

MCC shall follow the provisions of the Debt Collection Act of 1982, as amended, and its administrative procedures, including the use consumer reporting agencies, collection agencies, and offset.

(l) *Aggregating requests.* The requester or a group of requesters may not submit multiple requests at the same time, each seeking portions of a document or documents solely in order to avoid payment of fees. When the FOIA Program Officer reasonably believes that a requester is attempting to divide a request into a series of requests to evade an assessment of fees, the FOIA Program Officer may aggregate such requests and charge accordingly. MCC may presume that multiple requests of this type made within a thirty (30) calendar day period have been made in order to avoid fees. For requests separated by a longer period, MCC will aggregate them only where there is a reasonable basis for determining that aggregation is warranted in view of all the circumstances involved. Multiple requests involving unrelated matters cannot be aggregated.

(m) *Advance payment of fees.* (1) MCC may require an advanced payment of fees if the requestor previously failed to pay fees or if the FOIA Program Officer determines the total fee will exceed \$250.00. When payment is required in advance of the processing of a request, the time limits prescribed in § 1304.5 shall not be deemed to begin until the requester has paid the assessed fees.

(2) In cases in which MCC requires advance payment, the request will not be considered received and further work will not be completed until the required payment is received. If the requester does not pay the advance payment within thirty (30) calendar days after the date of the fee determination, the request will be closed. Where it is anticipated that the cost of providing the requested record will exceed \$25.00 but falls below \$250.00 after the free duplication and search time has been calculated, MCC may, in its discretion may require either an advance deposit of the entire estimated charges or written confirmation of the requester's willingness to pay such charges.

(3) Where the requester has previously failed to pay a properly charged FOIA fee within thirty (30) calendar days of the billing date, MCC may require the requester to pay the full amount due plus any applicable interest on that prior request, and/or require that the requester make an advance payment of the full amount of the anticipated fee before MCC begins a new request or

continues to process a pending request or any pending appeal. If MCC has a reasonable basis to believe that a requester has misrepresented the requester's identity in order to avoid paying outstanding fees, MCC may require that the requester provide proof of identity.

§ 1304.12 Other rights and services.

Nothing in this part shall be construed to entitle any person a right to any service or to the disclosure of any record to which such person is not entitled under the FOIA.

Dated: July 17, 2018.

Tamiko N.W. Watkins,

Chief FOIA Officer, Millennium Challenge Corporation.

BILLING CODE 9211-03-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2018-0660]

Drawbridge Operation Regulation; Jamaica Bay, Queens, NY

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Marine Parkway (Gil Hodges Memorial) bridge across Jamaica Bay (Rockaway Inlet), mile 3.0, at Queens, NY. The deviation is necessary to complete rehabilitation work on the bridge. This deviation allows the bridge owner to require two hours advance notice before opening the bridge.

DATES: This deviation is effective from 8 a.m. on July 30, 2018, to 4 p.m. on November 30, 2018.

ADDRESSES: The docket for this deviation, USCG-2018-0660 is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH". Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Judy Leung-Yee, Bridge Management Specialist, First District Bridge Branch, U.S. Coast Guard; telephone 212-514-4336, email Judy.K.Leung-Yee@uscg.mil.

SUPPLEMENTARY INFORMATION: The owner of the bridge, Metropolitan Transportation Authority Bridges and Tunnels, requested a temporary deviation from the normal operating schedule in order to complete rehabilitation work associated with the replacement of lift span machinery. The Marine Parkway (Gil Hodges Memorial) Bridge across Jamaica Bay (Rockaway Inlet), mile 3.0 at Queens, New York has a vertical clearance of 55 feet at mean high water and 59 feet at mean low water in the closed position. The existing drawbridge operating regulations are listed at 33 CFR 117.795(a).

The temporary deviation will allow the owner of the Marine Parkway (Gil Hodges Memorial) bridge to require vessels seeking an opening of the draw to provide a minimum of two hours of advance notice on weekdays (Monday through Friday) between the hours of 8 a.m. and 4 p.m. from July 30, 2018 to November 30, 2018 by submitting a request for the opening of the draw. Requiring a minimum of two hours of advance notice before opening the draw allows for sufficient time to alert all affected personnel engaged in bridge rehabilitation work to vacate the lift span and all machinery areas along with removing and/or securing materials and equipment prior to lifting the bridge.

The waterway is transited by seasonal recreational traffic as well as commercial vessels, largely tug and barge combinations. The 55 foot vertical clearance while the bridge is in the closed position offers the bulk of commercial traffic sufficient room to transit under the bridge in the closed position. Vessels that can pass under the bridge without an opening may do so at all times. The bridge will be able to open for emergencies. There is no immediate alternate route for vessels unable to pass through the bridge when in the closed position.

The Coast Guard will inform users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by this temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 23, 2018.

C.J. Bisignano,

*Supervisory Bridge Management Specialist,
First Coast Guard District.*

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2018-0701]

Drawbridge Operation Regulation; Willamette River at Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs two Multnomah County bridges: Morrison Bridge, mile 12.8, and Hawthorne Bridge, mile 13.1 crossing the Willamette River at Portland, OR. This deviation is necessary to accommodate the annual Providence Bridge Pedal event. The deviation allows the bridges to remain in the closed-to-navigation position.

DATES: This deviation is effective from 6 a.m. to 11 a.m. on August 12, 2018.

ADDRESSES: The docket for this deviation, USCG-2018-0701 is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206-220-7282, email d13-pf-d13bridges@uscg.mil.

SUPPLEMENTARY INFORMATION:

Multnomah County, the bridge owner, has requested a temporary deviation from the operating schedule for the Morrison Bridge, mile 12.8, and Hawthorne Bridge, mile 13.1, both crossing the Willamette River at Portland, OR. The requested deviation will accommodate the Providence Bridge Pedal event, an annual cycling and walking event across several Willamette River crossings. The vertical clearances for these bridges in the closed-to-navigation position are 69 feet for the Morrison Bridge and 49 feet for the Hawthorne Bridge respectively, as measured against the vertical clearance above Columbia River Datum 0.0. The

normal operating schedule for the subject bridges is 33 CFR 117.897. This deviation allows the Morrison Bridge and Hawthorne Bridge to remain in the closed-to-navigation position, from 6 a.m. to 11 a.m. on August 12, 2018.

Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. Vessels able to pass through the subject bridges in the closed-to-navigation position may do so at any time. The bridges will be able to open for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard has conducted public outreach regarding this temporary deviation to known mariners that transit this part of the river. The Coast Guard has not received any objections to this temporary deviation from the operating schedule. The Coast Guard will inform the users of the waterway, through our Local and Broadcast Notices to Mariners, of the change in operating schedule for the bridges so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridges must return to their regular operating schedules immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 23, 2018.

Steven M. Fischer,

Bridge Administrator, Thirteenth Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2018-0708]

RIN 1625-AA00

Safety Zone; Lower Mississippi River, Natchez, MS

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain navigable waters of the Lower Mississippi River upriver of the Bienville Trace Scenic Byway/US-425 Bridge in Natchez, MS. This action is necessary to provide for the safety of persons, vessels, and the marine environment during a fireworks display.

Entry of persons or vessels into this zone is prohibited unless authorized by the Captain of the Port Sector Lower Mississippi River or a designated representative.

DATES: This rule is effective from 9 p.m. through 10 p.m. on July 27, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2018-0708 in the "SEARCH" box and click "SEARCH." Click on "Open Docket Folder" on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions about this rulemaking, call or email Petty Officer Todd Manow, Waterways Management, Sector Lower Mississippi River, U.S. Coast Guard; telephone 901-521-4813, email Todd.M.Manow@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port Sector Lower Mississippi River
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency, for good cause, finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish this safety zone by July 27, 2018, and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule. The NPRM process would delay the establishment of the safety zone until after the date of the event and compromise public safety.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to public interest because immediate action is necessary to protect
