SUPPLEMENTARY INFORMATION: The Institute of Museum and Library Services is the primary source of federal support for the nation’s libraries and museums. We advance, support, and empower America’s museums, libraries, and related organizations through grant making, research, and policy development. Our vision is a nation where museums and libraries work together to transform the lives of individuals and communities. To learn more, visit www.imls.gov.

Current Actions: IMLS is requesting the approval of the Notice of Funding Opportunity for the following grant program for the next three years. Native Hawaiian grants are competitive grants available to carry out activities, described in 20 U.S.C. 9141, that enhance existing library services or implement new library services. Native Hawaiian Library Services grants are available to nonprofit organizations that primarily serve and represent Native Hawaiians (as the term is defined in 20 U.S.C. 7517). The term “Native Hawaiian” refers to an individual who is a citizen of the United States and a descendant of the aboriginal people who, before 1778, occupied and exercised sovereignty in the area that now comprises the State of Hawaii. Successful Native Hawaiian grant projects should result in measurable changes and outcomes, such as increased understanding, interest, and confidence among participants.

Successful Native Hawaiian grant projects support the activities described in 20 U.S.C. 9141, for example: • Support for individuals’ needs for education, lifelong learning, workforce development, and digital literacy skills; • Improvement of the quality of and access to library and information services; and • Enhancement of the skills of the current library workforce and leadership.

This action is to renew the forms and instructions for the Notice of Funding Opportunities for the next three years.

**SUPPLEMENTARY INFORMATION:**

**I. Discussion**

The NRC issued revisions to NUREG–1556, Volumes 5 and 8, to provide guidance to existing materials licensees covered under these types of licenses and to applicants preparing an application for one of these types of materials licenses. These NUREG volumes also provide the NRC staff with criteria for evaluating these types of license applications. The purpose of this notice is to notify the public that the NUREG–1556 volumes listed in this Federal Register notice were issued as final reports.

**II. Additional Information**

The NRC published notices of the availability of the draft report for comment versions of NUREG–1556, Volume 5, Revision 1 in the Federal Register on January 27, 2017 (82 FR 8630) and Volume 8, Revision 1 in the Federal Register on February 8, 2017 (82 FR 9756). Both of these volumes were published for a public comment period that was at least 37 days. The public comment period closed for Volume 5 on March 10, 2017 and for Volume 8 on March 17, 2017. Public comments and the NRC staff responses to the public comments for NUREG–1556, Volume 5, Revision 1 are available under ADAMS Accession No. ML18157A285. Public comments and the NRC staff responses to the public comments for NUREG–1556, Volume 8, Revision 1 are available under ADAMS Accession No. ML17235B228.

**III. Congressional Review Act**

These NUREG volumes are rules as defined in the Congressional Review Act (5 U.S.C. 801–808). However, the Office of Management and Budget has defined in the Congressional Review Act (5 U.S.C. 801–808). However, the Office of Management and Budget has not found these NUREG revisions to be major rules as defined in the Congressional Review Act.

Dated at Rockville, Maryland, this 25th day of July, 2018.

For the Nuclear Regulatory Commission.

**Nuclear Regulatory Commission**

**ACTION:** License renewal application; opportunity to request a hearing and to petition for leave to intervene.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) received an application from Water Remediation Technology, LLC for renewal of Materials License No. SUC–1591, which authorizes the licensee to offer a water treatment program to remove uranium from drinking water at community water systems, for another 10-year term. This application, which is still under consideration by the NRC, also requested authorization to expand the scope of WRT’s licensed activities to include treatment of uranium in groundwater and surface water resources not used for drinking water. Subsequently, the NRC received a request from WRT to extend the term of the renewed license to 20 years.

**DATES:** A request for a hearing or petition for leave to intervene must be filed by September 28, 2018.
