

with UL 12402–5 as equivalent to PFDs meeting the requirements in 46 CFR 160.064 and 160.076, with certain exceptions.

The adoption of this policy marks the culmination of over a decade of dedicated work across the lifejacket and recreational boating safety community and supports National Boating Safety Advisory Council Resolution 2009–83–01, which is available in the docket.² This policy also responds to a comment submitted by the Lifejacket Association in response to the Coast Guard's request for public input on "Evaluation of Existing Coast Guard Regulations, Guidance Documents, Interpretive Documents, and Collections of Information,"³ recommending the Coast Guard consider full adoption of UL 12402–5 and UL 12402–9. In order to provide the maximum benefit to the public with minimum delay, the Coast Guard evaluated which elements of the new standards could be implemented without a change to the regulations. Those elements are being adopted by this policy. The remaining elements of the standards that cannot be adopted without a change to the regulations are being considered for possible future regulatory action.

This policy letter allows manufacturers to have their products certified to the new bi-national standard, in lieu of the legacy standards codified in title 46 CFR. This allowance is intended to reduce the burden of maintaining approvals in U.S. and Canadian markets and to make additional types of PFDs available to U.S. and Canadian boaters.

This policy does not impact existing PFD approvals, and does not require any action on the part of boaters or mariners who have approved PFDs onboard. An existing approved PFD will continue to meet the same carriage requirements, as long as it remains in good and serviceable condition.

The Coast Guard has prepared a Deregulatory Savings Analysis for the policy letter that identifies and examines the potential costs and savings associated with implementing the new standards plan and is available in the docket. We request your comments on any concerns that you may have related to the policy changes.

This notice is issued under authority of 5 U.S.C. 552(a).

² The Resolution requested the U.S. Coast Guard work cooperatively with stakeholders to devise and implement within 3 years an improved regulatory approach to the testing and approval of personal flotation devices, including life jackets.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Application for Home Equity Conversion Mortgage (HECM) Counselor Roster and Certificate of HECM Counseling.

OMB Approval Number: 2502-0586.

Type of Request: Reinstatement, with change, of previously approved collection for which approval will expire. (OMB Expiration Date: August 31, 2018).

Form Numbers: HUD-92902 and HUD-92904.

Description of the need for the information and proposed use: The HECM Counselor examination and Roster application assists HUD in evaluating the knowledge and capacity of individuals interested in providing HECM counseling to potential HECM borrowers thereby reducing the risk to the insurance fund. The collection of information assists HUD in providing and maintaining a current roster of HUD-approved HECM counselors to the general public and interested customers. The transfer of the Certificate of HECM Counseling, form HUD 92900, from OMB Collection 2502-0524 to this collection is needed since the Office of Housing Counseling is responsible for all services offered by HUD-approved housing counselors which includes HECM Roster Counselors. OMB Collection 2502-0524 was recently approved by OMB and has an expiration date of March 31, 2021.

Respondents (i.e. affected public): State, Local or Tribal Government.

Estimated Number of Respondents: 1,055.

Estimated Number of Responses: 80,058.50.

Frequency of Response: HUD-92902—Certificate of HECM Counseling; Once HUD 92904—HECM Counseling Roster: 94.11.

Average Hours per Response: 2 hours.
Total Estimated Burden: 120,841.25.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the
