sinks. The products covered by these orders are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the AD and CVD orders would likely lead to a continuation or a recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD and CVD orders on drawn stainless steel sinks from China. U.S. Customs and Border Protection (CBP) will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the Federal Register of this notice of continuation. Pursuant to section 751(c)(2) of the Act, Commerce intends to initiate the next five-year review of these orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions. These five-year (sunset) reviews and notice are in accordance with sections 751(c) and published pursuant to section 777(i) the Act and 19 CFR 351.218(f)(4).

Certain Quartz Surface Products From the People’s Republic of China: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUPPLEMENTARY INFORMATION:

Background

On May 7, 2018, the Department of Commerce (Commerce) initiated a less-than-fair value (LTFV) investigation of imports of certain quartz surface products from the People’s Republic of China.1 Currently, the preliminary determination is due no later than September 24, 2018.

Postponement of the Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, and determines that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 24, 2018, Cambria Company LLC (the petitioner) submitted a timely request that we postpone the preliminary determination in this LTFV investigation.2 In its request, the petitioner cited its need to review and identify any deficiencies in the respondents’ initial questionnaire responses and Commerce’s need to issue and receive supplemental questionnaires prior to the preliminary determination. Thus, in accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 733(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 190 days after the date on which this investigation was initiated, i.e., November 13, 2018. Pursuant to section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Countervailing Duty Investigation of Steel Racks From the People’s Republic of China: Postponement of Preliminary Determination

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2018, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of steel racks from the People’s Republic of China. Currently, the preliminary determination is due no later than September 13, 2018.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, and determines that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compounding reasons to deny the request.

On August 9, 2018, the petitioner submitted a timely request that Commerce postpone the preliminary determination. The petitioner states that it requests postponement of the preliminary determination because the scope of the investigation does not coincide exactly with any particular HTS category, it has been time-consuming for Commerce to identify the largest producers of subject imports, and, at the time of the petitioner’s request, Commerce had not yet been able to designate mandatory respondents. The petitioner states that the postponement would allow sufficient time for Commerce to conduct a full investigation regarding the subsidy benefits received by Chinese producers and exporters of subject racks.

In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which the investigation was initiated, i.e., November 19, 2018. Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
