Additionally, Commerce is rescinding this review, in part, with respect to two companies. We invite interested parties to comment on these preliminary results.

DATES: Applicable July 11, 2018.

FOR FURTHER INFORMATION CONTACT: Chloe Sagmoe or Chien-Min Yang, AD/CVD Operations, Office VII, Enforcement and Compliance,

Background

On September 1, 2017, Commerce published a notice of opportunity to request an administrative review of the countervailing duty (CVD) order on OTR Tires from China covering the period January 1, 2016, through December 31, 2016.¹ Commerce received timely requests from Shandong Huitong Tyre Co., Ltd. (Shandong Huitong), Techking Tires Limited (Techking), and Tianjin Leviathan International Trade Co., Ltd. (Tianjin Leviathan), for an administrative review of the countervailing duty order.² On November 13, 2017, Commerce published a notice of initiation of an administrative review of the CVD order on OTR Tires from China with regard to the three companies.³ On November 17, 2017, Shandong Huitong and Techking each timely withdrew its request for an administrative review.⁴

Rescission, in Part, of Countervailing Duty Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Shandong Huitong and Techking timely submitted withdrawal requests within the 90-day period. Accordingly, we are rescinding the administrative review of the CVD order on OTR Tires from China with respect to these two companies,

and continuing the administrative review with respect to Tianjin Leviathan.

Use of Facts Otherwise Available and Application of Adverse Inferences to Tianjin Leviathan

Subsequent to the initiation of this administrative review, Commerce issued the initial questionnaire in a letter to Government of China (GOC) and Tianjin Leviathan dated January 19, 2018.⁵ Tianjin Leviathan, which did not withdraw its review request, failed to respond entirely to the questionnaire by the specified deadline. Additionally, the GOC did not submit requested information related to Tianjin Leviathan in response to Commerce's initial questionnaire. Therefore, because necessary information is not available on the record and because both Tianjin Leviathan and the GOC failed to respond to Commerce's request for information, we preliminarily find that the use of facts available is warranted, pursuant to section 776(a)(1) and 776(a)(2)(A) and (C) of the Tariff Act of 1930, as amended (the Act). Moreover, because Tianjin Leviathan and the GOC did not cooperate to the best of their ability, pursuant to 776(b) of the Act, we preliminarily find that use of adverse facts available (AFA) is warranted to ensure that Tianjin Leviathan does not obtain a more favorable result by failing to cooperate than if it had fully complied with our request for information. For further information, see "Use of Facts Otherwise Available and Adverse Inferences" in the Preliminary Decision Memorandum.⁶

Preliminary Results of Review

Consistent with Commerce's CVD AFA methodology, we preliminarily determine the net AFA countervailing subsidy rate for Tianjin Leviathan to be 91.94 percent *ad valorem*.

Normally, Commerce discloses to interested parties the calculations performed in connection with the preliminary results of a review within ten days of its public announcement, or if there is no public announcement, within five days of the date of

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess CVDs on all appropriate entries. Shandong Huitong and Techking shall be assessed CVDs at rates equal to the cash deposit of estimated countervailing duties in effect at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2016, through December 31, 2016, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Marine Mammal Protection Act requires any commercial fisherman operating in Category I and II fisheries to register for a certificate of authorization that will allow the fisherman to take marine mammals incidental to commercial fishing operations. Category I and II fisheries are those identified by NOAA as having either frequent or occasional takings of marine mammals. All states have integrated the National Marine Fisheries Service (NMFS) registration process into the existing state fishery registration process and vessel owners do not need to file a separate federal registration. If applicable, vessel owners will be notified of this simplified registration process when they apply for their state or Federal permit or license.

II. Method of Collection

Fishermen have their information imported directly into the Marine Mammal Authorization Program (MMAP) from their state. If they do not have a state or Federal fishery permit or license, they can request an MMAP registration form from their regional NMFS office and mail in the registration form.

III. Data
