WETL submitted information with its petition intended to demonstrate that those non-U.S. certified MY 2012 Mercedes Benz CLS 63 AMG passenger cars, as originally manufactured, conform to many applicable FMVSS in the same manner as their U.S.-certified counterparts, or are capable of being readily altered to conform to those standards.

The petitioner also contends that the subject non-U.S. certified passenger cars are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 Controls and Displays: The instrument cluster can be programmed by the driver to display in metric or standard units as well as multiple languages without hardware or software changes. The brake warning telltale must be modified by replacing the tachometer, changing the faceplate of the current tachometer, or adding a new brake telltale.

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: The headlamps and taillamps must be removed and replaced with conforming lamps.

Standard No. 110 Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Lower Vehicles with a GVWR of 4,536 Kilograms (10,000 pounds) or Less: The vehicle requires addition of a conforming tire and rim information label.

Standard No. 111 Rearview Mirrors: The passenger side mirror must be etched with the phrase “OBJECTS IN MIRROR ARE CLOSER THAN THEY APPEAR.” This will be achieved by applying a photomask template bearing the phrase, and sandblasting the photomasked area with 150 grit aluminum oxide.

Standard No. 301 Fuel System Integrity: The vehicle must be equipped with a rollover valve in the fuel tank vent line between the fuel tank and the evaporative emissions collection canister.

Wallace further states that labels will be affixed to conform the vehicle to the requirements of 49 CFR parts 565 and 567, VIN Content and Certification, respectively.

This notice of receipt of WETL's petition does not represent any agency decision or other exercise of judgment concerning the merits of the petition. Notice of final action on the petition will be published in the Federal Register pursuant to the authority indicated below.
