#### Seamless Refined Copper Pipe and Tube From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2016-2017

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) is rescinding its administrative review of the antidumping duty order on seamless refined copper pipe and tube (copper pipe and tube) from the People's Republic of China (China) for the period of review (POR) November 1, 2016, through October 31, 2017.

**DATES:** Applicable July 27, 2018.

**FOR FURTHER INFORMATION CONTACT:** Maisha Cryor AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5831.

#### SUPPLEMENTARY INFORMATION:

##### Background

On November 1, 2017, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on copper pipe and tube from China for the period November 1, 2016, through October 31, 2017.<sup>1</sup> On November 21, 2017, the Ad Hoc Coalition for Domestically Produced Seamless Refined Copper Pipe

and Tube and its individual members<sup>2</sup> (collectively, the petitioners), timely requested that Commerce conduct an administrative review of this antidumping duty order with respect to Golden Dragon Precise Copper Tube Group, Inc. (Golden Dragon).<sup>3</sup> On January 11, 2018, Commerce initiated an administrative review with respect to Golden Dragon, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i).<sup>4</sup> On March 29, 2018, the petitioners timely withdrew their request for an administrative review.<sup>5</sup>

#### Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. In this case, the petitioners withdrew their request for review by the 90-day deadline. Because Commerce received no other request for a review of the antidumping duty order with respect to Golden Dragon, and no other requests were made for a review of the antidumping duty order with respect to other companies, we are rescinding this administrative review covering the period November 1, 2016, through October 31, 2017, in accordance with 19 CFR 213(d)(1).

#### Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of copper pipe and tube from China during the POR. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

<sup>2</sup> The individual members of Ad Hoc Coalition for Domestically Produced Seamless Refined Copper Pipe and Tube are Cerro Flow Products, LLC, Wieland Copper Products, LLC, Howell Metal Company, Mueller Copper Tube Products, Inc., and Mueller Copper Tube Company, Inc.

<sup>5</sup> See Letter from the petitioners, "Seamless Refined Copper Pipe and Tube from China: Withdrawal of Request for Antidumping Duty Administrative Review," dated March 29, 2018.

#### Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: July 20, 2018.

### International Trade Administration

#### Annual U.S. Industry Program at the International Atomic Energy Agency (IAEA) General Conference; Meeting

**AGENCY:** International Trade Administration, U.S. Department of Commerce.

**ACTION:** Notice of 11th Annual U.S. Industry Program at the International Atomic Energy Agency (IAEA) General Conference.

#### Mission Description

The United States Department of Commerce's (DOC) International Trade Administration (ITA), with participation

from the U.S. Departments of Energy and State, is organizing the 11th Annual U.S. Industry Program at the International Atomic Energy Agency (IAEA) General Conference, to be held September 16–19, 2018, in Vienna, Austria. The IAEA General Conference is the premier global meeting of civil nuclear policymakers and typically attracts senior officials and industry representatives from all 162 Member States. The U.S. Industry Program is part of the U.S. Department of Commerce's (DOC) Civil Nuclear Trade Initiative, a U.S. Government effort to help U.S. civil nuclear companies identify and capitalize on commercial civil nuclear opportunities around the world. The purpose of the program is to help the U.S. nuclear industry promote its services and technologies to an international audience, including senior energy policymakers from current and emerging markets as well as IAEA staff.

Representatives of U.S. companies from across the U.S. civil nuclear supply chain are eligible to participate. In addition, organizations providing related services to the industry, such as universities, research institutions, and U.S. civil nuclear trade associations, are eligible for participation. The mission will help U.S. participants gain market insights, make industry contacts, solidify business strategies, and identify or advance specific projects with the goal of increasing U.S. civil nuclear exports to a wide variety of countries interested in nuclear energy.

The schedule includes: Meetings with foreign delegations and discussions with senior U.S. Government officials on important civil nuclear topics including regulatory, technology and standards, liability, public acceptance, export controls, financing, infrastructure development, and R&D cooperation. Past U.S. Industry Programs have included participation by the U.S. Secretary of Energy, the Chairman of the U.S. Nuclear Regulatory Commission (NRC) and senior U.S. Government officials from the Departments of Commerce, Energy, State, the Export-Import Bank of the United States and the National Security Council.

There are significant opportunities for U.S. businesses in the global civil nuclear energy market. With 55 reactors currently under construction in 15 countries and 160 nuclear plant projects planned in 27 countries over the next 8–10 years, this translates to a market demand for equipment and services totaling \$500–740 billion over the next ten years. This mission contributes to DOC's Civil Nuclear Trade Initiative by assisting U.S. businesses in entering or expanding in international markets.
