FEDERAL RESERVE SYSTEM

Agency Information Collection Activities: Announcement of Board Approval Under Delegated Authority and Submission to OMB

AGENCY: Board of Governors of the Federal Reserve System.
SUMMARY: The Board of Governors of the Federal Reserve System (Board) is adopting a proposal to extend for three years, without revision, the Recordkeeping Requirements Associated with Changes in Foreign Investments (Made Pursuant to Regulation K) (FR 2064; OMB No. 7100–0109).

SUPPLEMENTARY INFORMATION: On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instrument(s) are placed into OMB’s public docket files. The Board may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Final approval under OMB delegated authority of the extension for three years, without revision, of the following information collection:

Report title: Recordkeeping Requirements Associated with Changes in Foreign Investments (Made Pursuant to Regulation K).

Agency form number: FR 2064.
OMB control number: 7100–0109.
Frequency: On occasion.
Respondents: Internationally active U.S. banking organizations (member banks, Edge Act and agreement corporations, and bank holding companies).

Estimated number of respondents: 20.
Estimated average hours per response: 2.
Estimated annual burden hours: 160.
General description of report: Internationally active U.S. banking organizations are required to maintain adequate internal records to demonstrate compliance with the investment provisions contained in Subpart A of Regulation K (12 CFR part 211).

Legal authorization and confidentiality: This collection of information is authorized pursuant to section 5(c) of the Bank Holding Company Act (12 U.S.C. 1844(c)); sections 25 and 25A of the Federal Reserve Act (12 U.S.C. 602 and 625). The recordkeeping requirements are mandatory. Because the Federal Reserve does not collect these records, an issue of confidentiality under the Freedom of Information Act (FOIA) is unlikely to arise. FOIA, however, may be implicated if the Federal Reserve’s examiners retain a copy of the records in their examination or supervision of the institution. Any such records would be exempt from disclosure pursuant to exemption 8 of FOIA (5 U.S.C. 552(b)(b)). Exemption 4 to FOIA, which protects confidential financial information, may also be applicable. (5 U.S.C. 552(b)(4)).

Current actions: On May 22, 2018, the Board published a notice in the Federal Register (83 FR 23682) requesting public comment for 60 days on the extension, without revision, of the FR 2064. The comment period for this notice expired on July 23, 2018. The Board did not receive any comments.

Ann Misbach,
Secretary of the Board.

Information Collection: Subcontract Consent and Contractors’ Purchasing System Review

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations, the FAR Council invites the public to comment upon a renewal concerning consent to subcontract, advance notification, and Contractors’ purchasing system review.

DATES: Submit comments on or before October 22, 2018.

ADDRESSES: The FAR Council invites interested persons to submit comments on this collection by either of the following methods:

A CPSR provides the administrative contracting officer (ACO) a basis for granting, withholding, or withdrawing approval of a contractor’s purchasing system. An approved purchasing system allows the contractor more autonomy in subcontracting actions. Without an approved purchasing system, Government oversight is necessary, and Government consent to subcontract is required. Generally, a CPSR is not performed for a specific contract. The head of the agency responsible for contract administration may raise or lower the $25 million review level if it is considered to be in the Government’s best interest. Once an initial determination has been made to conduct a review, at least every three years the ACO shall determine whether a purchasing system review is necessary. If necessary, the cognizant contract administration office will conduct a purchasing system review.

identified above. For example, the Defense Contract Management Agency (DCMA) Contractor Purchasing System Review Group is a group dedicated to conducting CPSRs for the Department of Defense. As of June 2014 the group’s review workload included more than 700 contractors worldwide.

The cognizant ACO is responsible for granting, withholding, or withdrawing approval of a contractor’s purchasing system and for promptly notifying the contractor of same (FAR 44.305–1).

Related administrative requirements are as follows: FAR 44.305–2(c) requires that when recommendations are made for improvement of an approved system, the contractor shall be requested to reply within 15 days with a position regarding the recommendations. FAR 44.305–3(b) requires when approval of the contractor’s purchasing system is withheld or withdrawn, the ACO shall within 10 days after completing the in-plant review (1) inform the contractor in writing, (2) specify the deficiencies that must be corrected to qualify the system for approval, and (3) request the contractor to furnish within 15 days a plan for accomplishing the necessary actions. If the plan is accepted, the ACO shall make a follow-up review as soon as the contractor notifies the ACO that the deficiencies have been corrected.

Mine Safety and Health Research Advisory Committee (MSHRAC), Metal Mining Automation and Advanced Technologies (MMAAT) Workgroup

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, the CDC announces the following meeting for the Mine Safety and Health Research Advisory Committee (MSHRAC), Metal Mining Automation and Advanced Technologies (MMAAT) Workgroup. This meeting is open to the public, limited only by the space available. The public is welcome to submit written comments in advance of the meeting to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting.

DATES: The meeting will be held on September 10, 2018, 8:00 a.m. to 4:00 p.m. MDT; and September 11, 2018, 8:00 a.m. to 12:00 noon MDT.

ADDRESSES: University of Colorado, Anschutz Medical Campus, 13001 E 17th Place, Aurora, CO 80045. On September 10, the meeting will be held in the Krugman Conference Hall, and on September 11 in the Education 2 South Auditorium, both on that campus.

FOR FURTHER INFORMATION CONTACT:
Todd Ruff, MMAAT Workgroup Designated Federal Officer, NIOSH, CDC, 315 E Montgomery Avenue, Spokane, Washington 99207, Telephone (509) 354–8003; Email ters@cdc.gov.

SUPPLEMENTARY INFORMATION: Purpose: This meeting will focus on emerging health & safety issues associated with the implementation of automation and advanced technology in the U.S. metal mining industry. The meeting is designed to identify to what extent automation and smart technologies will be implemented in metal mining and in what timeframe; to identify the related emerging health & safety concern; and to identify what gaps exist in occupational health & safety research related to automation and smart technologies.

Matters to be Considered: The agenda will include updates on the state-of-the-art in mining automation and case studies on implementing automation at mine sites. The updates will be followed by panel discussions regarding: (1) Human factors considerations, (2) risk management, (3) automated haulage, (4) sensor technology, and (5) data analytics. Each panel will seek input and discuss the health and safety implications associated with these various topics, and identify gaps for further study. Agenda items are subject to change as priorities dictate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign Federal Register notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Sherri A. Berger,
Chief Operating Officer, Centers for Disease Control and Prevention.
