

to help determine the subject's eligibility for employment or security clearance, and request that the source complete the form to help in this determination. Generally, the subject of the investigation will identify these employment references, associates, and schools on his or her SF 85, SF 85P, or SF 86 questionnaire.

OPM proposes the following modifications to the INV 40, INV 41, INV 42, INV 43 and INV 44. On all of the forms, an explanation was added to address the need to have the forms completed and returned as soon as possible. The Privacy Act Information section changed from, "The information you provide, including your identity, will be disclosed to the person being investigated and other federal agencies, at this person's request" to "The information you provide, including your identity, will be furnished to the agency requesting the investigation, other agencies as warranted, and to the person investigated upon his or her specific request. Routine uses for disclosure of investigative records are published in the **Federal Register** at 81 FR 70194-95." The INV 41 and INV 43, Instruction, "Your name has been provided by the person" was amended to "Your contact information was provided by the person." The INV 41, 42, 43, and 44 were amended to refer to the purpose of the investigations as "eligibility for employment or security clearance" for uniformity. The INV 41 and INV 42 Privacy Act Information, "Providing additional information on this form will void your request for confidentiality" was removed. Specific instructions for requesting confidentiality are provided in block 6 on the INV 41 and block 8 on the INV 42. Changes were made to OPM's form processing options found on the INV 40, INV 41, INV 43, and INV 44. Modifications were made to clarify the use of the "additional information" section on the INV 41, INV 42, INV 43, and INV 44.

In an effort to align the collection of information obtained through written inquiries and the collection of information disclosed by the subject of the background investigation on the standard form questionnaires, the following changes were made. INV 41 (#2) (e) "Fired for unfavorable employment or conduct" was amended to "Fired"; (f) "Resigned after informed of possible firing" was amended to "Quit after being told they would be fired"; (g) "Left employment by mutual agreement due to specific problems" was amended to "Left by mutual agreement following charges or allegations of misconduct"; and (h) "left

by mutual agreement following notice of unsatisfactory performance." was added. INV 41 (#2) and INV 42 (#7) "abuse of drugs" was amended to "abuse/illegal use of drugs."

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82529; File No. SR-CBOE-2018-003]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Delete Obsolete Rules

January 18, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 3, 2018, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delete Rules that no longer apply to the Exchange and make other nonsubstantive changes to the Rules. The text of the proposed rule change is available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to delete Rules that no longer apply to the

Exchange and to make other nonsubstantive changes to the Rules.

Deletion of Rules

The Exchange proposes to delete the following rules and chapters from its rulebook:

- *Rule 2.40—Market-Maker Surcharge for Brokerage.* Rule 2.40 operated as a pilot program until March 30, 2000, at which time the program expired (and the Exchange did not request renewal). The Exchange does not impose a surcharge on Market-Maker transactions pursuant to this rule. Any fees and rebates applicable to any Market-Maker transactions are included in the Cboe Options Fees Schedule.

- *Rule 6.2—Trading Rotations.* Rule 6.2 states the Exchange may use the procedures described in current Rules 6.2, 6.2A, or 6.2B to conduct trading rotations in all options listed on the Exchange. Currently, the Exchange only uses the procedures set forth in current Rule 6.2B to conduct trading rotations, and no longer conducts trading rotations pursuant to current Rule 6.2. Therefore, this provision no longer applies to trading on the Exchange.³

- *Rule 6.2A—Rapid Opening System (“ROS”).* The Exchange used ROS prior to open options prior to implementation of the Exchange’s Hybrid Trading System, which includes the Hybrid 3.0 Platform. Currently, all options listed on the Exchange trade on its Exchange’s Hybrid Trading System. As stated in Rule 6.2A, ROS does not apply to series trading on the Hybrid Trading System, which open on the Cboe Options Hybrid Opening System (“HOSS”) (pursuant to Rule 6.2B). Therefore, Rule 6.2A no longer applies to any options listed for trading on the Exchange.⁴

- *Rules 6.8—RAES Operations and 6.9—Automatic ORS Order Execution Against Booked Orders.* The Exchange’s Retail Automatic Execution System (“RAES”) was an automated execution system feature of the Exchange’s Order Routing System (“ORS”) operated by the Exchange and that provided automated order execution and reporting services for options. RAES and ORS are no longer used, as all options

³ The proposed rule change makes corresponding changes to the following rules to delete references to ROS and the rule proposed to be deleted: Rules 6.6, 6.18, 6.25(b)(1), 6.73(c), 8.60(c)(7) and Interpretation and Policy .02, 21.11, 22.11, and 24.13.

⁴ The proposed rule change makes corresponding changes to the following rules to delete references to ROS and the rule proposed to be deleted: Rules 1.1(fff) and (ggg), 6.2, 6.6, 6.18, 6.25(b)(1), 8.60(c)(7) and Interpretation and Policy .02, 22.11, 24.13. Because the proposed rule change deletes both Rules 6.2 and 6.2A, the proposed rule change also renumbers Rule 6.2B to be Rule 6.2, and makes corresponding changes throughout the Rules.
