Coast Guard

33 CFR Part 165
[Docket Number USCG–2018–0633]
RIN 1625–AA00

Safety Zone; Columbia River, Kennewick, WA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the Columbia River near Columbia Park in Kennewick, WA. This action is necessary to provide for the safety of life on these navigable waters during a fireworks display on July 4, 2018. This regulation prohibits persons and vessels from being in the safety zone unless authorized by the Captain of the Port Columbia River or a designated representative.

DATES: This rule is effective from 9 p.m. to 11:30 p.m. on July 4, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type USCG–2018–0633 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LCDR Laura Springer, Waterways Management Division, Marine Safety Unit Portland, Coast Guard; telephone 503–240–9319, email msudpdxwmn@uscg.mil.

§ Section

II. Background Information and Regulatory History

Tri City Water Follies will be conducting a fireworks display from 10 p.m. to 10:30 p.m. on July 4, 2018, to commemorate Independence Day. The fireworks are to be launched from Columbia Park in Kennewick, WA, over the Columbia River. Hazards from fireworks displays include accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. The Captain of the Port Columbia River (COTP) has determined that potential hazards associated with the fireworks to be used in this display will be a safety concern for anyone within a 450-yard radius of the launch site.

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable to complete a notice-and-comment rulemaking by the date of the fireworks display, July 4, 2018.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable because the Coast Guard needs to have a safety zone regulation in place by July 4, 2018, to respond to the potential safety hazards associated with the fireworks display on that date.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Columbia River (COTP) has determined that potential hazards associated with the fireworks display on July 4, 2018, will be a safety concern for anyone within a 450-yard radius of the launch site. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone before, during, and after the scheduled event.

IV. Discussion of the Rule

This rule establishes a safety zone from 9 p.m. to 11:30 p.m. on July 4, 2018. The safety zone will cover all navigable waters of the Columbia River within 450 yards of a launch site located at 46°13′22″ N, 119°08′30″ W, in vicinity of Columbia Park in Kennewick, WA. The duration of the zone is intended to ensure the safety of vessels and these navigable waters an hour before, during, and an hour after the scheduled 10 p.m. to 10:30 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the safety zone. Vessel traffic will be able to safely transit around this safety zone which will impact a small designated area of the Columbia River for approximately two and a half hours when vessel traffic is normally low. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule allows vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may have to alter their travel plans, vessel traffic will be able to transit around this safety zone.
zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

G. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting approximately two and a half hours that will prohibit entry within 450 yards of a fireworks launch site. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

List of Subjects in 33 CFR Part 165

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add § 165.T13–0633 to read as follows:

§ 165.T13–0633 Safety Zone; Columbia River, Kennewick, WA.

(a) Safety zone. The following area is designated a safety zone: Waters of the Columbia River, within a 450-yard radius of the fireworks launch site located at 46°13′22″ N, 119°08′30″ W in vicinity of Columbia Park in Kennewick, WA.

(b) Regulations. In accordance with § 165.23, no person may enter or remain in this safety zone unless authorized by the Captain of the Port Columbia River or his designated representative. Also in accordance with § 165.23, no person may bring into, or allow to remain in this safety zone any vehicle, vessel, or object unless authorized by the Captain of the Port Columbia River or his designated representative.

(c) Enforcement period. This section will be enforced from 9 p.m. to 11:30 p.m. on July 4, 2018.

D.F. Berliner,
Captain, U.S. Coast Guard, Acting Captain of the Port, Sector Columbia River.

[Docket Number USCG–2018–0611]

RIN 1625–AA00

Safety Zone; Monongahela River Mile 32.0 to 36.0, Gallowin, PA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all navigable waters of the Monongahela River from mile marker 32.0 to mile marker 36.0. The safety zone is necessary to protect persons, vessels, and the marine environment from potential hazards created by pipeline removal work. Entry of vessels or persons into this zone is prohibited.
