SUPPLEMENTARY INFORMATION: The purpose of the meeting is for the CPSMT and the CPSAS to consider items relevant to the March and April Pacific Council meetings. These topics may include ecosystem-based management matters, the upcoming acoustic-trawl survey methodology review, terms of reference for stock assessment and methodology reviews, and administrative matters.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The public listening station is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at kris.kleinschmidt@noaa.gov or phone: (503) 820–2411 at least 10 days prior to the meeting date.

Jeffrey N. Lonergan,
Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 52 assessment webinar I for Gulf of Mexico red snapper.

SUMMARY: The SEDAR 52 assessment process of Gulf of Mexico red snapper will consist of an in-person workshop and a series of assessment webinars. See SUPPLEMENTARY INFORMATION.

DATES: The SEDAR 52 assessment webinar I will be held on Thursday, February 8, 2018, from 2 p.m. to 4 p.m. Eastern Time.

ADDRESS: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see FOR FURTHER INFORMATION CONTACT) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; email: julie.neer@safmc.net

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, non-government organizations (NGO’s); International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the assessment webinar I are as follows: 1. Using dataset and initial assessment analysis recommended from the in-person workshop, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

2. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see ADDRESSES) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 et seq.

Jeffrey N. Lonergan,
Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Mid-Atlantic Fishery Management Council (MAFMC); Public Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) will hold two training workshops for the purpose of providing instruction to for-hire operators on electronic reporting of vessel trip reports (VTRs).

DATES: The workshops will be held on February 10, 2018, 9 a.m. to 5 p.m., and February 24, 2018, 9 a.m. to 5 p.m.
ADDRESSES: The workshop dates and locations are as follows:
- February 10th at the DoubleTree by Hilton Boston North Shore, 50 Ferncroft Rd., Danvers, MA; phone: (978) 777–2500.
- February 24th at the Clarion Hotel & Convention Center, 815 Route 37 West, Toms River, NJ; phone: (732) 341–6101.

These workshops have a limited number of spaces. Participants are strongly encouraged to register early so that workshop personnel can work with each individual prior to the workshop to establish needed accounts for reporting systems. To ensure attendance, please register at http://www.mafmc.org/forms/evtr-workshop-registration or email the workshop coordinator at aloydus@andrewloftus.com.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State St., Suite 201, Dover, DE 19901; telephone: (302) 674–2331.

FOR FURTHER INFORMATION CONTACT: Andrew Loftus, eVTR Outreach Workshop Coordinator; telephone: (410) 295–5997; email: aloydus@andrewloftus.com or Christopher M. Moore, Ph.D. Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302) 526–5255. The Council’s website, www.mafmc.org also has details on the proposed agenda and briefing materials.

SUPPLEMENTARY INFORMATION: NOAA Fisheries has issued a final rule requiring the use of electronic vessel trip reports (VTRs) by vessel owners/operators holding Federal charter or party permits for species managed by a Mid-Atlantic Fishery Management Council FMP while on trips carrying passengers for hire. Electronic VTRs must be submitted through a NOAA-approved software application within 48 hours following the completion of a fishing trip. Vessels with Federal charter or party permits for any of the following species will be bound by this rule:
- Atlantic mackerel
- Squid
- Butterfish
- Summer Flounder
- Scup
- Black sea bass
- Bluefish
- Tilefish

This action takes effect March 12, 2018, and changes only the required method of transmitting VTRs and the submission date; the required data elements and all other existing reporting requirements will not change. These workshops will provide information and training on select systems in preparation for this action.

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526–5251, at least 5 days prior to the meeting date.

Jeffrey N. Lonergan,
Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

SUMMARY: The Pacific Fishery Management Council’s (Pacific Council) Ad Hoc Ecosystem Workgroup (EWG) will hold a webinar, which is open to the public.

DATES: The webinar will be held Monday, February 26, 2018. It will start at 1:30 p.m. and continue until 3:30 p.m.

ADDRESSES: The meeting will be held via webinar. A public listening station is available at the Pacific Council office (address below). To attend the webinar (1) join the meeting by visiting this link http://www.gotomeeting.com/online/webinar/join-webinar, (2) enter the Webinar ID: 745–857–467, and (3) enter your name and email address (required).
