BILLING CODE 9110-9F-P

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS-2018-0017]

Privacy Act of 1974; System of Records

AGENCY: Department of Homeland Security, Transportation Security Administration.

ACTION: Notice of a modified system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security (DHS) proposes to modify and reissue a current DHS system of records titled, “DHS/Transportation Security Administration-001 Transportation Security Enforcement Record System System of Records.” This system of records allows DHS/Transportation Security Administration (TSA) to collect and maintain records related to the TSA’s screening of passengers and property, as well as records related to the investigation or enforcement of transportation security laws, regulations, directives, or Federal, State, local, or international law. For example,

records relating to an investigation of a security incident that occurred during passenger or property screening would be covered by this system. DHS is updating this system of records notice to cover records relating to the TSA Insider Threat program, modify the category of individuals and category of records, reflect an approved records retention schedule for records covered by this system, and modify two existing routine uses. Additionally, this notice includes non-substantive changes to simplify the formatting and text of the previously published notice. The existing Privacy Act exemptions for this system of records will continue to apply.

This modified system will be included in DHS’s inventory of record systems.

DATES: Submit comments on or before September 27, 2018. This modified system will be effective upon publication. New or modified routine uses for this modified system of records will be effective September 27, 2018.

ADDRESSES: You may submit comments, identified by docket number DHS-2018-0017 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* 202-343-4010.
- *Mail:* Philip S. Kaplan, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528-0655.

Instructions: All submissions received must include the agency name and docket number DHS-2018-0017. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For general questions, please contact: Peter Pietra, TSAPrivacy@tsa.dhs.gov, Privacy Officer, Transportation Security Administration, 701 South 12th Street, Arlington, VA 20598-6036. For privacy questions, please contact: Philip S. Kaplan, Privacy@hq.dhs.gov, (202) 343-1717, Chief Privacy Officer, Privacy Office, Department of Homeland Security, Washington, DC 20528-0655.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, DHS/TSA proposes to modify and reissue a current DHS system of records notice (SORN) titled, “DHS/TSA-001 Transportation Security

Enforcement Record System System of Records.”

This modification more clearly identifies that this SORN contains records relating to the TSA Insider Threat program. In furtherance of TSA’s responsibility for security in all modes of transportation and to ensure the adequacy of security measures at airports and other transportation facilities pursuant to its establishing legislation, the Aviation and Transportation Security Act (ATSA), Public Law 107-71, 49 U.S.C. 114(d) and (f), provides authority for TSA to establish its Insider Threat program in order to deter, detect, and mitigate insider threats to TSA’s personnel, operations, information, critical infrastructure, and transportation sectors subject to TSA authorities. For purposes of this TSA system of records, “insider threats” are, or present themselves to be, current or former transportation sector workers (including both TSA and private sector personnel) and individuals employed or otherwise engaged in providing services requiring authorized access to transportation facilities, assets, or infrastructure who intend to cause harm to the transportation domain.

This system of records is being modified to: Cover records relating to the TSA’s Insider Threat program; include a new category of individuals and category of records; reflect an approved records retention schedules for records covered by this system; and change existing routine uses. The category of individuals covered under this SORN will be modified to reflect that the system may contain information on both current and former owners, operators, and employees in all modes of transportation for which DHS/TSA has security-related duties; and will also cover individuals who have access to Sensitive Security Information (SSI) and are “covered persons” under the Sensitive Security Information regulation, 49 CFR part 1520.7. The category of records in this SORN will be modified to include place of birth; Government-issued identification; citizenship; results of any law enforcement, criminal history record, or open source checks; employment information and work history; and security and access clearances and background investigation information. This SORN also reflects that the applicable records retention schedules are approved by the National Archives and Records Administration (NARA). This SORN modifies routine uses “E” and “F” to be in conformity with Office of Management and Budget Memorandum M-17-12. This SORN
