[Docket No. 120404257–3325–02]

RIN 0648–XG409

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; 2018 Commercial Accountability Measure and Closure for South Atlantic Golden Tilefish Hook-and-Line Component

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements accountability measures for the commercial hook-and-line component for golden tilefish in the exclusive economic zone (EEZ) of the South Atlantic. NMFS projects commercial hook-and-line landings for golden tilefish will reach the hook-and-line component’s commercial annual catch limit (ACL) on August 14, 2018. Therefore, NMFS closes the commercial hook-and-line component for golden tilefish in the South Atlantic EEZ on August 14, 2018, and it will remain closed until the start of the next fishing year on January 1, 2019. This closure is necessary to protect the golden tilefish resource.

DATES: This rule is effective at 12:01 a.m., local time, August 14, 2018, until 12:01 a.m., local time, January 1, 2019.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727–824–5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

Amendment 18B to the FMP established a longline endorsement program for the commercial golden tilefish component of the snapper-grouper fishery and divided the commercial golden tilefish annual catch limit (ACL) between the commercial longline and commercial hook-and-line gear components (78 FR 23858; April 23, 2013). On January 2, 2018, NMFS published a final temporary rule to implement interim measures to reduce overfishing of golden tilefish in Federal waters of the South Atlantic (83 FR 65), effective through July 1, 2018. On June 19, 2018, NMFS published an extension of the interim measures for an additional 186 days, through January 3, 2019 (83 FR 28387). As a result of the interim measures, the total ACL for golden tilefish is 323,000 lb (146,510 kg), gutted weight, and the commercial ACL is 313,310 lb (142,115 kg), gutted weight. The current golden tilefish commercial quota (ACL) for the 2018 fishing year for the hook-and-line component is 78,328 lb (35,529 kg), gutted weight, with the remainder of the commercial quota assigned to the longline group.

Under 50 CFR 622.193(a)(1)(i), NMFS is required to close the commercial hook-and-line component for golden tilefish when the hook-and-line component’s commercial quota (ACL) has been reached, or is projected to be reached, by filing a notification to that effect with the Office of the Federal Register. NMFS has determined that the commercial quota for the golden tilefish hook-and-line component in the South Atlantic will be reached on August 14, 2018. Accordingly, the hook-and-line component of South Atlantic golden tilefish is closed effective at 12:01 a.m., local time, August 14, 2018.

The commercial longline component for South Atlantic golden tilefish closed on March 25, 2018, and will remain closed for the remainder of the fishing year, until 12:01 a.m., local time, January 1, 2019 (83 FR 28387). As a result of the interim measures for an additional 186 days, through January 3, 2019 (83 FR 28387). Therefore, because the commercial longline component is already closed, and NMFS is closing the commercial hook-and-line component through this temporary rule, all commercial fishing for South Atlantic golden tilefish will be closed effective at 12:01 a.m., local time, August 14, 2018, until 12:01 a.m., local time, January 1, 2019.

The operator of a vessel with a valid Federal commercial vessel permit for South Atlantic snapper-grouper having golden tilefish on board must have landed and bartered, traded, or sold such golden tilefish prior to 12:01 a.m., local time, August 14, 2018. During the closure, the sale or purchase of golden tilefish taken from the EEZ is prohibited. The prohibition on sale or purchase does not apply to the sale or purchase of golden tilefish that were harvested by hook-and-line, landed ashore, and sold prior to 12:01 a.m., local time, August 14, 2018, and were...
For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 et seq.
