

**DEPARTMENT OF HOMELAND SECURITY****Coast Guard****33 CFR Part 165****[Docket No. USCG–2018–0716]****Recuring Safety Zone; Wheeling Annual Dragon Boat Race, Wheeling, WV****AGENCY:** Coast Guard, DHS.**ACTION:** Notice of enforcement of regulation.

**SUMMARY:** The Coast Guard will enforce the safety zone for the Wheeling Annual Dragon Boat Race to provide for the safety of persons, vessels, and the marine environment on the navigable waters of the Ohio River during this event. Our regulation for marine events within the Eighth Coast Guard District identifies the regulated area for this event in Wheeling, WV. During the enforcement periods, entry into this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh or a designated representative.

**DATES:** The regulations in 33 CFR 165.801, Table 1, Line 88 will be enforced from 8 a.m. through 3 p.m. August 25, 2018.

**FOR FURTHER INFORMATION CONTACT:** If you have questions about this notice of enforcement, call or email Petty Officer Jennifer Haggins, Marine Safety Unit Pittsburgh, U.S. Coast Guard; telephone 412–221–0807, email [Jennifer.L.Haggins@uscg.mil](mailto:Jennifer.L.Haggins@uscg.mil).

**SUPPLEMENTARY INFORMATION:** The Coast Guard will enforce a safety zone for the Wheeling Annual Dragon Boat Race in 33 CFR 165.801, Table 1, Line 88 from 8 a.m. through 3 p.m. on August 25, 2018. This action is being taken to provide for the safety of persons, vessels, and the marine environment on the navigable waters of the Ohio River during this event. Our regulation for marine events within the Eighth Coast Guard District, § 165.801 specifies the location of the regulated area for the Wheeling Annual Dragon Boat Race. Entry into the regulated area is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh (COTP) or a designated representative. Persons or vessels desiring to enter into or pass through the regulated area must request permission from the COTP or a designated representative. They can be reached on VHF FM channel 16. If permission is granted, all persons and vessels shall comply with the

instructions of the COTP or designated representative.

In addition to this notice of enforcement in the **Federal Register**, the COTP or a designated representative will inform the public through Broadcast Notices to Mariners (BNMs), Local Notices to Mariners (LNMs), Marine Safety Information Bulletins (MSIBs), and/or through other means of public notice as appropriate at least 24 hours in advance of each enforcement.

Dated: August 10, 2018.

**F.M. Smith,**

*Lieutenant Commander, U.S. Coast Guard, Acting Captain of the Port Marine Safety Unit Pittsburgh.*

**BILLING CODE 9110–04–P****ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 52****[EPA–R10–OAR–2018–0060; FRL–9982–46—Region 10]****Air Plan Approval; Washington; Interstate Transport Requirements for the 2012 PM<sub>2.5</sub> NAAQS****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** The Clean Air Act requires each State Implementation Plan (SIP) to contain adequate provisions prohibiting emissions that will have certain adverse air quality effects in other states. On February 7, 2018, the State of Washington made a submission to the Environmental Protection Agency (EPA) to address these requirements. The EPA is approving the submission as meeting the requirement that each SIP contain adequate provisions to prohibit emissions that will contribute significantly to nonattainment or interfere with maintenance of the 2012 annual fine particulate matter (PM<sub>2.5</sub>) national ambient air quality standard (NAAQS) in any other state.

**DATES:** This final rule is effective September 19, 2018.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA–R10–OAR–2018–0060. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., CBI or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and is publicly available

only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

**FOR FURTHER INFORMATION CONTACT:** Jeff Hunt at (206) 553–0256, or [hunt.jeff@epa.gov](mailto:hunt.jeff@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Throughout this document wherever “we,” “us,” or “our” is used, it is intended to refer to the EPA.

**I. Background Information**

On June 28, 2018, the EPA proposed to approve Washington as meeting the requirement that each SIP contain adequate provisions to prohibit emissions that will contribute significantly to nonattainment or interfere with maintenance of the 2012 PM<sub>2.5</sub> NAAQS in any other state (83 FR 30380). An explanation of the Clean Air Act requirements, a detailed analysis of the submittal, and the EPA’s reasons for proposing approval were provided in the notice of proposed rulemaking, and will not be restated here. The public comment period for the proposal ended July 30, 2018.

**II. Response to Comments**

We received three comments on the rulemaking. After reviewing the comments, we have determined that the comments are outside the scope of our proposed action and fail to identify any material issue necessitating a response. For more information, please see our memorandum included in the docket for this action.

**III. Final Action**

The EPA is approving Washington’s February 7, 2018, submission certifying that the SIP is sufficient to meet the interstate transport requirements of Clean Air Act section 110(a)(2)(D)(i)(I), specifically prongs one and two, as set forth in the proposed rulemaking for this action.

**IV. Statutory and Executive Order Reviews**

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Clean Air Act and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting federal requirements and does

not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because actions such as SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because this action does not involve technical standards; and
- Does not provide the EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land and is also not approved to apply in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by October 19, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a

petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (See section 307(b)(2)).

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

**Authority:** 42 U.S.C. 7401 *et seq.*

Dated: August 7, 2018.

**Chris Hladick,**

*Regional Administrator, Region 10.*

For the reasons set forth in the preamble, 40 CFR part 52 is amended as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

- 1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart WW—Washington**

- 2. In § 52.2470, table 2 in paragraph (e) is amended by adding the entry “Interstate Transport for the 2012 PM<sub>2.5</sub> NAAQS” immediately below the entry “Interstate Transport for the 2008 Ozone NAAQS” to read as follows:

**§ 52.2470 Identification of plan.**

BILLING CODE 6560-50-P

**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 52****[EPA-R10-OAR-2018-0214, FRL-9982-59—Region 10]****Air Plan Approval; ID, Incorporations by Reference Updates and Rule Revisions****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** EPA is taking final action to approve revisions to Idaho's State Implementation Plan (SIP) submitted by the Idaho Department of Environmental Quality (IDEQ) on March 20, 2018 and April 12, 2018. The submitted revisions update incorporation by reference of Federal regulations in the Idaho's rules. The revisions also remove an interim regulation that expired in 2003.

**DATES:** This final rule is effective September 19, 2018.

**ADDRESSES:** EPA has established a docket for this action under Docket ID No. EPA-R10-OAR-2018-0214, at <http://www.regulations.gov>. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

**FOR FURTHER INFORMATION CONTACT:** Randall Ruddick at (206) 553-1999, or [ruddick.randall@epa.gov](mailto:ruddick.randall@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Throughout this document, wherever "we," "us," or "our" is used, it is intended to refer to EPA.

**Table of Contents**

- I. Background
- II. Final Action
- III. Incorporation by Reference
- IV. Statutory and Executive Orders Review

**I. Background**

On March 20, 2018, the Idaho Department of Environmental Quality (IDEQ) submitted revisions to the SIP

provisions that incorporate by reference (IBR) various portions of Federal regulations codified in the Code of Federal Regulations (CFR) into the Rules for the Control of Air Pollution in Idaho (IDAPA 58.01.01). Additionally, on April 12, 2018, Idaho submitted a separate SIP revision to remove an expired interim transportation conformity provision.

On June 29, 2018, EPA proposed to approve Idaho's March 20, 2018, and April 12, 2018, SIP submissions. Please see the proposed approval for further explanation (83 FR 30626). The public comment period for our proposed action ended July 30, 2018. We received three electronic comments submitted through <https://www.regulations.gov>. We reviewed the comments and have determined that they are not clearly related to the subject of this action and thus are not adverse to this action. Therefore, we are finalizing our action as proposed.

**II. Final Action**

EPA is approving, and incorporating by reference where appropriate, in Idaho's SIP, all revisions to IDAPA 58.01.01.107 *Incorporations by Reference* (state effective March 28, 2018), except .03.f through .p, as requested by Idaho on March 20, 2018. EPA is also approving, as requested by Idaho on April 12, 2018, removal of IDAPA 58.01.01.582 *Interim Conformity Provisions for Northern Ada County Former Nonattainment Area for PM 10* from the Idaho SIP. We have determined that the submitted SIP revisions are consistent with section 110 and parts C and part D of Title I of the CAA.

**III. Incorporation by Reference**

In this rule, EPA is approving regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is incorporating by reference the provisions described above in Section II. Final Action and set forth below, as amendments to 40 CFR part 52.

Also in this rule, EPA is removing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is removing the incorporation by reference of IDAPA 58.01.01.582 as described in Section II. Final Action and set forth below, as amendments to 40 CFR part 52.

EPA has made, and will continue to make, these documents generally available electronically through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region 10 office (please contact the person identified in the **FOR FURTHER**

**INFORMATION CONTACT** section of this preamble for more information).

**IV. Statutory and Executive Orders Review**

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because it does not involve technical standards; and
- does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
