organization or other entity requesting a hearing; (2) A brief statement of the requesting person’s interest in EPA’s determination, a brief explanation as to why EPA should hold a hearing, and any other information that the requesting person wants EPA to consider when determining whether to grant the request; (3) The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

In the event a hearing is requested and granted, EPA will provide notice of the hearing in the Federal Register not less than 15 days prior to the scheduled hearing date. Frivolous or insubstantial requests for hearing may be denied by EPA. Following such a public hearing, EPA will review the record of the hearing and issue an order either affirming today’s determination or rescinding such determination. If no timely request for a hearing is received and granted, EPA’s approval of the Commonwealth of Massachusetts’ request to revise its part 142—National Primary Drinking Water Regulations Implementation program to allow electronic reporting will become effective 30 days after today’s notice is published, pursuant to 40 CFR part 2, subpart B.

SUPPLEMENTARY INFORMATION:
Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit http://www.epa.gov/dockets.

Abstract: This ICR addresses the electronic reporting components of the Cross-Media Electronic Reporting Rule (CROMERR), which is designed to: (i) Allow EPA to comply with the Government Paperwork Elimination Act of 1998; (ii) provide a uniform, technology-neutral framework for electronic reporting across all EPA programs; (iii) allow EPA programs to offer electronic reporting as they become ready for CROMERR; and (iv) provide states with a streamlined process—together with a uniform set of standards—for approval of their electronic reporting provisions for all their EPA-authorized programs. Responses to the collection of information are voluntary. In order to accommodate CBI, the information collected must be in accordance with the confidentiality regulations set forth in 40 CFR part 2, subpart B. Additionally, EPA will ensure that the information collection procedures comply with the Privacy Act of 1974 and the OMB Circular 108.

Respondent’s obligation to respond: Voluntary, required to obtain or retain a benefit (Cross-Media Electronic Reporting Rule (CROMERR) established to ensure compliance with the Government Paperwork Elimination Act (GPEA)).

Estimated number of respondents: 175,047 (total).

Frequency of response: On occasion.

Total estimated burden: 83,837 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: $4,055,829 (per year), including $569,916 in annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 34,233 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase occurred primarily because of the launch of substantial new e-reporting systems by EPA, such as lead-based paint abatement notifications, and the anticipated launch of the e-Manifest system. Additionally, based on consultations with industry and state, tribal, and local agencies, EPA increased some of the previous burden estimates to reflect a more realistic average.
