

relevant claims of the '668 patent are unpatentable.

On April 12, 2018, Cisco and Arista filed responses to each other's comments.

On April 16, 2017, Cisco filed a response to Arista's stay motion.

Having examined the record of this modification proceeding, including the MRD, the comments to the MRD, and the responses thereto, the Commission has determined to find that Cisco has failed to show by a preponderance of the evidence that Arista's redesigned products infringe claims 1, 7, 9, 10, and 15 of the '577 patent or that Arista has indirectly infringed those claim by contributing to or inducing infringement by its customers. Accordingly, the Commission has determined to modify the remedial orders to exempt Arista's redesigned products that were the subject of this modification proceeding. The modification proceeding is terminated with respect to the '577 patent.

The Commission has also determined to suspend the modification proceeding with respect to the '668 patent and to deny Arista's motion to stay the modification proceeding as to the '668 patent as moot in light of the Commission's prior suspension of the remedial orders with respect to the '668 patent.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: June 26, 2018.
