SUPPLEMENTARY INFORMATION: The scoping meetings will be conducted via webinar accessible via the internet from the Council's website at www.safmc.net. The scoping meetings will begin at 6 p.m. Registration for the webinars is required. Registration information will be posted on the Council's website at www.safmc.net as it becomes available.

Public scoping is the beginning phase of amendment development. The Council will gather public input and ideas on how to solve a fishery problem or address a need. The public is encouraged to identify issues, potential impacts, and reasonable solutions for options being considered in each amendment.

Amendment 47 to the Snapper Grouper FMP

Amendment 47 considers options for limiting entry into the for-hire Snapper Grouper fishery, establishing a mechanism that would allow new entrants into the for-hire Snapper Grouper fishery under limited entry, and modifying regulations that prevent anglers onboard federally permitted for-hire Snapper Grouper vessels from possessing Snapper Grouper species in state waters when harvest of these species closes in federal waters.

Regulatory Amendment 29 to the Snapper Grouper FMP

Regulatory Amendment 29 addresses the use of best fishing practices to reduce discards and discard mortality for species in the snapper grouper management complex, including: The use of venting tools and descending devices to release fish experiencing barotrauma, modification to the non-stainless-steel circle hook requirement, and specification of allowable rigs. The draft amendment also includes options to modify current regulations for the use of powerhead gear.

Regulatory Amendment 32 to the Snapper Grouper Fishery Management Plan

Regulatory Amendment 32 considers modifications to yellowtail snapper accountability measures (AM) to minimize the probability of in-season closures and consequent socio-economic impacts.

During the scoping meetings, Council staff will present an overview of the amendment and will be available for informal discussions and to answer questions via webinar. Members of the

public will have an opportunity to go on record to record their comments for consideration by the Council. Public scoping documents and presentations for each amendment will be posted to the Council's website at <http://safmc.net/safmc-meetings/public-hearings-scoping-meetings/> as they become available.

SUPPLEMENTARY INFORMATION:

I. The Privacy Act

Under the Privacy Act of 1974, 5 U.S.C. 552a, a "system of records" is defined as any group of records under the control of a Federal government agency from which information about individuals is retrieved by name or by some identifying number, symbol, or other identifying particular assigned to the individual. The Privacy Act establishes the means by which government agencies must collect, maintain, and use information about an individual in a government system of records.

Each government agency is required to publish a notice in the **Federal Register** in which the agency identifies and describes each system of records it maintains, the reasons why the agency

uses the information therein, the routine uses for which the agency will disclose such information outside the agency, and how individuals may exercise their rights under the Privacy Act.

In accordance with 5 U.S.C. 552a(r), CFTC has provided reports of these systems of records to the Office of Management and Budget (OMB) and to Congress.

II. Background

The Commodity Futures Trading Commission (CFTC or Commission) is republishing two existing SORNs: CFTC-39, Freedom of Information Act Requests and CFTC-40, Privacy Act Requests. The SORNs are being republished to add three routine uses, clarify existing routine uses, and bring the SORN in compliance with OMB Circular A-108 SORN template. The records covered under the Freedom of Information Act Requests SORN are collected and maintained to process requests made under the provisions of the FOIA, and to assist the CFTC in carrying out any other responsibilities relating to the FOIA. The records covered under the Privacy Act Requests SORN are collected and maintained to process requests made under the provisions of the Privacy Act, and to assist the CFTC in carrying out any other responsibilities relating to the Privacy Act. Two routine uses are being added to both SORNs to permit sharing with other Federal agencies or Federal entities as required by OMB Memorandum 17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information." These routine uses will assist the CFTC and/or other Federal agencies or entities in responding to a suspected or confirmed breach and/or prevent, minimize, or remedy the risk of harm to the requesters, the CFTC, the Federal government, or national security. A third routine use is being added to both SORNs to permit sharing with the National Archives and Records Administration (NARA), Office of Government Information Services (OGIS) so OGIS can review administrative policies, procedures, and compliance, and to facilitate resolutions to disputes between persons making FOIA requests and the CFTC. Additional updates to both SORNs include clarifying the specific routine uses applicable to each system of records, and administrative updates including section name and organization updates to comply with the OMB Circular A-108 SORN template format.
