

(3) *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* The form number is CJ-38. The applicable component within the Department of Justice that is sponsoring this collection is the Bureau of Justice Statistics, Office of Justice Programs.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Respondents will include all publicly-funded state, county, local and tribal law enforcement agencies in the United States that employ the equivalent of at least one full-time sworn officer with general arrest powers. Both general purpose agencies (*i.e.*, any public agency with sworn officers whose patrol and enforcement responsibilities are primarily delimited by the boundaries of a municipal, county, or state government) and special purpose agencies (*e.g.*, tribal, campus law enforcement, transportation, natural resources, etc.) meeting the above description will be asked to respond.

Abstract: BJS has conducted the CSLLEA regularly since 1986. The 2018 CSLLEA will be the seventh administration. Historically, the CSLLEA generates an enumeration of all publically funded state, county, local and tribal law enforcement agencies operating in the United States. The CSLLEA provides complete personnel counts and an overview of the functions performed for approximately 20,000 law enforcement agencies operating nationally.

The 2018 CSLLEA collection involves two phases. In the first phase, BJS will cognitively test the revised instrument with 48 agencies based on agency type (*i.e.*, local and county police, sheriff's office, or special purpose) and size (*i.e.*, 100 or more full-time equivalent sworn officers or less than 100 full-time equivalent sworn officers). A maximum of 8 agencies of each type and size will participate in testing. BJS has reduced the number of items from the 2014 administration but has included additional items on limited sworn officers. Additionally, BJS will continue to refine the universe frame by verifying agency in-service status, contact information and de-duplicating agencies.

Pending positive results from the first phase, in the second phase, BJS will conduct the main data collection. The 2018 CSLLEA is designed to collect general information on state, county, local and tribal law enforcement agencies. The survey asks about the level of government that operates the agency; total operating budget; full-time and part-time personnel counts for fully sworn officers, limited sworn officers

and non-sworn employees; gender and primary job responsibility of full-time sworn officers; and the functions the agency performs on a regular or primary basis. Upon completion, the 2018 CSLLEA will serve as the sampling frame for future law enforcement surveys administered by BJS.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* For the cognitive testing, BJS is planning 48 agencies with an estimated total respondent burden of 90 minutes. For the full data collection, BJS estimates a maximum of 20,000 state, county, local and tribal law enforcement agencies with a respondent burden of about 45 minutes per agency, including the follow-up time.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The estimated total respondent burden for the cognitive testing is 72 hours. The maximum respondent burden for the full data collection is approximately 15,000 burden hours. Therefore, total burden for both phases is approximately 15,072 burden hours.

DEPARTMENT OF LABOR

Employment and Training Administration

Agency Information Collection Activities; Comment Request; YouthBuild (YB) Reporting System

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), Employment and Training Administration is soliciting comments concerning a proposed revision for the authority to conduct the information collection request (ICR) titled, "YouthBuild Reporting System." This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in

accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by March 27, 2018.

ADDRESSES: A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free by contacting Jenn Smith by telephone at (202) 693-3597 (this is not a toll-free number), TTY at 1-877-889-5627, or by email at smith.jenn@dol.gov.

Submit written comments about, or requests for a copy of, this ICR by mail or courier to the U.S. Department of Labor, Division of Youth Services, 200 Constitution Avenue NW, Room N4508, Washington, DC 20210; by email: smith.jenn@dol.gov; or by Fax: 202-693-3113.

FOR FURTHER INFORMATION CONTACT: Jenn Smith by telephone at (202) 693-3597 (this is not a toll-free number) or by email at smith.jenn@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The Department of Labor, Employment and Training Administration (ETA) proposes revising the reporting and recordkeeping requirements of the YouthBuild (YB) program. This reporting structure features standardized data collection for program participants through quarterly Management Information System (MIS) performance reports and Work Site Description and Housing Census report formats. All data collection and reporting is done by YouthBuild grantees.

The quarterly performance report (ETA-9136) includes aggregate and participant-level information on demographic characteristics, types of services received, placements, outcomes, and follow-up status. Specifically, these reports collect data on individuals who receive education, occupational skill training, leadership development services, and other

services essential to preparing at-risk youth for in-demand occupations through YouthBuild programs. There are no changes proposed for ETA-9136 in this information collection request package. The Work Site Description and Housing Census (ETA-9143) requests information on the proposed work sites for low-income or homeless individual or families on which YouthBuild participants will be trained and participate in construction skills activities. This form also requests annual information on the number of houses or apartments that were built or renovated each year and allows ETA to demonstrate on an annual basis the increase in affordable housing units supported by YouthBuild.

The accuracy, reliability, and comparability of program reports submitted by grantees using Federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The use of a standard set of data elements, definitions, and specifications at all levels of the workforce system helps improve the quality of performance information that is received by ETA.

The Workforce Innovation and Opportunity Act (29 U.S.C. 3101) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB 1205-0464.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

OFFICE OF MANAGEMENT AND BUDGET

Notice; 2017 Statutory Pay-As-You-Go Act Annual Report

AGENCY: Office of Management and Budget (OMB).

ACTION: Notice.

SUMMARY: This report is being published as required by the Statutory Pay-As-You-Go (PAYGO) Act of 2010. The Act

requires that OMB issue an annual report and a sequestration order, if necessary.

FOR FURTHER INFORMATION CONTACT: Erin O'Brien. 202-395-3106.

SUPPLEMENTARY INFORMATION: This report can be found at <https://www.whitehouse.gov/omb/paygo/>.

Authority: 2 U.S.C. 934.

Kelly Kinneen,

Assistant Director for Budget.

This Report is being published pursuant to section 5 of the Statutory Pay-As-You-Go (PAYGO) Act of 2010, Public Law 111-139, 124 Stat. 8, 2 U.S.C. 934, which requires that OMB issue an annual PAYGO report, including a sequestration order if necessary, no later than 14 working days after the end of a congressional session.

This Report describes the budgetary effects of all PAYGO legislation enacted during the first session of the 115th Congress and presents the 5-year and 10-year PAYGO scorecards maintained by OMB. Because neither the 5-year nor 10-year scorecard shows a debit for the budget year, which for purposes of this Report is fiscal year 2018,¹ a sequestration order under subsection 5(b) of the PAYGO Act, 2 U.S.C. § 934(b) is not necessary.

During the first session of the 115th Congress, two laws were enacted with emergency requirements under section 4(g) of the PAYGO Act, 2 U.S.C. 933(g) that had PAYGO effects. Three laws had estimated budgetary effects on direct spending and revenues that were excluded from the calculations of the PAYGO scorecards due to provisions excluding all or part of the law from section 4(d) of the PAYGO Act, 2 U.S.C. 933(d).

I. PAYGO Legislation With Budgetary Effects

PAYGO legislation is authorizing legislation that affects direct spending or revenues, and appropriations legislation that affects direct spending in the years after the budget year or affects revenues in any year.² For a more complete description of the Statutory

¹ References to years on the PAYGO scorecards are to fiscal years.

² Provisions in appropriations acts that affect direct spending in the years after the budget year (also known as "outyears") or affect revenues in any year are considered to be budgetary effects for the purposes of the PAYGO scorecards except if the provisions produce outlay changes that net to zero over the current year, budget year, and the four subsequent years. As specified in section 3 of the PAYGO Act, off-budget effects are not counted as budgetary effects. Off-budget effects refer to effects on the Social Security trust funds (Old-Age and Survivors Insurance and Disability Insurance) and the Postal Service.
