provides the public notice that on December 11, 2017, the Union Pacific Railroad (UP) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA–2017–0132.

**Applicant:** Union Pacific Railroad, 1400 Douglas Street, MS 0910, Omaha, NE 68179.

Union Pacific seeks to retire the control point (CP) NA Jct. (Nepesta) on the Tennessee Pass Subdivision in the state of Colorado. The CP is no longer used. It will be replaced with an intermediate signal on the main track and a leaving signal in the siding. The existing #20 power-operated switch will be replaced with a #1 hand-operated switch. The purpose of this replacement is to remove unused equipment and to expedite train movements in the area.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov). FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- **Website:** [http://www.regulations.gov](http://www.regulations.gov).
- **Fax:** 202–493–2251.
- **Mail:** Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, W12–140, Washington, DC 20590.
- **Hand Delivery:** 1200 New Jersey Avenue SE, Room W12–140, Washington, DC 20590.

Communications received by March 8, 2018 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.).

Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. [Docket Number FRA–2017–0131]

**Notice of Application for Approval To Discontinue or Modify a Railroad Signal System**

Under part 235 of Title 49 of the Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this provides the public notice that on December 11, 2017, Union Pacific Railroad (UP) petitioned the Federal Railroad Administration (FRA) seeking approval to discontinue or modify a signal system. FRA assigned the petition Docket Number FRA–2017–0131.

**Applicant:** Union Pacific Railroad, 1400 Douglas Street, MS 0910, Omaha, NE 68179.

Union Pacific seeks to retire the traffic control system (TCS) on the #3 track between control point (CP) K005 and CP K006, between mileposts (MP) 5.60 and MP 6.10, in the KC Metro (Kansas) subdivision.

The reason for this retirement is to accommodate a proposed Remote Controlled Locomotive (RCL) zone expansion project for the 181st Street Yard and to facilitate switching operations. RCL trains will move in the block per General Code of Operating Rules pertaining to RCL locomotives. Other trains will enter the block at either end on a restricting signal indication and move at restricted speed. A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at [https://www.transportation.gov/privacy](https://www.transportation.gov/privacy). Title: 49 U.S.C. Section 5320 Paul S. Sarbanes Transit in Parks Program

OMB Number: 2132–0574

Background: Section 3021 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act—A Legacy for Users (SAFETEA–LU), as amended, established the Paul S. Sarbanes Transit in Parks Program (Transit in Parks Program—49 U.S.C. 5320). The program was administered by FTA in partnership with the Department of the Interior (DOI) and the U.S. Department of Agriculture’s Forest Service. The program provided grants to Federal land management agencies that manage an eligible area, including but not limited to the National Park Service, the Fish and Wildlife Service, the Bureau of Land Management, the Forest Service, the Bureau of Reclamation; and State, tribal agencies with jurisdiction over land in the vicinity of an eligible area, acting with the consent of a Federal land management agency, alone or in partnership with a Federal land management agency or other governmental or non-governmental participant. The purpose of the program was to provide for the planning and capital costs of alternative transportation systems that will enhance the protection of national parks and Federal lands; increase the enjoyment of visitors’ experience by conserving natural, historical, and cultural resources; reduce congestion and pollution; improve visitor mobility and accessibility; enhance visitor experience; and ensure access to all, including persons with disabilities. The Paul S. Sarbanes Transit in the Parks program was repealed under the Moving Ahead for Progress in the 21st Century Act (MAP–21). However, funds previously authorized for programs repealed by MAP–21 remain available for their originally authorized purposes until the period of availability expires, the funds are fully expended, the funds are rescinded by Congress, or the funds are otherwise reallocated.

Estimated Annual Burden on Respondents: Approximately 4 hours for each of the 15 respondents.

Estimated Total Annual Burden: 60 hours.

Frequency: Annually.

William Hyre,
Deputy Associate Administrator for Administration.
