SUPPLEMENTARY INFORMATION:

A. Overview of Information Collection

Description of the Information Collection

1. *Type of Information Collection:* Revision/Renewal of a currently approved collection.
2. *Title of the Collection:* Travel Costs.
3. *Agency form number, if any:* N/A.

Solicitation of Public Comment

Written comments and suggestions from the public should address one or more of the following four points:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

B. Purpose

This information collection requirement, OMB Control No. 9000-0079, currently titled "Corporate Aircraft Costs," is proposed to be retitled "Travel Costs," due to consolidation with currently approved information collection requirement OMB Control No. 9000-0088, Travel Costs.

This information collection requirement pertains to information that a contractor must submit in response to the requirements in FAR 31.205-46:

1. FAR 31.205-46(a)(3)—In special or unusual situations, costs incurred by a contractor for lodging, meals, and

incidental expenses, may exceed on a daily basis the per diem rates in effect as set forth in the Federal Travel Regulation (FTR) for travel in the conterminous 48 United States. The actual costs may be allowed only if the contractor provides the following:

- a. FAR 31.205-46(a)(3)(ii)—A written justification for use of the higher amounts approved by an officer of the contractor's organization or designee to ensure that the authority is properly administered and controlled to prevent abuse.
- b. FAR 31.205-46(a)(3)(iii)—Advance approval from the contracting officer if it becomes necessary to exercise the authority to use the higher actual expense method repetitively or on a continuing basis in a particular area.

c. FAR 31.205-46(a)(3)(iv)—Documentation to support actual costs incurred including a receipt for each expenditure of \$75.00 or more.

2. FAR 31.205-46(c) requires firms to maintain and make available manifest/logs for all flights on company aircraft. As a minimum, the manifest/log must indicate:

- a. Date, time, and points of departure;
- b. Destination, date, and time of arrival;
- c. Name of each passenger and relationship to the contractor
- d. Authorization for trip; and
- e. Purpose of trip.

The information required by (a) and (b) and the name of each passenger (required by (c)) are recordkeeping requirements already established by Federal Aviation Administration regulations. This information, plus the additional required information, is needed to ensure that costs of owned, chartered, or leased aircraft are properly charged against Government contracts and that directly associated costs of unallowable activities are not charged to Government contracts.

C. Annual Reporting Burden

DoD, GSA and NASA analyzed the FY 2017 data from the Federal Procurement Data System (FPDS) to develop the estimated burden hours for this information collection.

1. FAR 31.205-46(a)(3)—Actual travel costs.

Respondents: 3,247.

Responses Per Respondent: 10.

Total Annual Responses: 32,470.

Hours Per Response: 0.25.

Total Burden Hours: 8,118.

2. FAR 31.205-46(c)—Manifest/logs for flights on company aircraft.

Number of recordkeepers: 797.

Records per recordkeeper per year: 3.

Total annual records: 2,391.

Estimated hours per record: 2.0.

Total recordkeeping burden hours: 4,782.

3. Total (counting recordkeepers with respondents).

Recordkeepers and respondents: 4,044.

Responses: 34,861.

Hours (reporting and recordkeeping): 12,900.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

SUPPLEMENTARY INFORMATION:

A. Purpose

Government contracting officers may include Federal Acquisition Regulation (FAR) clause 52.222-32, Construction Wage Rate Requirements—Price Adjustment (Actual Method), in fixed-price solicitations and contracts subject to the Construction Wage Rate Requirements statute under certain conditions. The conditions are that the solicitation or contract contains option provisions to extend the term of the contract and the contracting officer determines that the most appropriate method to adjust the contract price at option exercise is to use a computation method based on the actual increase or decrease from a new or revised Department of Labor Construction Wage Rate Requirements statute wage determination.

The clause requires that a contractor submit at the exercise of each option to extend the term of the contract, a statement of the amount claimed for incorporation of the most current wage determination by the Department of

Labor, and any relevant supporting data, including payroll records, that the contracting officer may reasonably require. The information is used by Government contracting officers to establish the contract price adjustment for the construction requirements of a contract, generally if the contract requirements are predominantly services subject to the Service Contract Labor Standards statute.

B. Public Comment

A 60 day notice was published in the **Federal Register** at 83 FR 23278, on May 18, 2018. No comments were received.

C. Annual Reporting Burden

The Federal Procurement Data System (FPDS) indicates that 5,309 construction contractors in FY 2017 could potentially have had contracts with recurring options. However, we believe there are only approximately 10% of these that would contain the subject clause, since most would not have a price adjustment clause, and there are other FAR prescribed price adjustment clauses.

The estimated total burden is as follows:

Respondents: 531.

Responses per Respondent: 1.

Total Annual Responses: 531.

Hours per Response: 40.

Total Burden Hours: 21,240.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Frequency: Annually.

Obtaining Copies: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW, Washington, DC 20405, telephone 202-501-4755.
