

Board Chair may call for a vote to close the meetings only for the time necessary to preserve the confidentiality of such information, pursuant to 47 U.S.C. 1424(e)(2).

Times and Dates of Meeting: A combined meeting of the FirstNet Authority Board and Board Committees will be held on August 13, 2018, between 11:00 a.m. and 12:00 p.m., Eastern Daylight Time (EDT). The meeting of the FirstNet Authority Board and Board Committees will be open to the public via teleconference and WebEx from 11:00 a.m. to 12:00 p.m. EDT. The times listed above are subject to change. Please refer to FirstNet's website at www.firstnet.gov for the most up-to-date information.

Place: The combined meeting of the FirstNet Authority Board and Board Committees will be conducted via teleconference and WebEx.

Other Information: The combined meeting of the FirstNet Authority Board and Board Committees is open to the public via teleconference and WebEx only. On the date and time of the meeting, members of the public may listen to the meeting by dialing toll free 1-877-917-6910 and using passcode 3324054. To view the slide presentation, the public may visit the URL: <https://www.mymeetings.com/nc/join/> and enter Conference Number: PWXW7911812 and Audience Passcode: 3324054. Alternatively, members of the public may view the slide presentation by directly visiting the URL: <https://www.mymeetings.com/nc/join.php?i=PWXW7911812&p=3324054&t=c>.

If you experience technical difficulty, please contact the Conferencing Center customer service at 1-866-900-1011. Public access will be limited to listen-only. Due to the limited number of ports, attendance via teleconference will be on a first-come, first-served basis.

The FirstNet Authority Board and Combined Committee Meeting is accessible to people with disabilities. Individuals requiring accommodations are asked to notify Ms. Miller-Kuwana by telephone (571) 665-6177 or email at Karen.Miller-Kuwana@firstnet.gov at least five (5) business days before the applicable meeting.

Records: The FirstNet Authority maintains records of all FirstNet Authority Board proceedings. Minutes of the FirstNet Authority Board Meeting and the Board Committee Meetings will be available at www.firstnet.gov.

Dated: August 2, 2018.

Karen Miller-Kuwana,
Board Secretary, First Responder Network Authority.

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

Emerging Technology Technical Advisory Committee (ETTAC); Notice of Recruitment of Private-Sector Members

The Bureau of Industry and Security (BIS) is announcing a recruitment for new candidates to serve on the Emerging Technology Technical Advisory Committee (ETTAC) to advise the Department of Commerce and other agency officials on emerging technologies with potential dual-use applications. This advice will include: (a) The identification of such technologies as early as possible in their developmental stages both within the United States and abroad; (b) assessing and providing information on emerging technologies, potential “chokepoint technologies” (for example, technologies that, if developed by an adversary prior to development by the United States, could present grave threats to United States national and/or economic security) and trends in technologies of particular interest to BIS; (c) assessing the potential impact of the Export Administration Regulations (EAR) on research activities, including technical and policy issues relating to controls under the EAR, revisions of the Commerce Control List, including proposed revisions of multilateral controls in which the United States participates, and the issuance of regulations; and (d) any other matters relating to actions designed to carry out the policy set forth in Section 3(2)(A) of the Export Administration Act of 1979 as well as the directives contained in Section 1758 of H.R. 5515, the John S. McCain National Defense Authorization Act for Fiscal Year 2019. In its work, the Committee will be forward leaning—focusing both on the current state of emerging technologies and projecting their likely effects five to ten years in the future on national security, the U.S. defense industrial base, and the overall health and competitiveness of the U.S. economy.

The ETTAC will consist of experts drawn from academia, industry, federal laboratories, and pertinent U.S. Government departments and agencies who are engaged in developing and

producing cutting edge technology in areas key to maintaining a U.S. forward leaning presence in the world economy. ETTAC members are appointed by the Secretary of Commerce and serve terms of two years, and may not serve more than four consecutive years. The membership term limit reflects the Department's commitment to attaining balance and diversity. As a general rule members will be highly ranked, accomplished and recognized leaders, engineers, and scientists working in their disciplines as researchers and/or program managers. All members must be able to qualify for a Secret security clearance or a security clearance at a level sufficient to perform their work for the committee. The ETTAC will also reach out to other government and non-government experts to ensure a broad and thorough review of the issues. The ETTAC meets approximately four times per year. Members of the Committee will not be compensated for their services.

To respond to this recruitment notice, please send a copy of your resume to Ms. Yvette Springer at Yvette.Springer@bis.doc.gov.

Deadline: This Notice of Recruitment will close 30 days from its date of publication in the **Federal Register**.

Yvette Springer,

Committee Liaison Officer.

Certain Corrosion-Resistant Steel Products From the Republic of Korea: Notice of Court Decision Not in Harmony With Final Determination of Investigation and Notice of Amended Final Results

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On June 22, 2018, the United States Court of International Trade (the CIT) entered final judgment sustaining the Department of Commerce's (Commerce) remand results pertaining to the final determination in the antidumping duty (AD) investigation on certain corrosion-resistant steel products (CORE) from the Republic of Korea (Korea) by Hyundai Steel Company (Hyundai). Commerce is notifying the public that the final judgment in this case is not in harmony with the final determination, and that

Commerce has determined a dumping margin of 7.89 percent *ad valorem* for Hyundai. We have also revised the “all others” rate to 8.32 percent *ad valorem*.

DATES: June 22, 2018.

FOR FURTHER INFORMATION CONTACT:

Chloee Sagmoe or Elfi Blum, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2273 and (202) 482-0197, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2016, Commerce published the *Final Determination* for the AD investigation of CORE from Korea pertaining to mandatory respondents Hyundai and Dongkuk Steel Mill Co., Ltd./Union Steel Manufacturing Co., Ltd. (Dongkuk). The period of investigation (POI) is April 1, 2014, through March 31, 2015.¹ In the *Final Determination*, Commerce calculated weighted-average dumping margins for Hyundai and Dongkuk that were above *de minimis* and which were not based on total facts available. Commerce calculated the “all-others” rate using a simple average of dumping margins calculated for the mandatory respondents.² Commerce determined a weighted-average dumping rate of 8.75 percent for Dongkuk, 47.80 percent for Hyundai, and 31.73 for all-others.³

On January 10, 2018, the CIT remanded for Commerce to provide Hyundai with an opportunity to remedy the deficiencies at issue for its further manufactured sales of skelp, sheet, and blanks (SSBs), and to recalculate Hyundai’s overall margin.⁴ Commerce determined in the AD investigation that the application of facts available, with an adverse inference, pursuant to sections 776(a)(1), 776(a)(2), and 776(b) of the Act, was warranted for Hyundai’s U.S. sales of tailor welded blanks (TWBs), auto parts, and SSBs because: (1) Certain information was not available on the record; (2) Hyundai’s December 29, 2015 data submissions were untimely; and (3) Hyundai significantly impeded the proceeding

through delays and the provision of unusable information. As stated above, the CIT remanded to Commerce, instructing Commerce to provide Hyundai with an opportunity to remedy its deficiencies with respect to its sales and costs of SSBs, holding that Commerce improperly had failed to do so in the original proceeding.⁵

In light of the Court’s remand order, on May 3, 2018, Commerce released the *Draft Remand Determination*,⁶ finding that Hyundai’s March 15, 2018 response remedied the major deficiencies in its previous further manufacturing responses with respect to SSBs. Specifically, we found that Hyundai sufficiently explained the inconsistencies and previously unexplained changes that plagued the data it submitted with respect to its SSB sales during the investigation. Based on the analysis of Hyundai’s response to the remand questionnaire and verification, Commerce made adjustments to Hyundai’s reported further-manufacturing expenses for SSBs in order to recalculate Hyundai’s dumping margin to include its sales of SSBs.⁷ Both the petitioners⁸ and Hyundai⁹ filed comments on the *Draft Remand Determination* on May 11, 2018. On May 11, 2018, Commerce filed the *Final Remand Determination* with the CIT.¹⁰

On June 22, 2018, the CIT sustained the Department’s *Final Remand Determination*.¹¹ Thus, the CIT sustained our changes made to our margin analysis and margin calculations for Hyundai’s sales of SSBs, resulting in an overall dumping margin of 7.89 percent *ad valorem* for Hyundai. Commerce has also revised the “all others” rate to 8.32 percent *ad valorem*.

⁵ *Id.*

⁶ See “Draft Results of Redetermination Pursuant to Remand: Antidumping Duty (AD) Investigation on Certain-Corrosion-Resistant Steel Products (CORE) from the Republic of Korea,” (*Draft Remand Determination*) dated May 3, 2018.

⁷ *Id.*

⁸ See United States Steel Corporation’s Comments, “Certain Corrosion-Resistant Steel Products from the Republic of Korea: Comments on the Draft Remand Redetermination,” dated May 8, 2018.

⁹ See Hyundai Steel Company’s Comments, “Certain Corrosion-Resistant Steel Products from the Republic of Korea: Comments on Draft Remand Redetermination,” dated May 7, 2018.

¹⁰ See Final Remand Redetermination Pursuant to *Hyundai Steel Company, v. United States*, Court. No. 16–00161, Slip Op. 18–2 (Court of International Trade January 10, 2018), dated May 11, 2018 (Final Remand Redetermination).

¹¹ See *Hyundai Steel Company v. United States*, CIT Slip Op. 18–2, Ct. No. 16–00161 (June 22, 2018).

Timken Notice

In its decision in *Timken*,¹² as clarified by *Diamond Sawblades*,¹³ the Court of Appeals for the Federal Circuit held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (the Act), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s June 22, 2018, final judgment sustaining the *Final Remand Determination* constitutes a final decision of the Court that is not in harmony with Commerce’s *Final Determination*. This notice is published in fulfillment of the *Timken* publication requirements.

Amended Final Determination

Because there is now a final court decision, we are amending the *Final Determination* with respect to the dumping margin calculated for Hyundai. Based on the *Final Remand Determination*, as affirmed by the CIT, the revised dumping margin for Hyundai is 7.89 percent *ad valorem*. We have also re-calculated the “all-others rate” to 8.32 percent.

Cash Deposit Requirements

Commerce will issue revised cash deposit instructions to CBP, adjusting the cash deposit rate for Hyundai to 7.88 percent and the “all-others” cash deposit rate to 8.31 percent, effective July 2, 2018.¹⁴

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(e)(1), 751(a)(1), and 777(i)(1) of the Act.

Dated: July 23, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
