[Docket Number USCG–2018–0608]

RIN 1625–AA08

Special Local Regulation; Battle of the Bridges, Intracoastal Waterway, Venice, FL

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary special local regulation for certain waters of the Intracoastal Waterway. This action is necessary to provide for the safety of life on these navigable waters in Venice, FL, during the Battle of the Bridges on September 15, 2018. This proposed rulemaking would prohibit persons and vessels from being in the race area unless authorized by the Captain of the Port St. Petersburg (COTP) or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before August 22, 2018.

ADDRESSES: You may submit comments identified by docket number USCG–2018–0608 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Marine Science Technician First Class Michael Shackelford, U.S. Coast Guard; telephone 813–228–2191, email Michael.D.Shackelford@uscg.mil.

II. Background, Purpose, and Legal Basis

On November 7, 2017, the Sarasota Scullers Youth Rowing Program notified the Coast Guard that it will be conducting the Battle of the Bridges sculler race from 7 a.m. to 7:30 p.m. on

September 15, 2018. The race will take place in portions of the Intracoastal Waterway in Venice, FL. The Captain of the Port St. Petersburg (COTP) has determined that potential hazards associated with the race to be a safety concern for anyone within area where the race is taking place.

The Coast Guard is requesting that interested parties provide comments within a shortened comment period of 15 days instead of a standard 30 days for this notice of proposed rulemaking. The Coast Guard believes a shortened comment period is necessary and reasonable because the special local regulation is necessary to ensure the safety of vessels and the navigable waters within, or near the race area during the scheduled event. Any delay in making this final rule effective by allowing comments for more than 15 days would not be in the best interest of public safety.

The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1233.

III. Discussion of Proposed Rule

The COTP proposes to establish a temporary special local regulation from 7 a.m. to 7:30 p.m. on September 15, 2018. The regulation would cover a race which would take place on approximately 3.5 miles of the Intracoastal Waterway starting near the Shamrock Park & Nature Center and ending near the Tamiami Trail Bridge in Venice, FL. The duration of the regulation is intended to ensure the safety of vessels and these navigable waters during the scheduled 7 a.m. to 7:30 p.m. race. No vessel or person would be permitted to enter the regulated area without obtaining permission from the COTP or a designated representative. Persons or vessels receiving permission to enter the regulated area must comply with the instructions of the COTP or a designated representative. The regulatory text we are proposing appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory

approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. This regulation would impact approximately 3.5 miles of the Intracoastal Waterway in Venice, FL for twelve and half hours on one day. The Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the regulation, and the rule would allow vessels to seek permission to enter the race area in emergency situations. Advance notice of the regulation will provide the local community with ample time to plan around the race event accordingly.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulation area may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions

concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01 and Commandant Instruction M16475.1D,

which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves special local regulation which temporarily limits access to the portions of the Intracoastal Waterway in Venice, FL to race participants only, except in emergency situations. Normally such actions are categorically excluded from further review under paragraph L[61] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A preliminary Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacyNotice>.

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233; 33 CFR 1.05–1.

■ 2. Add § 100.35T07–0195 to read as follows:

§ 100.35T07–0195 Special Local Regulation; Battle of the Bridges, Intracoastal Waterway; Venice, FL.

(a) *Regulated Area.* A regulated area is established to include a race area located on all waters of the Intracoastal Waterway south of a line made connecting the following points: 27°06'15" N, 082°26'43" W, to position 27°06'12" N, 082°26'43" W, and all waters of the Intracoastal Waterway north of a line made connecting the following points: 27°03'21" N, 082°26'17" W, to position 27°03'19" N, 082°26'15" W. All coordinates are North American Datum 1983.

(b) *Definitions.* The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local officers designated by or assisting the COTP St. Petersburg in the enforcement of the regulated areas.

(c) *Regulations.* (1) All non-participant persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the race area unless authorized by the Captain of the Port (COTP) St. Petersburg or a designated representative.

(2) Persons and vessels desiring to enter, transit through, anchor in, or remain within the race area may contact the COTP St. Petersburg by telephone at (727) 824–7506 or via VHF–FM radio Channel 16 to request authorization.

(3) If authorization to enter, transit through, anchor in, or remain within the

race area is granted, all persons and vessels receiving such authorization shall comply with the instructions of the COTP or a designated representative.

(4) The Coast Guard will provide notice of the regulated areas by Local Notice to Mariners, Broadcast Notice to Mariners, or by on-scene designated representatives.

(d) *Enforcement Period.* This rule will be enforced from 7 a.m. until 7:30 p.m. on September 15, 2018.

Holly L. Najarian,

Captain, U.S. Coast Guard, Captain of the Port Saint Petersburg.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Eureka Mills Superfund Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 8 is issuing a Notice of Intent to Delete the Eureka Mills Superfund Site (Site) located in Eureka, Utah, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Utah, through the Utah Department of Environmental Quality (UDEQ), have determined that all appropriate response actions under CERCLA, other than operation and maintenance and five-year reviews (FYR), have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: Comments must be received by September 6, 2018.

ADDRESSES: Submit your comments, identified by Docket ID no. EPA–HQ–SFUND–2002–0001 by one of the following methods:

- <http://www.regulations.gov>. Follow on-line instructions for submitting

comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system).
