

extending the provisional measures period from a four-month period to a period of not more than six months.

DATES: Applicable August 14, 2018.

FOR FURTHER INFORMATION CONTACT: Nancy Decker, Lauren Caserta, or Caitlin Monks, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0196, (202) 482-4737, or (202) 482-2670, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 23, 2018, Commerce initiated the LTFV investigation of imports of certain plastic decorative ribbon from China.¹ The period of investigation is April 1, 2017, through September 31, 2017. On August 8, 2018, Commerce published its *Preliminary Determination* in the LTFV investigation.²

Postponement of Final Determination

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by the exporters or producers who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. Further, 19 CFR 351.210(e)(2) requires that such postponement requests by exporters be accompanied by a request for extension of provisional measures from a four-month period to a period of not more than six months, in accordance with section 733(d) of the Act.

On July 19, 2018, Dongguan Mei Song Plastic Industry Co., Ltd. (Mei Song) and Ningbo Junlong Craft Gift Co., Ltd. (Junlong), two mandatory respondents that account for a “significant portion” of subject merchandise in the LTFV investigation, requested that Commerce fully extend the deadline for the final determination and extend the

application of the provisional measures from a four-month period to a period of not more than six months.³

In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination was affirmative; (2) the request was made by exporters who account for a significant proportion of exports of the subject merchandise from the country at issue; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination of the investigation until no later than 135 days after the date of the publication of the relevant preliminary determination, and extending the provisional measures from a four-month period to a period of not more than six months. Accordingly, Commerce will issue its final determination in the LTFV investigation no later than December 21, 2018.⁴

This notice is issued and published pursuant to 19 CFR 351.210(g).

Dated: August 8, 2018.

Stainless Steel Butt-Weld Pipe Fittings From the Philippines: Initiation of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Core Pipe Products, Inc., Shaw Alloy Piping Products, Inc., and Taylor Forge Stainless, Inc. (the petitioners), the Department of Commerce (Commerce) is initiating a changed circumstances review of the antidumping duty order

³ See Letter from Mei Song and Junlong, “Certain Plastic Decorative Ribbon from the People’s Republic of China—Request for Extension of Final Determination,” dated July 19, 2018.

⁴ The final determination of the accompanying countervailing duty (CVD) investigation has been previously aligned with the LTFV investigation. Thus, the deadline for issuing the final determination of the CVD investigation is also December 21, 2018. SUPPLEMENTARY INFORMATION:

Background

As a result of the antidumping duty order¹ issued following the completion of the less-than-fair-value (LTFV) investigation of pipe fittings from the Philippines, imports of pipe fittings from respondent Enlin Steel Corporation (Enlin) became subject to a cash deposit rate of 33.81 percent.² The “all others” rate established in the LTFV investigation was 7.59 percent.³

On May 24, 2018, the petitioners requested that Commerce initiate a changed circumstances review of the *Order*, alleging that since imposition of the *Order*, Enlin has been evading the cash deposit rates established in the investigation by shipping its production through its affiliates Vinox Corporation (Vinox) (or Vinoc Corporation) and E N Corporation, which enter merchandise under the lower “all others” rate.⁴ The petitioners also filed a supplement to their request on May 31, 2018, which provided further support for their allegation.⁵ On June 26, 2018, Enlin, Vinox, and E N Corporation filed comments requesting that Commerce deny the petitioners’ request.⁶ The petitioners filed a rebuttal to these comments on June 26, 2018, requesting that Commerce disregard Enlin’s opposition letter.⁷ On July 5, 2018,

Commerce issued a 30-day extension for its decision on whether or not to initiate a changed circumstances review, citing the complexities of the request.⁸

Scope of the Order

The products covered by the order are certain stainless steel butt-weld pipe fittings that are under 14 inches in outside diameter (based on nominal pipe size), whether finished or unfinished. For a full description of the scope of the order, *see* the Appendix to this notice.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), Commerce will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. In its request for initiation, the petitioners provided information indicating that since the issuance of the *Order*, there has been a change in the trading patterns and activities of Enlin, Vinox, and E N Corporation. The petitioners assert that the information provided demonstrates that the *Order* is being evaded. In accordance with 19 CFR 351.216(d), based on the information provided by the petitioners regarding new trading patterns and possible evasion of the *Order*, Commerce finds that changed circumstances sufficient to warrant the initiation of a changed circumstances review exist. Therefore, we are initiating a changed circumstances administrative review, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(b) and (d) to determine whether action is necessary to maintain the integrity of the *Order*. Commerce intends to publish in the **Federal Register** a notice of preliminary results of the antidumping duty changed circumstances review, in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth Commerce's preliminary factual and legal conclusions. Commerce will issue its final results of review in accordance with the time limits set forth in 19 CFR 351.216(e).

Appendix

Scope of the Order

The products covered by the order are certain stainless steel butt-weld pipe fittings. Certain stainless steel butt-weld pipe fittings are under 14 inches in outside diameter (based on nominal pipe size), whether finished or unfinished. The products encompass all grades of stainless steel and "commodity" and "specialty" fittings. Specifically excluded from the definition are threaded, grooved, and bolted fittings, and fittings made from any material other than stainless steel.

The fittings subject to the order are generally designated under specification ASTM A403/A403M, the standard specification for Wrought Austenitic Stainless Steel Piping Fittings, or its foreign equivalents (*e.g.*, DIN or JIS specifications). This specification covers two general classes of fittings, WP and CR, of wrought austenitic stainless steel fittings of seamless and welded construction covered by the latest revision of ANSI B16.9, ANSI B16.11, and ANSI B16.28. Pipe fittings manufactured to specification ASTM A774, or its foreign equivalents, are also covered by the order.

The order does not apply to cast fittings. Cast austenitic stainless steel pipe fittings are covered by specifications A351/A351M, A743/743M, and A744/A744M.

The stainless steel butt-weld pipe fittings subject to the order are currently classifiable under subheading 7307.23.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.
