

collection, and it will take each respondent approximately 30 minutes to complete their responses on the template provided by ATF.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 488 hours which is equal to 975 (# of respondents) * 1(# of responses per respondents) * .5 (30 minutes).

7. *An Explanation of the Change in Estimates:* The total responses and burden hours associated with this IC were reduced by 50 and 25 respectively, due to less respondents since the previous renewal in 2015. However, the total costs for this IC have increased by \$27, due to an increase in mailing costs from 45 cents in 2015 to 50 cents in 2018.

BILLING CODE 4410-FY-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Water Act

On June 21, 2018, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Hawaii in *United States of America v. TWOL LLC et al.*, Civil Action No. 1:18-cv-00242.

The complaint in this Clean Water Act ("CWA") case was filed against the defendants concurrently with the lodging of the consent decree. The complaint alleges that Defendants TWOL LLC, Loi Chi Hang, and Nguyen Ngoc Tran are each liable for civil penalties stemming from violations of the CWA, 33 U.S.C. 1321, aboard the Honolulu-based commercial fishing vessel *Pacific Dragon f/k/a Elizabeth*. The United States' allegations address discharges of oily waste from the vessel's bilge while fishing for tuna off the Hawaiian coast and violations of the United States Coast Guard's pollution control regulations, including failure to provide sufficient capacity to retain oily bilge water on board the vessel. The complaint seeks civil penalties from

TWOL LLC, Mr. Hang, and Mr. Tran, along with injunctive relief from the same defendants and Defendant LNK Fishery LLC. TWOL LLC was the owner of the *Pacific Dragon f/k/a Elizabeth* when the alleged CWA violations occurred, and LNK Fishery LLC is the current owner of the vessel. Mr. Hang and Mr. Tran are managing members of both companies.

Under the proposed consent decree, the defendants will perform corrective measures to remedy the violations and prevent future violations, including: (1) Repairing the vessel to reduce the quantity of oily waste generated during a fishing voyage; (2) providing crewmembers with training on the proper handling of oily wastes; (3) documenting proper oily waste management and disposal after returning to port; and (4) submitting compliance reports to the Coast Guard and to the Department of Justice.

The consent decree also requires TWOL LLC, Mr. Hang, and Mr. Tran to each pay a civil penalty. The penalty amounts were set after considering each defendant's limited ability to pay a higher penalty, as demonstrated through documentation submitted to the United States and analyzed by a financial expert. TWOL LLC must pay a civil penalty of \$1,000; Mr. Hang must pay a civil penalty of \$8,000; and Mr. Tran must pay a civil penalty of \$5,000. Under the terms of the CWA, the penalties paid for these discharges will be deposited in the federal Oil Spill Liability Trust Fund managed by the National Pollution Funds Center.

The publication of this notice opens a period for public comment on the proposed consent decree. NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2018–048]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified

period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by July 30, 2018. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740–6001.

Email: request.schedule@nara.gov.

Fax: 301–837–3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT: Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740–6001, by phone at 301–837–1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major
