3. Commenters stated that HUD should try to streamline its over-income policies across multiple HUD programs. **HUD Response:** HUD appreciates the suggestion. However, this comment is outside of the scope of this notice. In many cases, over-income policies vary by program due to program design and funding structures, so HUD is limited in its ability to align such requirements.

**III. Implementation**

Through this notice, HUD is announcing that as of the date this notice is effective, HUD will be following the provisions of section 16(a)(5) of the 1937 Act, as added by section 103 of HOTMA, using the method of determining the over-income limit as described in the November 29, 2016, notice. PHAs must update their Admissions and Continued Occupancy Policies (ACOP) to implement these changes. Such policies must include the imposition of an over-income limit in the programs at all instances of when the two-year timeframe begins, and notification requirements. If the implementation of this provision requires a significant amendment to a PHA’s annual plan, a PHA should immediately take steps to complete the significant amendment process in order to effectuate the policy change. PHAs must complete all relevant policy and PHA plan changes no later than 6 months after the effective date of this notice.

Once a PHA has completed updates to its ACOP and, if necessary, its PHA plan, when the PHA becomes aware, through an annual reexamination or an interim reexamination for an increase in income, that a family’s income exceeds the applicable income limit, the PHA must, per section 16(a)(5) of the 1937 Act, document that the family exceeds the threshold to compare with the family’s income a year later.

If, one year after the initial determination by the PHA that a family’s income exceeds the over-income limit, the family’s income continues to exceed the over-income limit, the PHA must, as required by section 16(a)(5) of the 1937 Act, provide written notification to the family that their income has exceeded the over-income limit for one year, and that if the family’s income continues to exceed the over-income limit for the next 12 consecutive months, the family will be subject to either a higher rent or termination based on the PHA’s policies. If, however, a PHA discovers through an annual or interim reexamination that a previously over-income family has income that is now below the over-income limit, the family is no longer subject to these provisions. The family is entitled to a new 2-year grace period if the family’s income once again exceeds the over-income limit. HUD will provide additional information on where to locate applicable income limits, guidelines for PHAs to set alternative rents for over-income families, and any other guidance regarding this provision in a forthcoming notice.

**IV. Environmental Impact Certification**

This notice involves statutorily required income limits and exclusions with regard to eligibility for or calculation of HUD housing assistance or rental assistance which does not constitute a development decision affecting the physical condition of specific project areas or building sites. Accordingly, under 24 CFR 50.19(c)(6), this notice is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).
