Committee Act of 1972 (5 U.S.C. Appendix 1–16) of the first meeting of the "Made in America" Outdoor Recreation Advisory Committee (Committee).

DATES: The meeting will be held on Tuesday, July 17, 2018, in Washington, DC, from 9:30 a.m. to 4:00 p.m. (EASTERN).

ADDRESSES: The meeting will be held in the South Penthouse of the Stewart Lee Udall Department of the Interior Building located at 1849 C Street NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Alma Ripps, Designated Federal Officer, Office of Policy, National Park Service, telephone 202–354–3950, or email alma_ripps@nps.gov.

SUPPLEMENTARY INFORMATION: The Committee was established on March 13, 2018, by authority of the Secretary of the Interior (Secretary) under 54 U.S.C. 100906, and is regulated by the Federal Advisory Committee Act. The Committee’s duties are strictly advisory and include, but are not limited to, providing recommendations to the Secretary on policies and programs that: Expand and improve visitor infrastructure developed through public-private partnerships across all public lands; implement sustainable operations embracing fair, efficient, and convenient fee collection and strategic use of the collected fees; improve interpretation using technology; and create better tools and/or opportunities for Americans to discover their lands and waters. The Committee will also provide recommendations for implementation of Secretarial Order No. 3347: Conservation Stewardship and Outdoor Recreation, and other areas as requested by the Secretary.

Purpose of the Meeting: The purpose of the meeting is to discuss the following topics:

- Welcome and Introductions
- Election of Chair
- Trail Systems
- State Partnerships
- Concessions
- Broadband and Infrastructure
- Campgrounds of the Future
- Public Comment Period

The meeting is open to the public, but preregistration is required due to security requirements in the building and limited seating. Any individual who wishes to attend the meeting should register via email at shirley.sears@nps.gov or telephone 202–354–3955. Interested persons may choose to make a comment at the meeting during the designated time for this purpose. Members of the public may also choose to submit written comments by mailing them to Alma Ripps, Designated Federal Officer, Office of Policy, National Park Service, 1849 C Street NW, MS 2659, Washington, DC 20240, or via email alma_ripps@nps.gov.

Public Disclosure of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Detailed minutes of the meeting will be available for public inspection within 90 days of the meeting from the Office of Policy, National Park Service, 1849 C Street NW, Room 2659, Washington, DC 20240.

Authority: 5 U.S.C. Appendix 2.

Alma Ripps
Chief, Office of Policy.

BILLING CODE 4312–62–P

DEPARTMENT OF THE INTERIOR
Bureau of Ocean Energy Management
[MMAA104000; OMB Control Number 1010–0072; Docket ID: BOEM–2018–0016]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; 30 CFR 580, Prospecting for Minerals Other Than Oil, Gas, and Sulphur on the Outer Continental Shelf and Authorizations of Noncommercial Geological and Geophysical Activities

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before July 30, 2018.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget’s Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to 202–395–5806. Please provide a copy of your comments to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference Office of Management and Budget (OMB) Control Number 1010–0072 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Anna Atkinson by email, or by telephone at 703–787–1025. You may also view the ICR at http://www.reginfo.gov/public/do/PRAMain.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A Federal Register notice with a 60-day public comment period soliciting comments on this collection of information was published on April 6, 2018 (83 FR 14884). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM? (2) Will this information be processed and used in a timely manner? (3) Is the estimate of burden accurate? (4) How might BOEM enhance the quality, utility, and clarity of the information to be collected? and (5) How might BOEM minimize the burden of this collection on the respondents, including through the use of information technology?

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
Abstract: The information collection request concerns the paperwork requirements in the regulations under 30 CFR part 580, Prospecting for Minerals Other than Oil, Gas, and Sulphur on the Outer Continental Shelf (OCS), as well as authorizations of noncommercial geological and geophysical (G&G) prospecting and scientific research activities issued pursuant to Section 11 of the Outer Continental Shelf Lands Act, as amended (43 U.S.C. 1340).

The OCS Lands Act authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of mineral resources on the OCS. Section 8(k)(1) of the OCS Lands Act, 43 U.S.C. 1337(k)(1), authorizes the Secretary to grant to the qualified persons offering the highest cash bonuses on a basis of competitive bidding leases of any mineral other than oil, gas, and sulphur in any area of the Outer Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease.

Section 11(a)(1) of the OCS Lands Act, 43 U.S.C. 1340(a)(1), states that any person authorized by the Secretary may conduct geological and geophysical explorations in the Outer Continental Shelf, which do not interfere with or endanger actual operations under any lease maintained or granted pursuant to this subchapter, and which are not unduly harmful to aquatic life in such area. Under 30 CFR part 580, G&G exploration to be performed by any person on unleased lands or lands under lease to a third party requires issuance of a BOEM permit or submission of a scientific research notice. Section 1340(g) further requires that permits for geologic exploration will only be issued if it is determined that the applicant for such permit is qualified; the exploration will not interfere with or endanger operations under any lease; and the exploration will not be unduly harmful to aquatic life, result in pollution, create hazardous or unsafe conditions, unreasonably interfere with other uses of the area, or disturb any site, structure, or object of historical or archaeological significance.

Prospecting for marine minerals includes certain aspects of exploration as defined in the OCS Lands Act at 43 U.S.C. 1331(k). That section defines the term “exploration” to mean the process of searching for minerals, including conducting “geophysical surveys where magnetic, gravity, seismic, or other systems are used to detect or characterize the presence of such minerals. . . .”

As a Federal agency, BOEM has a responsibility to comply with the National Environmental Policy Act (42 U.S.C. 4321 et seq.), Endangered Species Act (16 U.S.C. 1531 et seq.), and Marine Mammal Protection Act (16 U.S.C. 1361 et seq.), among other environmental laws. Compliance with the Endangered Species Act includes a substantive duty to carry out any agency action in a manner that is not likely to jeopardize protected species or result in adverse modification of designated critical habitat, as well as a procedural duty to consult with the United States Fish and Wildlife Service (USFWS) and National Oceanic and Atmospheric Administration Fisheries (NOAA Fisheries) before engaging in a discretionary action that may affect a protected species.

Respondents are required to submit form BOEM–0134 to provide the information necessary to evaluate their request to conduct G&G prospecting, exploration or scientific research activities, and upon approval, respondents are issued a permit or authorization. BOEM uses the information to ensure there is no adverse effect to the marine, coastal, or human environment, nor personal harm, unsafe operations and conditions, or unreasonable interference with other uses; to analyze and evaluate preliminary or planned mining activities; to monitor progress of activities in the OCS; to acquire G&G data and information collected under a Federal permit offshore; and to determine eligibility for reimbursement from the Government for certain costs.

BOEM uses the information collected to understand the G&G characteristics of marine mineral-bearing physiographic regions of the OCS. The information aids BOEM in analyzing and weighing the potential for environmental damage, the discovery of marine minerals, and any associated impacts on affected coastal States.

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104–133, 110 Stat. 1321, April 26, 1996), and the OMB Circular A–25 authorize Federal agencies to recover the full cost of services that confer special benefits. Accordingly, all G&G permits for commercial prospecting are subject to cost recovery, and BOEM regulations at 30 CFR 580.12 specify the service fees for these requests.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior’s implementing regulations (43 CFR part 2), and under regulations at 30 CFR 580.70, as well as applicable sections of 30 CFR parts 550 and 552.

Title of Collection: 30 CFR 580, Prospecting for Minerals other than Oil, Gas, and Sulphur on the Outer Continental Shelf and Authorizations of Noncommercial Geological and Geophysical Activities.

OMB Control Number: 1010–0072.

Form Number: BOEM–0134.

Requirements for Geographical and Geophysical Prospecting, Exploration, or Scientific Research on the Outer Continental Shelf Related to Minerals Other than Oil, Gas, and Sulphur.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Permittees/respondents, including those required to only file notices (scientific research).

Total Estimated Number of Annual Responses: 38.

Total Estimated Number of Annual Burden Hours: 485 hours.

Respondent’s Obligation: Mandatory or Required to Obtain or Retain a Benefit.

Frequency of Collection: On occasion, annual, or as specified in permits.

Total Estimated Annual Non-Hour Cost: $4,024.

Estimated Reporting and Recordkeeping Hour Burden: We expect the burden estimate for the renewal will be 485 hours, which is a decrease of 3 burden hours.

In calculating the burden, requesting Governor(s) comments on activities pursuant to 30 CFR 580.31(b) and 30 CFR 580.73 does not constitute information collection under 5 CFR 1320.3(h)(4). These requests for comment are general solicitations of public comment, so BOEM has removed the burden hours associated with this burden.

The following table details the individual BOEM components and respective hour burden estimates of this ICR.

### INTERNATIONAL TRADE COMMISSION

**[Investigation No. 337–TA–1121]**

**Certain Earpiece Devices and Components Thereof; Institution of Investigation**

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on May 24, 2018, under section 337 of the Tariff Act of 1930, as amended, on behalf of Bose Corporation of Framingham, Massachusetts. A supplemental exhibit was filed on June 8, 2018. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain earpiece devices and components thereof by reason of infringement of U.S. Patent No. 9,036,852 ("the ‘852 patent"); U.S. Patent No. 9,036,853 ("the ‘853 patent"); U.S. Patent No. 9,042,590 ("the ‘590 patent"); U.S. Patent No. 8,311,253 ("the ‘253 patent"); U.S. Patent No. 8,249,287 ("the ‘287 patent"); and U.S. Patent No. 9,398,364 ("the ‘364 patent"). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a general or limited exclusion order, or in the alternative a limited exclusion order, and cease and desist orders.

**ADDRESSES:** The complaint, except for any confidential information contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Room 112, Washington, DC 20436, telephone (202) 205–2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205–2000. General information concerning the Commission may also be obtained
