SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

This data collection project will be coordinated by the NOAA Marine Debris Program, and involve recreational and commercial vessels (respondents), shipboard observers (respondents), NGOs (respondents) as well as numerous experts on marine debris observations at sea. The Shipboard Observation Form for Floating Marine Debris was created based on methods used in studies of floating marine debris by established researchers, previous shipboard observational studies conducted at sea by NOAA, and the experience and input of recreational sailors. The goal of this form is to be able to calculate the density of marine debris within an area of a known size. Additionally, this form will help collect data on potential marine debris resulting from future severe marine debris generating events in order to better model movement of the debris as well as prepare (as needed) for debris arrival. This form may additionally be used to collect data on floating marine debris in any water body.

II. Method of Collection

Respondents have a choice of either electronic or paper forms. Methods of submittal include email of electronic forms, and mail and facsimile transmission of paper forms.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Rocky Intertidal Monitoring Surveys Along the Oregon and California Coasts

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; request for comments.

SUMMARY: NMFS has received a request from Partnership for Interdisciplinary Study of Coastal Oceans (PISCO) at the University of California Santa Cruz (UCSC) for authorization to take marine mammals incidental to rocky intertidal monitoring surveys at locations in Oregon and California. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an incidental harassment authorization (IHA) to incidentally take marine mammals during the specified activities. NMFS will consider public comments prior to making any final decision on the issuance of the requested MMPA
