq.) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking shall have a negligible impact on the species or stock(s) shall not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth.

NMFS has defined “negligible impact” in 50 CFR 216.103 as an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

The MMPA states that the term “take” means to harass, hunt, capture, kill or attempt to harass, hunt, capture, or kill any marine mammal.

Except with respect to certain activities not pertinent here, the MMPA defines “harassment” as any act of pursuit, torment, or annoyance which (i) has the potential to injure a marine mammal or marine mammal stock in the wild (Level A harassment); or (ii) has the potential to disturb a marine mammal or marine mammal stock in the wild by causing disruption of behavioral patterns, including, but not limited to, migration, breathing, nursing, breeding, feeding, or sheltering (Level B harassment).

Summary of Request

On October 23, 2017, NMFS received a request from ADOT&PF for an IHA to take marine mammals incidental to conducting improvements at the Tenakee Springs city dock and ferry terminal, in Tenakee Springs, Alaska. The application was considered adequate and complete on January 30, 2018. ADOT&PF’s request is for take of seven species of marine mammals by Level B harassment only. Neither ADOT&PF nor NMFS expect mortality to result from this activity and, therefore, an IHA is appropriate. The planned activity is not expected to exceed one year, hence, we do not expect subsequent MMPA IHAs to be issued for this particular activity.
