

Estimated Number of Respondents:

C-700 = 8,500
 C-700(R) = 3,900
 C-700(SL) = 11,000
 C-700(F) = 1,600
 Total = 25,000

Estimated Time per Response: 30 min for the first month; and 10 min for the subsequent months. We estimate that, on average, projects remain in sample for 12 months.

Estimated Total Annual Burden Hours: 58,333.

Estimated Total Annual Cost to Public: \$0. (This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. 131 and 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer.

Drawn Stainless Steel Sinks From the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD) orders on drawn stainless steel sinks from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD and CVD orders.

DATES: Applicable August 28, 2018.

FOR FURTHER INFORMATION CONTACT: Joshua Tucker at (202) 482-2044, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

In March 2018, Commerce¹ and the ITC instituted² five-year (sunset) reviews of the AD and CVD orders on drawn stainless steel sinks from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the AD order on drawn stainless steel sinks from China would likely lead to the continuation or recurrence of dumping,³ and that revocation of the CVD order would likely lead to the continuation or recurrence of countervailable subsidies.⁴ Commerce, therefore, notified the ITC of the magnitude of the

² See *Drawn Stainless Steel Sinks from China; Institution of Five-Year Reviews*, 83 FR 8887 (March 1, 2018).

³ See *Drawn Stainless Steel Sinks from the People's Republic of China: Final Results of the Expedited First Sunset Review of the Antidumping Duty Order*, 83 FR 34544 (July 20, 2018) (*Dumping Final*).

⁴ See *Drawn Stainless Steel Sinks from the People's Republic of China: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order*, 83 FR 35212 (July 25, 2018).

margins of dumping and net countervailable subsidy rates likely to prevail were the AD and CVD orders revoked.⁵

On August 20, 2018, the ITC published its determinations, pursuant to sections 751(c) and 752 of the Act, that revocation of the AD and CVD orders on drawn stainless steel sinks from China would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁶

Scope of the Orders

The merchandise covered by the orders includes drawn stainless steel sinks with single or multiple drawn bowls, with or without drain boards, whether finished or unfinished, regardless of type of finish, gauge, or grade of stainless steel. Mounting clips, fasteners, seals, and sound-deadening pads are also covered by the scope of this order if they are included within the sales price of the drawn stainless steel sinks.⁷ For purposes of this scope definition, the term "drawn" refers to a manufacturing process using metal forming technology to produce a smooth basin with seamless, smooth, and rounded corners. Drawn stainless steel sinks are available in various shapes and configurations and may be described in a number of ways including flush mount, top mount, or undermount (to indicate the attachment relative to the countertop). Stainless steel sinks with multiple drawn bowls that are joined through a welding operation to form one unit are covered by the scope of the order. Drawn stainless steel sinks are covered by the scope of the orders whether or not they are sold in conjunction with non-subject accessories such as faucets (whether attached or unattached), strainers, strainer sets, rinsing baskets, bottom grids, or other accessories.

Excluded from the scope of the orders are stainless steel sinks with fabricated bowls. Fabricated bowls do not have seamless corners, but rather are made by notching and bending the stainless steel, and then welding and finishing the vertical corners to form the bowls. Stainless steel sinks with fabricated bowls may sometimes be referred to as "zero radius" or "near zero radius"

⁵ *Id.* and *Dumping Final*.

⁶ See *Drawn Stainless Steel Sinks from China; Determination*, 83 FR 42140 (August 20, 2018).

⁷ Mounting clips, fasteners, seals, and sound-deadening pads are not covered by the scope of this order if they are not included within the sales price of the drawn stainless steel sinks, regardless of whether they are shipped with or entered with drawn stainless steel sinks.

sinks. The products covered by these orders are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the AD and CVD orders would likely lead to a continuation or a recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD and CVD orders on drawn stainless steel sinks from China. U.S. Customs and Border Protection (CBP) will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year review of these orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

These five-year (sunset) reviews and notice are in accordance with sections 751(c) and published pursuant to section 777(i) the Act and 19 CFR 351.218(f)(4).

Dated: August 22, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Quartz Surface Products From the People's Republic of China: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

DATES: Applicable August 28, 2018.

FOR FURTHER INFORMATION CONTACT: Andrew Medley, Blaine Wiltse, or Whitley Herndon at (202) 482-4987, (202) 482-6345, or (202) 482-6274, respectively; AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On May 7, 2018, the Department of Commerce (Commerce) initiated a less-than-fair value (LTFV) investigation of imports of certain quartz surface products from the People's Republic of China.¹ Currently, the preliminary determination is due no later than September 24, 2018.

Postponement of the Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, and determines that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless

¹ See *Certain Quartz Surface Products from the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 83 FR 22613 (May 16, 2018).

it finds compelling reasons to deny the request.

On July 24, 2018, Cambria Company LLC (the petitioner) submitted a timely request that we postpone the preliminary determination in this LTFV investigation.² In its request, the petitioner cited its need to review and identify any deficiencies in the respondents' initial questionnaire responses and Commerce's need to issue and receive supplemental questionnaires prior to the preliminary determination. Thus, in accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 733(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary to no later than 190 days after the date on which this investigation was initiated, *i.e.*, November 13, 2018. Pursuant to section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 22, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
