

extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 1.36 hours per response. Burden is defined in 5 CFR 1320.3(b).

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Respondents/Affected Entities: Entities potentially affected by this ICR are persons who currently possess PCB items, PCB-contaminated equipment, or other PCB waste.

Estimated total number of potential respondents: 548,298.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 745,926 hours.

Estimated total annual costs: \$34,581,690. This includes an estimated burden cost of \$34,581,690 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is no change in the total estimated respondent burden (745,926 hours) from that currently in the OMB inventory. The changes in the total annual respondent reporting and recordkeeping costs are due to updates to the most current wage rate data. The up-to-date wage rates and the change from the previous ICR are as follows:

- Manager—new rate, \$77.86; prior rate, \$77.81; (less than 1 percent) percent increase).
- Clerical—new rate, \$37.76; prior rate, \$30.36 (24 percent increase).
- Professional/technical—new rate, \$78.33; prior rate, \$64.55 (21 percent increase).

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical

person listed under **FOR FURTHER INFORMATION CONTACT**.

In addition to referencing "Comments/No. 2018-N-09," please reference "Reasonable Accommodation and Personal Assistance Services Information System (FHFA-18)."

All comments received will be posted without change and will include any personal information you provide, such as name, address (mailing and email), telephone numbers, and any other information you provide.

II. Introduction

This notice informs the public of FHFA's proposed revisions to an existing system of records. This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when there is an addition or change to an agency's systems of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. The Director of FHFA has determined that records and information in this system of records is not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to section 7 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," dated December 23, 2016 (81 FR 94424 (Dec. 23, 2016)), prior to publication of this notice, FHFA submitted a report describing the system of records covered by this notice to the Office of Management and Budget, the Committee on Oversight and Government Reform of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate.

III. Revised Systems Of Records

The "Reasonable Accommodation Information System" (FHFA-18) system of records is being revised to change the system name, address new records that will be collected, update the system's purpose, add one new routine use, and make non-substantive edits. The system's new name will be "Reasonable Accommodation and Personal Assistance Services Information System." The current purpose of the system is to collect and maintain records from individuals who request a reasonable accommodation. FHFA is proposing to expand the purpose of the system to include records collected and maintained from individuals who request personal assistance services. The revised routine use updates the language for the disclosure of records
