Stainless Steel Butt-Weld Pipe Fittings From the Philippines: Initiation of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Core Pipe Products, Inc., Shaw Alloy Piping Products, Inc., and Taylor Forge Stainless, Inc. (the petitioners), the Department of Commerce (Commerce) is initiating a changed circumstances review of the antidumping duty order on stainless steel butt-weld pipe fittings (pipe fittings) from the Philippines.

FOR FURTHER INFORMATION CONTACT: Julie Geiger or Fred Baker, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2057 or (202) 482–2924, respectively.

SUPPLEMENTARY INFORMATION:

Background

As a result of the antidumping duty order1 issued following the completion of the less-than-fair-value (LTFV) investigation of pipe fittings from the Philippines, imports of pipe fittings from respondent Enlin Steel Corporation (Enlin) became subject to a cash deposit rate of 33.81 percent.2 The “all others” rate established in the LTFV investigation was 7.59 percent.3 On May 24, 2018, the petitioners requested that Commerce initiate a changed circumstances review of the Order, alleging that since imposition of the Order, Enlin has been evading the cash deposit rates established in the investigation by shipping its production through its affiliates Vinox Corporation (Vinox) or Vinoc Corporation and E N Corporation, which enter merchandise under the lower “all others” rate.4 The petitioners also filed a supplement to their request on May 31, 2018, which provided further support for their allegation.5 On June 26, 2018, Enlin, Vinox, and E N Corporation filed comments requesting that Commerce deny the petitioners’ request.6 The petitioners filed a rebuttal to these comments on June 26, 2018, requesting that Commerce disregard Enlin’s opposition letter.7 On July 5, 2018,

Appendix

Scope of the Order

The products covered by the order are certain stainless steel butt-weld pipe fittings that are under 14 inches in outside diameter (based on nominal pipe size), whether finished or unfinished. For a full description of the scope of the order, see the Appendix to this notice.

Initiation of Changed Circumstances Review

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), Commerce will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. In its request for initiation, the petitioners provided information indicating that since the issuance of the Order, there has been a change in the trading patterns and activities of Enlin, Vinox, and E N Corporation. The petitioners assert that the information provided demonstrates that the Order is being evaded. In accordance with 19 CFR 351.216(d), based on the information provided by the petitioners regarding new trading patterns and possible evasion of the Order, Commerce finds that changed circumstances sufficient to warrant the initiation of a changed circumstances review exist. Therefore, we are initiating a changed circumstances administrative review, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(b) and (d) to determine whether action is necessary to maintain the integrity of the Order. Commerce intends to publish in the Federal Register a notice of preliminary results of the antidumping duty changed circumstances review, in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth Commerce’s preliminary factual and legal conclusions. Commerce will issue its final results of review in accordance with the time limits set forth in 19 CFR 351.216(e).
