

■ 2. Subpart CCC is amended by adding an undesignated center heading and § 62.13359 to read as follows:

Air Emissions From Commercial and Industrial Solid Waste Incineration (CISWI) Units That Commenced Construction on or Before June 4, 2010, or That Commenced Modification or Reconstruction After June 4, 2010 But Not Later Than August 7, 2013

§ 62.13359 Identification of plan—negative declaration.

Letter from the Virgin Islands Department of Planning and Natural Resources submitted August 17, 2016 to Regional Administrator Judith A. Enck certifying that the United States Virgin Islands has no existing units pursuant to 40 CFR part 60, subpart DDDD, that commenced construction on or before June 4, 2010, or that commenced modification or reconstruction after June 4, 2010 but not later than August 7, 2013.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 25

[GN Docket Nos. 17–183, 18–122; DA 18–640]

Notification of Temporary Filing Freeze on New Fixed-Satellite Service Space Station Applications in the 3.7–4.2 GHz Band

AGENCY: Federal Communications Commission.

ACTION: Final action.

SUMMARY: In this document, the International Bureau (Bureau) announces a temporary freeze on the filing of new space station license applications and new requests for U.S. market access through non-U.S.-licensed space stations to provide fixed-satellite service (FSS) in the 3.7–4.2 GHz band.

DATES: The temporary freeze was effective June 21, 2018.

FOR FURTHER INFORMATION CONTACT: Christopher Bair, 202–418–0945 or Paul Blais, 202–418–7274.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s document, DA 18–640, released June 21, 2018. The full text of this document is available at <https://docs.fcc.gov/public/attachments/DA-18-640A1.pdf>. It is also available for inspection and copying during business hours in the FCC Reference Information Center, Portals II,

445 12th Street SW, Room CY–A257, Washington, DC 20554. To request materials in accessible formats for people with disabilities, send an email to FCC504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (TTY).

Background. On August 3, 2017, the Commission released a Notice of Inquiry titled *Expanding Flexible Use in Mid-Band Spectrum Between 3.7 and 24 GHz (NOI)*. In that NOI, the Commission sought detailed comment on frequency bands that had garnered interest to potentially support increased flexible broadband uses, including the 3.7–4.2 GHz band. To preserve the current landscape of authorized operations pending Commission action as part of its ongoing inquiry into the possibility of permitting terrestrial broadband use and more intensive fixed use of the band (*Mid-band Proceeding*), the International, Public Safety and Homeland Security, and Wireless Telecommunications Bureaus announced a temporary freeze effective on April 19, 2018, on the filing of new or modification applications for FSS earth station licenses, FSS receive-only earth station registrations, and fixed microwave licenses in the 3.7–4.2 GHz frequency band. The Bureau also announced a 90-day filing window during which operators of existing, but unregistered or unlicensed, earth stations operating in the 3.7–4.2 GHz band could continue to file applications. See 83 FR 21746. The Bureau extended this filing window for an additional 90-days on June 21, 2018.

Temporary Freeze. To further preserve the landscape of authorized operations in the 3.7–4.2 GHz band pending Commission action as part of its ongoing inquiry in the *Mid-band Proceeding*, the Bureau announces a temporary freeze, effective as of June 21, 2018, on the filing of new space station license applications and new requests for U.S. market access through non-U.S.-licensed space stations in the 3.7–4.2 GHz band. During the freeze, the International Bureau will dismiss any new space station license applications and new requests for access to the U.S. market through non-U.S.-licensed space stations, or those parts of any such applications and requests, that seek to operate in the 3.7–4.2 GHz band. The freeze does not apply to applications for modification of existing authorizations, relocations of existing space stations pursuant to the Commission’s fleet management policy, or to applications for replacement space stations.

Waiver Requests. The International Bureau will consider requests for waiver of this freeze on a case-by-case basis and

upon a demonstration that waiver will serve the public interest and not undermine the objectives of the freeze.

This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4). The Commission will not send a copy of this document pursuant to the Congressional Review Act, see 5 U.S.C. 801(a)(1)(A), because the adopted rules are rules of agency organization, procedure, or practice that do not “substantially affect the rights or obligations of non-agency parties.

Federal Communications Commission.

Troy Tanner,

Deputy Chief, International Bureau.

911 Grant Program

AGENCY: National Telecommunications and Information Administration (NTIA), Commerce (DOC); and National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Final rule; correcting amendments.

SUMMARY: On August 3, 2018, the National Telecommunications and Information Administration (NTIA) and the National Highway Traffic Safety Administration (NHTSA) published a final rule that revised the implementing regulations for the 911 Grant Program, as a result of the enactment of the Next Generation 911 (NG911) Advancement Act of 2012. This document corrects numbering errors in the regulatory text.

DATES: Effective on August 14, 2018.

FOR FURTHER INFORMATION CONTACT: Michael Vasquez, Attorney-Advisor,

Office of the Chief Counsel, National Telecommunications and Information Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Room 4713, Washington, DC 20230; telephone: (202) 482-1816; email: MVASQUEZ@ntia.doc.gov.

SUPPLEMENTARY INFORMATION: On August 3, 2018, NTIA and NHTSA published a joint final rule implementing revisions to the 911 Grant Program (47 CFR part 400) as a result of the enactment of the Next Generation 911 (NG911) Advancement Act of 2012. Final Rule, 83 FR 38051. The final rule was effective upon publication in the **Federal Register**. The regulatory text contained numbering errors in §§ 400.4 and 400.6. This correcting amendment corrects those errors.

List of Subjects in 47 CFR Part 400

Grant programs, Telecommunications, Emergency response capabilities (911).

Accordingly, 47 CFR part 400 is corrected by making the following correcting amendments:

PART 400—911 GRANT PROGRAM

■ 1. The authority citation for part 400 continues to read as follows:

Authority: 47 U.S.C. 942.

§ 400.4 [Amended]

■ 2. In § 400.4, redesignate paragraphs (b)(4) and the paragraph following it (which is incorrectly designated as (b)) as paragraphs (b)(4)(i) and (ii).

§ 400.6 [Amended]

■ 3. In § 400.6(a), redesignate the second paragraph (a)(2) as paragraph (a)(3).

Dated: August 9, 2018.

Kathy D. Smith,

Chief Counsel, National Telecommunications and Information Administration.

John Donaldson,

Assistant Chief Counsel, National Highway Traffic Safety Administration.

50 CFR Part 622

[Docket No. 120404257-3325-02]

RIN 0648-XG409

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; 2018 Commercial Accountability Measure and Closure for South Atlantic Golden Tilefish Hook-and-Line Component

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements accountability measures for the commercial hook-and-line component for golden tilefish in the exclusive economic zone (EEZ) of the South Atlantic. NMFS projects commercial hook-and-line landings for golden tilefish will reach the hook-and-line component's commercial annual catch limit (ACL) on August 14, 2018. Therefore, NMFS closes the commercial hook-and-line component for golden tilefish in the South Atlantic EEZ on August 14, 2018, and it will remain closed until the start of the next fishing year on January 1, 2019. This closure is necessary to protect the golden tilefish resource.

DATES: This rule is effective at 12:01 a.m., local time, August 14, 2018, until 12:01 a.m., local time, January 1, 2019.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727-824-5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

Amendment 18B to the FMP established a longline endorsement program for the commercial golden tilefish component of the snapper-grouper fishery and divided the commercial golden tilefish annual catch limit (ACL) between the commercial longline and commercial hook-and-line

gear components (78 FR 23858; April 23, 2013). On January 2, 2018, NMFS published a final temporary rule to implement interim measures to reduce overfishing of golden tilefish in Federal waters of the South Atlantic (83 FR 65), effective through July 1, 2018. On June 19, 2018, NMFS published an extension of the interim measures for an additional 186 days, through January 3, 2019 (83 FR 28387). As a result of the interim measures, the total ACL for golden tilefish is 323,000 lb (146,510 kg), gutted weight, and the commercial ACL is 313,310 lb (142,115 kg), gutted weight. The current golden tilefish commercial quota (ACL) for the 2018 fishing year for the hook-and-line component is 78,328 lb (35,529 kg), gutted weight, with the remainder of the commercial quota assigned to the longline group.

Under 50 CFR 622.193(a)(1)(i), NMFS is required to close the commercial hook-and-line component for golden tilefish when the hook-and-line component's commercial quota (ACL) has been reached, or is projected to be reached, by filing a notification to that effect with the Office of the Federal Register. NMFS has determined that the commercial quota for the golden tilefish hook-and-line component in the South Atlantic will be reached on August 14, 2018. Accordingly, the hook-and-line component of South Atlantic golden tilefish is closed effective at 12:01 a.m., local time, August 14, 2018.

The commercial longline component for South Atlantic golden tilefish closed on March 25, 2018, and will remain closed for the remainder of the fishing year, until 12:01 a.m., local time, January 1, 2019 (83 FR 12280; March 21, 2018). Therefore, because the commercial longline component is already closed, and NMFS is closing the commercial hook-and-line component through this temporary rule, all commercial fishing for South Atlantic golden tilefish will be closed effective at 12:01 a.m., local time, August 14, 2018, until 12:01 a.m., local time, January 1, 2019.

The operator of a vessel with a valid Federal commercial vessel permit for South Atlantic snapper-grouper having golden tilefish on board must have landed and bartered, traded, or sold such golden tilefish prior to 12:01 a.m., local time, August 14, 2018. During the closure, the sale or purchase of golden tilefish taken from the EEZ is prohibited. The prohibition on sale or purchase does not apply to the sale or purchase of golden tilefish that were harvested by hook-and-line, landed ashore, and sold prior to 12:01 a.m., local time, August 14, 2018, and were
